Lincoln LifeEnhance® Accelerated Benefits Rider

Rider Termination: The rider will terminate on the first of the following to occur:

- Requested in writing
- The Policy's Specified Amount including the death benefit of any in-force Supplemental Term Insurance Rider on Primary Insured exceeds the Specified Amount Limit in the Policy Specifications
- A Chronic Illness one-time lump sum payment is made (terminates the policy)
- The Remaining Benefit Amount is reduced to zero (terminates the policy).
- Termination of the Policy
- Death of the Insured

In addition, if an accelerated benefit has been received, the rider will terminate on the earliest of:

- The date a partial surrender is taken; or
- The date a loan is taken under the Policy.

Lincoln LifeAssure® Accelerated Death Benefits

Rider Termination: The rider will terminate on the first of the following to occur:

- Requested in writing;
- The Policy's Specified Amount and the Remaining Benefit Amount are reduced to zero, which will cause termination of both the rider and the policy;
- The Remaining Benefit Amount is reduced to zero;
- Termination of the Policy;
- Death of the Insured.

Important information:

This rider is not long-term care insurance nor is it intended to replace the need for long-term care insurance. The benefits are supplementary to the primary need for death benefit protection. The rider may not cover all of the costs associated with the chronic illness of the insured. The benefits of the rider are limited by the policy's death benefit at the time of claim; long-term care insurance does not typically contain this limitation.

Tax qualification:

The benefits paid under this rider are intended to be treated as accelerated death benefits under section 101(g)(1) of the Internal Revenue Code of 1986, as amended (the "Code"). The Company considers the benefits paid under this rider that do not exceed the maximum Per Diem Limit as prescribed by law to be eligible for exclusion from income under section 101(a) of the Code to the extent that all applicable qualification requirements under the Code are met. If the benefits are paid in excess of the applicable Per Diem Limit, or if benefits are paid and all applicable qualification requirements are not met, the benefits may constitute taxable income to the recipient. This rider is not intended to be a qualified long-term care insurance contract under section 7702(b) of the Code. The tax treatment of the accelerated death benefits may change, and you should always consult and rely on the advice of a qualified tax advisor.
