Policy Details

Description

AccumUL Answers is a universal life policy designed to provide you with:

- Permanent life insurance coverage that may last for your lifetime
- Cash value¹ that can be accessed for future expenses²
- Flexibility for the future

Issue Ages

0-85

Minimum Initial Death Benefit

\$25,000 for Standard risk class

\$100,000 for all other risk classes

Death Benefit Options

Level (Option 1) – Your death benefit will stay the same throughout your policy.

Increasing (Option 2) – Your death benefit may increase over time and will equal your specified amount of insurance plus the policy's accumulation value.

Premium Payments

Your policy premiums are flexible, meaning that you can increase or decrease the amount of your payment. The more you choose to pay, the greater your cash value¹ accumulation may be. As long as your surrender value is sufficient to cover your monthly deductions, your policy will remain in force.

No-Lapse Protection

Two levels of no-lapse protection are available:

- By paying premiums equal to or above the short-term no-lapse protection premium, you are guaranteed that your death benefit will last for five years.
- By paying premiums equal to or above the long-term no-lapse protection premium,³ you are guaranteed that your death benefit will last:
 - For 30 years (for ages 0-55)
 - To age 80 (for ages 56-79)

After the no-lapse protection period, your policy can continue on a non-guaranteed basis.

Accumulation Value

Your policy has an accumulation value that will earn interest at a current interest rate, which will never be less than 2%.

Access to Your Cash Value¹

You have access to your cash value¹ through income-tax-free loans and withdrawals.^{2,4}

²Any policy withdrawals, loans and loan interest will reduce policy values and benefits.

³The long-term no-lapse protection premium is not available for insureds age 80 or above.

⁴For federal income tax purposes, tax-free income assumes (1) withdrawals do not exceed tax basis (generally, premiums paid less prior withdrawals); and (2) the policy does not become a modified endowment contract.
