

**A step-by-step guide to completing
Athene's Customer Identification and
Suitability Confirmation Worksheet**

Driven to do more.  **ATHENE**

For financial professional use only. Not to be used with the offer or sale of annuities.

This material is provided by Athene Annuity and Life Company (61689) headquartered in West Des Moines, Iowa, which issues annuities in 49 states (excluding NY) and D.C., and Athene Annuity & Life Assurance Company of New York (68039) headquartered in Pearl River, New York, which issues annuities in New York.

When it comes to annuities, "one size does not fit all."

Since no two clients are alike and no two retirement goals are the same, Athene is committed to helping you match your clients with an annuity solution that will help them reach their own unique financial objectives.

An annuity can be a valuable addition to a client's overall portfolio. But it isn't right for everyone. Because it is necessary that your recommendations for the purchase or exchange of an annuity product be appropriate for each individual client's circumstances, it is your duty to uncover to the best of your ability any relevant information pertaining to the sale.

Athene provides a **Customer Identification and Suitability Confirmation Worksheet (form 17341)** to assist you with fact finding. This worksheet, available for download on [Athene Connect](#), must be filled out completely and accompany all Athene annuity applications.*

This guide will take you step-by-step through the worksheet in order to help you obtain the most accurate depiction of your clients' financial situation, lifestyle and objectives.

Client satisfaction is our priority. Providing as much detailed information as possible will help make the best possible recommendation for your client and ultimately lead to appropriate annuity sales and satisfied customers.

Florida and New York require their own suitability form and product comparison worksheet for applications written in their state. Please remember that it is your obligation to provide a signed and completed copy to each customer by the time of contract delivery.

*Your organization may not use Athene's Customer Identification and Suitability Confirmation Worksheet. Please check with your back office for guidelines.

Customer Identification and Suitability Confirmation Worksheet

It is important to get a complete picture of your client's financial situation. If additional space is needed, you may attach additional sheets or provide a cover letter of explanation to the worksheet (form 17341)

SOURCE OF FUNDS

Question H If funds are coming from a replacement source, select all that apply. If "other" is selected, please provide a description for the true source of funds. If no funds are coming from a replacement source, "not applicable" must be selected.

If funds are transferred from an existing annuity or life insurance policy four months prior to, or 13 months after, the purchase of a new annuity contract, the transaction will be considered a replacement, even if the funds have been placed in another funding source prior to being sent to Athene.

Question I If funds are coming from a non-replacement source, select all that apply. If "other" is selected, please provide a description for the true source of funds. If no funds are coming from a non-replacement source, "not applicable" must be selected.

If checking/savings is selected and Athene will receive \$250,000 or more from that source, please provide a written explanation to describe the origin of those funds.

If funds are coming from a non-replacement source and there are penalties associated with the funding source, please complete the table provided. Penalties include processing fees, forfeiture fees and other costs or fees.

Question J Owning a reverse mortgage does not prevent a client from purchasing an Athene annuity. Athene, however, does not allow financed purchases, including reverse mortgages or home equity loans, to be used as premium to purchase an annuity.

FINANCIAL STATUS

Question K All highlighted questions are required and will result in delays in processing if not completed. If the question does not apply, please place a "0", "N/A" or "-" in the box. Blanks are not an acceptable answer and will require corrections from the customer.

All non-highlighted questions are optional and may be used to help when calculating the contract owner's financial information. Athene will not review this information as part of the assessment.

Questions L This should include all assets for the owner and their household excluding primary residence, automobiles and personal property. Personal property examples are: Guns, furniture, appliances, other household items, clothing, jewelry, etc. This should include all liquid non-annuity assets, non-liquid non-annuity assets, liquid annuity assets and liquid non-annuity assets.

Question M Please include total liabilities and debt for the owner and their household (excluding mortgage and automobile debt). If the household has no liabilities or debt, please place a "0", "N/A" or "-" in the box. Blanks are not an acceptable answer and will require corrections from the customer.

Question N Value of question L minus question M. Please double check the math. L minus M should equal the value listed in question N. If it does not, corrections from the customer will be required.

RED FLAG
If the funds to purchase the new annuity, plus the total value of all other existing Athene annuities and non-Athene annuities, represents more than 50% of the contract owner(s)' household net worth, we may require additional information.

RED FLAG

When completing questions K thru Q, please double check your math. Any math errors or inconsistencies may delay processing and be required to be corrected by the customer.

Athene specializes in innovative high-value fixed annuities that help meet your clients' long-term financial goals. We see every day as an opportunity to set the bar even higher by providing training and sales support you can count on to grow your business.

A decision to recommend the purchase or exchange of an annuity should be based on a careful analysis of the information gathered from your client. By making sure your clients understand the features, benefits, risks and costs associated with the annuity, you can help ensure customer satisfaction and protect your business.

If you have questions regarding the appropriateness of an Athene product, please visit the Rules & Guidelines page on [Athene Connect](#) where you can find helpful information and additional tools for writing new business.

You may also contact your Athene sales partners. While we cannot make a determination that a recommendation would satisfy the applicable standard of care over the phone, we are happy to discuss each individual case and let you know of any questions or concerns we may have based on the information you share.
