AccumUL AnswersSM

Life insurance that
works for your life.

Your family is the most important thing in the world.

You want to make sure they are taken care of if something should happen to you. An AccumUL AnswersSM policy offers you the security of a death benefit and flexibility for the future.

AccumUL AnswersSM is a life insurance policy that is designed to work for your life.

Protect your loved ones

AccumUL AnswersSM offers you affordable, lasting protection. This means that if you should die unexpectedly, your loved ones would be protected financially. They would receive an income tax-free death benefit¹ which may be used for income replacement, final expenses, your children's college education or for any other purpose.

Your policy's death benefit and premium payment amounts ultimately depend on your personal needs. You get to customize your policy to fit within your budget; and, the coverage and premium amounts can be adjusted in the future as your life changes.²

And, unlike policies that are designed to last for 10, 20 or 30 years, an AccumUL AnswersSM policy provides you with permanent protection, provided enough premium has been paid.

Plan for your future

An AccumUL AnswersSM universal life insurance policy also has benefits that can be used during your lifetime.

In addition to helping protect your loved ones with a death benefit, your policy also has the potential to accumulate a cash value.³ This provides you with flexibility down the road if your coverage needs change.

Your policy also comes with an additional living benefit, available at no additional charge, that allows you to access part of your death benefit early if you are diagnosed with a terminal or chronic illness.

Customize your coverage

AccumUL AnswersSM offers a variety of riders, available at an additional cost. These riders allow you to tailor your policy to meet your specific needs:

Accidental Death Benefit Rider – Your loved ones will receive an additional amount if your death is the result of an accident.

Additional Insured Term Rider – You can add additional short-term protection on your family members, or even on yourself.

Dependent Children's Rider – You can include coverage on your children (infant through 20 years). This coverage can be converted to permanent coverage in the future, helping your child secure their insurability later in life.

Disability Waiver of Policy Charges Rider* – Your monthly deductions will be waived if you become disabled for six months.

Disability Continuation of Planned Premium Rider* – A specified monthly amount of premium will be contributed to your policy if you become disabled for six months.

Guaranteed Insurability Rider – You have the option to periodically increase your coverage amount without additional underwriting.
