Critical Illness Insurance, Cancer Insurance & Heart Attack/Stroke Insurance

These products provide a lump-sum cash benefit upon diagnosis of cancer, heart attack or stroke, or a critical illness. Policy benefits can be used any way the client chooses, giving them extra cash to help pay medical and nonmedical expenses, including:

- Replacing lost income while they're off work
- Continuing to pay ongoing expenses, like mortgage payments, groceries and utilities
- Paying health insurance deductibles and copayments
- Hiring home health care or child care services
- Traveling to receive treatment

Dependent Child and Partner Conversion Option

We offer a conversion policy to a covered dependent if:

- Dependent child coverage under this policy ends because a dependent child is no longer eligible for coverage
- Partner coverage ends under policy due to change in marital status or end of partnership

The former dependent child must apply for and pay for the new policy within 30 days after the end of the original coverage. Upon receipt of the completed application, a conversion policy will be issued for the dependent child or partner that is most comparable to the original policy. Benefits under the new policy may be less than provided by the original policy. Any benefit paid to that dependent will be applied any benefit limits to conversion policy. Any waiting or probationary periods on the new policy will be reduced by the number of months already satisfied for the policy.

Partner Continuation of Insurance

If the primary insured's policy ends, the policy can continue with the covered partner as the primary insured for any reason other than:

- Cancellation of the policy
- Non-payment of premium
- End of policy term limit
- A diagnosis of cancer during the 30-day probationary period for cancer

Your partner must notify us in writing of their wish to use this option and pay required premium for the policy within 60 days after the end of the original policy. Continuation of coverage is subject to all policy provisions.

Completing the Application

Application Completion Requirements

- Applications must be completed in ink. Typewritten applications bearing the applicant's handwritten signature will be accepted
- Any corrections or alterations to the application must be made in the presence of and initiated by the applicant, not the agent. Changes made with corrective tape or fluids will not be accepted
- No application will be accepted that has been altered or corrected with regard to the signature of the proposed insured, the date signed, or the licensed agent's signature
- Backdating an application will not be accepted
- We do not allow Power of Attorney signatures

Assisting Non-English Speaking Applicants

If you and the applicant are not fluent in the same language, an interpreter must be present to translate all questions and responses.

- It is the applicant's responsibility to have an interpreter available to meet with you when the application is completed. The applicant may choose an interpreter, but the interpreter cannot be a family member, beneficiary or someone who would benefit from the issuance of a policy. You may serve as an interpreter if you and the applicant are fluent in the same language
- In addition to questions on the application and the applicant's responses, the interpreter is required to translate all comments you make as well as information contained in marketing materials and forms
- With the assistance of an interpreter, you should ask the applicant to sign the application and the Producer or Witness Certification form (MLU25947)
- Be sure to include a note with the application that a translator will be needed for the health interview and indicate what language

Checking Case Status

Incomplete Applications

- If we are unable to complete our underwriting requirements within 60 days of the application date, we must close the file as incomplete and any premium collected will be destroyed
- A letter of explanation is sent to the agent and the applicant to inform them that insurance is not in force as a result of an incomplete application

Appealing an Underwriting Decision

- Applications that are declined or issued other than applied for are eligible for reconsideration through an appeal process
- Three years of medical records required if a health question is answered yes on the application and the client now feels the answer should be no in order to be considered
- To ensure privacy, the specific reason for a policy being declined or issued other than applied for is shared only with the applicant
- After reviewing the letter with the applicant please review the information in this guide for our handling of the applicant's condition(s)
- If the applicant disagrees with the specific reason given in the letter, he or she has the right to submit additional information. Here's how the appeal process works:
 - A notice of appeal must be submitted in writing by the applicant and/or his or her physician within 60 days of receipt of the letter (some states vary slightly). Informal (verbal) appeals will be considered at the request of General Managers, District Sales Managers and Brokerage Managers
 - A decision letter will be sent to the applicant within 60 days of receipt of the appeal information
 - The 30-day period for review of the policy and billing notice of premium due are independent of the appeal process
- The application date will determine whether the original application can be used along with a Statement of Good Health or if a new application will be required

Declined Applications

When an application is denied, a letter will be sent to the applicant and any premium collected will be destroyed.

Replacements

Replacement of present insurance must conform to the replacement regulations for the applicant's state of residence.

- You should advise the proposed insured to continue premium payments on any present insurance until underwriting is completed and a policy is issued
- Make sure the proper forms are fully completed, paying special attention to the replacement questions, agent certification, the existing policy number and issuing company
- Replacement forms can be obtained from Sales Professional Access (SPA)

Downgrades

A downgrade reduces benefits. Downgrades can be requested by the policyholder in a letter containing his or her signature and date. The following downgrades are allowed:

- Decreasing the lump-sum benefit amount
- Removing a family member
- Removing coverage or riders

Conversion from Term Coverage

Mutual of Omaha allows the insured to convert a term benefit period to lifetime benefit period without underwriting after the third year and through the 10th year the policy is in force at current age.

• The term coverage maximum issue age is 54

Premium Processing

Premiums – At least one month's premium (no money orders or cashier's check accepted) must be submitted or authorized with the application. We do not allow collection on delivery.

- If the application is faxed, Bank Service Plan (BSP) must be utilized with the draft initial premium option
- Monthly direct billing is not available

Bank Service Plan (BSP) - Can be used to pay premiums on new and existing policies.

- Have the applicant complete the authorization in the application
- Send a voided check or provide banking information (routing & account information) on BSP authorization with the application
- For in force policies, send the form listing the policies already in force and a voided check. If your client has more than one policy, we will establish a convenient combined payment plan for all the policies to keep them in force with one monthly authorized payment. Please contact Policyowner Service for questions

Policy Issue and Delivery

Delivering the Policy – It's important to deliver the policy in person to build relationships with your clients and ensure they receive their policies in a prompt and reliable manner.

Non-Pre-Appointment States (All states except MT and PA)	Pre-Appointment States (MT and PA)
 If you are properly licensed in your state, you may solicit business prior to becoming appointed with Mutual of Omaha Applications must be submitted along with contracting paperwork. Each state has different rules on number of days to submit an appointment to the state Department of Insurance from the date the application is received Policies cannot be issued until the effective date of your appointment 	 You must be properly licensed and appointed with Mutual of Omaha BEFORE soliciting business If an application is dated prior to your appointment effective date, it will be rejected and a letter will be mailed to the applicant

Background Checks

All new agents are subject to a background check, which includes credit history, insurance department actions and federal and county criminal records.

- Be sure to disclose all information and answer each question on the information sheet truthfully. If answering "Yes" to any questions, an explanation (signed and dated by you) and any supporting documentation must accompany the contracting paperwork
- Background checks are conducted by an outside entity and typically take one to three business days. If an issue is found, you will be contacted in writing to resolve it, if possible
- No information regarding the finding of the background check can be discussed with your MGA
- If Mutual of Omaha declines to appoint you, both you and your MGA, if applicable, will be notified in writing

Errors and Omissions Insurance

Errors and Omissions insurance in the amount of \$1,000,000 per claim is required for Mutual of Omaha Insurance Company products.
