The Acceleration for Long-Term Care Agreement and Extension of Long-Term Care Benefits Agreement are tax qualified long-term care agreements that cover care such as nursing care, home and community based care, and informal care as defined in these agreements. These agreements provide for the payment of a monthly benefit for qualified long-term care services. These agreements are intended to provide federally tax qualified long-term care insurance benefits under Section 7702B of the Internal Revenue Code, as amended. However, due to uncertainty in the tax law, benefits paid under this agreement may be taxable.

The optional Long-Term Care Inflation Protection Agreement is available with 3% simple interest, 3% compound interest, 5% simple interest or 5% compound interest.

The death proceeds will be reduced by a long-term care or terminal illness benefit payment. Please consult a tax advisor regarding long-term care benefit payments, terminal illness benefit payments, or when taking a loan or withdrawal from a life insurance contract.

EXCLUSIONS AND LIMITATIONS

Eligibility for long-term care benefits includes satisfying a 90-day elimination period. This is a period of time (90 days) during which no long-term care benefits are payable following the date the insured is determined to be eligible for benefits. You are not eligible to receive benefits if your long-term care service needs are caused directly or indirectly by, result in whole or in part, from or during, or there is contribution from:

- alcoholism or drug addiction; or
- war or any act of war, while the insured is serving in the military, naval or air forces of any country at war, whether declared or undeclared; or
- active service in the armed forces or units auxiliary thereto; or
- the insured's active participation in a riot, insurrection or terrorist activity; or
- committing or attempting to commit a felony; or
- any attempt at suicide, or intentionally self-inflicted injury, while sane or insane.

PRE-EXISTING CONDITION LIMITATIONS

Pre-existing condition limitations refers to any condition or disease for which the insured received medical advice or treatment within six (6) months preceding the effective date of this policy for that same condition or disease or a related condition or disease. There does not need to be a specific diagnosis for the condition or disease for it to be considered a pre-existing condition. We will not pay benefits for qualified long-term care services needed in total or in part from a pre-existing condition or disease which is not disclosed in the application.

Qualified long-term care services received by the insured for a pre-existing condition during the first six (6) months that this policy is in force will not be counted toward the satisfaction of the elimination period.

SecureCare may not be available in all states. Product features, including limitations and exclusions, may vary by state. For costs and further details of coverage, including the terms and conditions under which the policy may be continued in force, contact your agent/representative.

Life insurance products contain fees, such as mortality and expense charges, and may contain restrictions, such as surrender periods.

SecureCare may not cover all of the costs associated with long-term care or terminal illness the insured incurs. This product is generally not subject to health insurance requirements, and does not provide long-term care insurance subject to state long-term care insurance law. This product is not a state-approved Partnership for Long-Term Care Program product, and is not a Medicare Supplement policy. Receipt of a long-term care or terminal illness benefit payment under this product may adversely affect eligibility for Medicaid or other government benefits or entitlements.
