

FIXED ANNUITIES

The Lincoln Leader

SEPTEMBER 24, 2021

VOLUME 14, ISSUE 9

Lincoln OptiBlend® fixed indexed annuity – new indexed accounts featuring BlackRock global index BlackRock Dynamic Allocation Participation accounts now available

The 1 Year and 2 Year BlackRock Dynamic Allocation Participation accounts are now available with new *Lincoln OptiBlend*® fixed indexed annuity contracts.

These two new indexed accounts are tied to the performance of the BlackRock Dynamic Allocation Index. This index seeks to deliver diversified global multi-asset exposure via a combination of strategic and tactical insights, aiming to achieve a stable and consistent return profile.

Lincoln OptiBlend® fixed indexed annuity offers the following interest accounts:

- 1 Year Fixed Account
- 1 & 2 Year BlackRock Dynamic Allocation Participation
 - [BlackRock Dynamic Allocation Index](#)
- 1 Year Fidelity AIM Dividend Participation
 - [Fidelity AIM Dividend Index](#)
- [1 Year S&P 500 5% Daily Risk Control Spread](#)

Lincoln OptiBlend® indexed accounts offer diversification

New BlackRock Dynamic Allocation Index offers global view, other indices also available

The 1 & 2 Year BlackRock Dynamic Allocation Participation accounts available with new *Lincoln OptiBlend*® fixed indexed annuity contracts reflect performance tied to the BlackRock Dynamic Allocation index. This index provides a global allocation for your client’s portfolio offering an additional opportunity for diversification.

The other indices utilized by the indexed accounts within *Lincoln OptiBlend* annuities reflect a mostly domestic view.

To highlight the importance of diversification, our new flier, [Global allocation to help diversify your portfolio](#), takes a look at the cyclical nature of markets, and shows how an asset class that outperforms over a 10-year period might underperform over the next decade.

The chart below provides a brief description of the benchmark indices used by the *Lincoln OptiBlend*® indexed accounts.

Indexed Account	Benchmark Index / Inception	Strategy / Ticker / Website Reference
1 & 2 Year BlackRock Dynamic Allocation Participation	BlackRock Dynamic Allocation Index Excess Return Index; includes dividends July 30, 2021	The index seeks to deliver diversified global multi-asset exposure via a combination of strategic and tactical insights, aiming to achieve a stable and consistent return profile. BDYALVCX BlackRock Dynamic Allocation Index
1 Year Fidelity AIM Dividend Participation	Fidelity AIM® Dividend Index Excess Return Index; includes dividends July 31, 2019	This is a rules-based index that employs a dynamic asset allocation approach that blends the characteristics of high dividend stocks with U.S. Treasuries which may help reduce volatility over time. Improvements to the online pending business tool

Web tool enhancements effective September 24, 2021

Lincoln is excited to introduce more improvements to the pending business tool for registered users of LincolnFinancial.com. These updates address common requests from producers, making it easier for them to find, sort and address issues and ultimately process their business faster and easier than before.

Enhancements to the pending tool include:

- **Filter by line of business.** Pending business can now be sorted by life and/or annuity, giving reps the ability to filter down to the status indicators for the line of business(es) they have selected.
- **NIGOs are no longer “hidden” if the producer licensing is being verified.** If a contract is not in good order (NIGO) due to pending licensing verification, producers will now be able to view and address any underlying issues.
- **Updates to PDF and Excel exports.** The “Issue State” was added to the report, making it easier for searching and tracking. The format for the reports have been updated as well.

Streamlined, consumer-friendly Product Disclosure Statements

Updated disclosures for fixed indexed annuity products coming in October

Beginning October 11, 2021, the new, enhanced Product Disclosure Statements will be available for new business. We have streamlined the Disclosure Statements and made them consistent between products and across most states.

Other enhancements include:

- Fewer pages with clear, concise language: in some instances, the Disclosure Statements have been condensed to 5 pages, down from 9 pages.
- The information is presented using tables, charts, and a sectional format, where possible.
- Clients can grasp the methods behind the indexed accounts without getting bogged down in the details and disclosures specific to the benchmark index.
- Clients can easily understand how to access the Account Value and any impacts of taking a withdrawal.

The new disclosures will be available in October for the following fixed indexed annuities (and other proprietary products) in all states except Idaho and New Jersey:

Lincoln OptiBlend®

Lincoln FlexAdvantage®

Lincoln Covered Choice® II

Lincoln Covered Choice® II Advisory

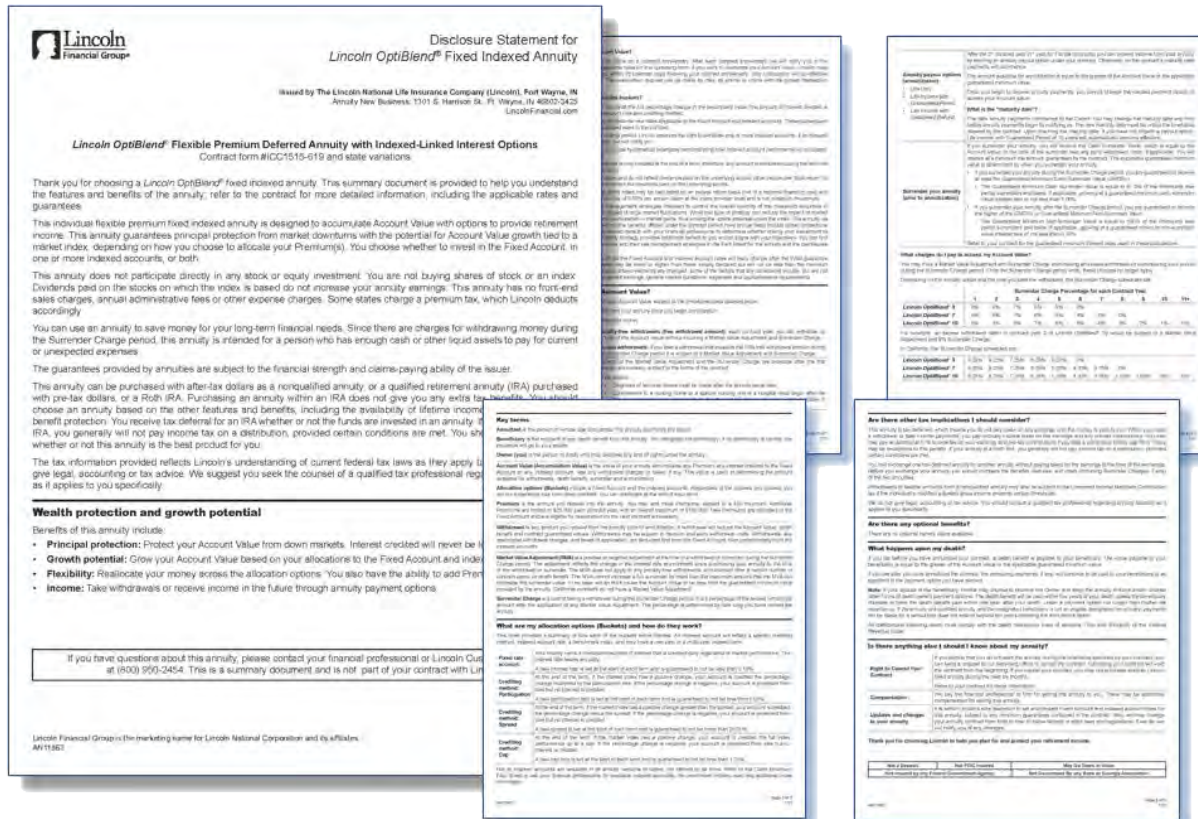

Lincoln Covered Choice®

Lincoln Covered Choice® Advisory

Lincoln Core Capital®

Lincoln OptiChoiceSM NY

We anticipate implementing the Idaho and New Jersey disclosure enhancements in December and updated Product Disclosure Statements for fixed annuities early next year.

Updates to *Lincoln Insured Income*SM immediate annuity and *Lincoln Deferred Income Solutions*SM annuity issue requirements (reprint)

As of August 23, 2021

Maximum premium lowered to \$1M

The maximum premium limit is now **\$1M** (previously \$2M) for both *Lincoln Insured Income*SM single premium immediate annuity (SPIA) and *Lincoln Deferred Income Solutions*SM deferred income annuity (DIA).

Life only payout option - maximum issue age raised

The updated issue ages for “Life-only” payouts are as follows:

- | | |
|--------|---|
| • SPIA | Nonqualified and qualified: Ages 15 through age 80 |
| • DIA | Nonqualified, ROTH IRA and QLAC: Ages 18 through age 80 ; Qualified: Ages 18 through age 70 |

Reminder: review rate lock procedures prior to submitting new business

Rate lock may help during a time of fluctuating interest rates

Lincoln issues fixed indexed annuity contracts on the issue date following Individual Annuity Operation’s (Annuity New Business) receipt of all premiums and paperwork in good order. “Good order” means that all required forms are properly completed and signed and the agent is properly licensed and appointed. Paperwork not in good order (“NIGO”) will result in delays.

Check out what is needed to “lock-in” rates before a rate change. The Rate Lock Procedures for each product line are available from the Lincoln Forms Tool found on producer websites. Review the rate lock procedures for [fixed indexed annuities](#) (non-New York).

NIGO tip of the month

Owner Information — Section 3 on the Application

It is critical that the owner's information section be completed legibly and in its entirety, including the owner's Social Security number and date of birth. The client may prefer to use a P.O. Box; however, a physical address must be entered. Use the "Mailing Address" field to enter the P.O. Box.

Reminder: Fort Wayne Servicing Address Changed (reprint)

Confirm you are using the correct physical address for overnight mail

Please confirm/update your records to reflect the Lincoln servicing address:

Overnight Servicing Address (Updated)

Lincoln Financial Group
Individual Annuity Operations
1301 South Harrison Street
Fort Wayne, IN 46802-3425

Regular mailing address (No change)

Lincoln Financial Group
P.O. Box 2348
Fort Wayne, IN 46801-2348

We are in the process of updating all forms and collateral. During this transition period if the prior address has been used, the mail will still be delivered to Lincoln. Thank you for your attention to this matter.

Fixed Annuity Lincoln Leader – September 2021

NAIC Annuity Transaction Model Reg – training required

Several states now require additional training; other states anticipated to follow

The NAIC has amended the Annuity Transaction Model Regulation to align with the best interest standard of care for annuity sales. As part of this Model Regulation, producers will need to complete additional training. Refer to the [Frequently Asked Questions](#) document for more information.

Producer training requirements for states who have adopted the 2020 NAIC Model

- **New annuity producers** are required to complete a four-credit training course that covers the new requirements.
- **Existing producers** who have previously completed a four-credit training are required to complete a new one-credit training course (a new four-credit course will also meet the requirement). Completion of this training is required within six months after the effective date of the Model Regulation in each state.
- **All Producers:** Product-specific training will continue to be a requirement for new and existing producers prior to solicitation of an annuity product.

Note: Where Lincoln is conducting the suitability review, the Acord 660 form or “Appendix A”, (“Insurance Agent (Producer) Disclosure For Annuities”) is required with the application in states that have adopted the new NAIC Model Regulation. If this form is missing from applications received after the Effective Date of that state’s adoption, the business will be deemed Not in Good Order (NIGO).

The new state-approved NAIC courses are currently available on vendor sites and will be accepted immediately.

Current state adoptions: new for Connecticut

The following states have recently adopted the revised NAIC Suitability in Annuity Transaction Model Regulation. Producers soliciting annuities in these states will need to complete the general annuity and product-specific training. State-specific requirements are shown below:

State	Effective Date	General Annuity Deadline if licensed prior to effective date	General Annuity Deadline if NOT licensed prior to effective date	Product-specific (carrier training) deadline	Reciprocal

Virginia	9/1/2021	2/28/2022	Prior to Solicitation	Prior to Solicitation	Yes

¹ Iowa: Producers who intend to sell fixed and variable indexed annuities in Iowa will need to complete a four-credit indexed product training course.

² Montana: Requires producers to have securities license if recommending the distribution of a security (including a variable annuity).

³ Nebraska: Compliance Training Effective date, 7/1/2021. Regulation Effective Date, 1/1/2022.

Future state adoptions

The following states are pending adoption of the 2020 NAIC Model (others may follow): Kentucky, Maryland, and Pennsylvania.

The Annuity Education Requirements 50-State Chart includes this new requirement, and is available by logging onto LFD.COM > GUIDELINES AND EDUCATION > COMPLIANCE GUIDELINES. Updates will be published on a continual basis as states adopt the 2020 NAIC Suitability in Annuity Transaction Model Regulation.
