

Peace of Mind with Return of Premium

Critical Illness Insurance

Built-in Return of Premium

A Critical Illness Insurance policy from Mutual of Omaha Insurance Company, (Mutual of Omaha), has a built-in Return of Premium option upon death. If you pass away while your policy is in force, you'll receive a lump-sum return of premium to your designated beneficiary.

The amount they receive will be 100% of all premiums you paid for your policy and attached riders, minus any benefit we paid under your policy and attached optional riders.

What You Need to Know

If something happens to you or a member of your family, your health insurance will help pay doctor and hospital bills. The lump-sum payment you receive from a Critical Illness Insurance policy can be used to pay any out-of-pocket expense not covered by insurance – things like child care, time away from work or specialized treatment. The built-in return of premium benefit can provide you that extra layer of security and the confidence in knowing you made a smart financial decision. This benefit does not terminate at any age and comes at no additional charge.

Here's how it works

If your client, **age 40** buys an individual Critical Illness insurance policy with a lifetime benefit and a **\$30,000** benefit amount

The client pays the annual premium of **\$714.30**

The client has owned the policy for **8 years** and has never filed a claim. If the client passes away unexpectedly, the beneficiary would receive the total amount paid of **\$5,714.40** in return of premium.
