Okta Instruction FAQ

How to Register for Okta

- Open browser window and go to https://login.mutualofomaha.com/
  - **This site is for Okta registration only and authentication management.**
  - **After successfully registering for Okta, you will continue to use the same SPA website (mutualofomaha.com/broker) as you previously have.**
- Enter your SPA Username and click Next
- Enter SPA password and click Sign In
- Choose a forgot password question
- Select a security image and click Create My Account
- A list of options will appear (see image below), you must select 1 and we recommend at least 2
- Begin the multifactor authorization by clicking the Setup button under the multifactor authorization you choose.

How to Get Started

Click here for instructions to download/authenticate with the Okta mobile application.

Click on the link below for the authentication option you choose:

- SMS Authentication (Text to phone)
- Voice Call Authentication
- Email Authentication

For further assistance with updating your contact and email information on SPA, click here.

Click here to review the Okta Dashboard.
