Get the life insurance coverage you need with asset protection.

Lincoln WealthAccumulate 2 IUL is permanent coverage that gives you flexibility for growth, access to cash value potential, and financial protection for your business and loved ones.¹ By adding the optional Surrender Value Enhancement Endorsement (SVEE) to your business-owned or premium financed life insurance policy at issue, you can maintain the majority of your paid premiums as liquid assets.

Enjoy these SVEE benefits

- **Maintain your business's balance sheet** – provides high early cash surrender value for your balance sheet.
- **Premium financing** – helps provide the collateral value you need for your premium financing loan.²
- **No minimum premium requirements** and no restrictions on access to enhanced values through withdrawals and loans (other than the amount needed to keep the policy in-force).

Decreases cannot go below the minimum required face amount and may cause a partial surrender. A switch from Option 2 or Option 3 to Option 1 is allowed anytime after policy year five.

¹ Distributions are taken through loans and withdrawals, which reduce a policy's cash surrender value and death benefit and may cause the policy to lapse. Loans are not considered income and are tax-free. Withdrawals and surrenders are tax-free up to the cost basis, provided the policy is not a modified endowment contract (MEC). A MEC policy is one in which the life insurance limits exceed certain high levels of premium or the cumulative premium payments exceed certain amounts specified under the Internal Revenue Code. For policies that are MECs, distributions during the life of the insured, including loans, are first treated as taxable to the extent of income in the contract, and an additional 10% federal income tax may apply for withdrawals made prior to age 59½.
