# When it comes to annuities, "one size does not fit all."

Since no two clients are alike and no two retirement goals are the same, Athene is committed to helping you match your clients with an annuity solution that will help them reach their own unique financial objectives.

An annuity can be a valuable addition to a client's overall portfolio. But it isn't right for everyone. Because it is necessary that your recommendations for the purchase or exchange of an annuity product be appropriate for each individual client's circumstances, it is your duty to uncover to the best of your ability any relevant information pertaining to the sale.

Athene provides a **Customer Identification** and **Suitability Confirmation Worksheet** (form 17341) to assist you with fact finding. This worksheet, available for download on <u>Athene Connect</u>, must be filled out completely and accompany all Athene annuity applications.\*

This guide will take you step-by-step through the worksheet in order to help you obtain the most accurate depiction of your clients' financial situation, lifestyle and objectives.

Client satisfaction is our priority.

Providing as much detailed information as possible will help make the best possible recommendation for your client and ultimately lead to appropriate annuity sales and satisfied customers.

Florida, Minnesota and New York require their own suitability form and product comparison worksheet for applications written in their state. Please remember that it is your obligation to provide a signed and completed copy to each customer by the time of contract delivery.

<sup>\*</sup>Your organization may not use Athene's Customer Identification and Suitability Confirmation Worksheet. Please check with your back office for guidelines.

#### Step-by-Step Guide

## Customer Identification and Suitability Confirmation Worksheet

It is important to get a complete picture of your client's financial situation. If additional space is needed, you may attach additional sheets or provide a cover letter of explanation to the worksheet (<u>form 17341</u>)

#### **OWNER AND JOINT OWNER**

Please complete these sections as applicable for all contract owners.

#### **FINANCIAL OBJECTIVES**

Question A Please select as many sources that are applicable to all contract owners and their household. If owner employment status is marked "employed" or "self-employed," "household wages/salary" must be selected. "Business income" is only to be used for corporate owned contracts and cannot be selected for personal owned contracts. "None" should only be used for irrevocable trusts, students with no income and/or UTMA/UGMA cases.

If the Source of Income selected has an \* next to it, make sure you provide the monthly amount and how long that is expected to continue (months/years).

Question B At least one box must be selected. More than one box may be selected if there are multiple contract owners.

Question C It's important to understand if the contract owner(s) anticipates any significant changes that may require them to access funds during the Surrender Charge Period. If "yes" is selected, please provide both the dollar amount of the increase/decrease and the timeframe in which that will occur.

Question D Select only one box that best describes your experience with financial products including investment, annuity and insurance holdings.

Question E This information is needed for all contract owners. If "Aggressive" is selected, please provide an explanation.

SOURCE OF FUNDS	
Question G Owning a reverse mortgage does not prevent a client from purchasing an Athene annuity. Athene, however, does not allow financed purchases, including reverse mortgages or home equity loans, to be used as premium to purchase an annuity.	If funds are coming from a non-replacement source and there are penalties associated with the funding source, please complete the table provided. Penalties include processing fees, forfeiture fees and other costs or fees.
Question H If funds are coming from any of the non-replacement sources listed, select "yes." If funds are not coming from any of the non-replacement sources listed, the question should be left blank.	Question I If funds are coming from any of the replacement sources listed, please select "yes." If funds are not coming from any of the replacement sources listed, the question should be left blank.
If funds are coming from checking/savings and the premium from that source is \$250,000 or more, please provide a written explanation to describe the origin of those funds prior to being in the checking/savings account.	If funds are transferred from an existing annuity or life insurance policy four months prior to, or 13 months after, the purchase of a new annuity contract, the transaction will be considered a replacement, even if the funds have been placed in another funding source prior to being sent to Athene.
Questions H and I cannot both be left blank. One o	r both must be selected "yes."

If the above box is not selected, Athene will assume the non-replacement source of funds is not applicable. Question I must be completed if Question H is left blank.

#### **FINANCIAL STATUS**

IMPORTANT NOTE: Make sure that financial information 100% matches for household applications submitted together. If household applications are submitted at different times, financial differences should be explainable by increases from disposable monthly income.

Questions J, K All asset options are required to be answered and will be NIGO'ed if they are not completed. If the asset is not applicable, please place a "0," "N/A" or "--" in the section. Blanks are not an acceptable answer and will require corrections from the customer.

For consumers with a net worth of \$100,000 or under, Athene does not accept applications for consumers who currently have our would have higher than 50% of their net worth in annuities.

For consumers with a net worth above \$100,000, Athene will potentially accept up to 70% of their net worth in annuities. Approval up to 75% is at the discretion of Athene and additional information may be required from the consumer and/or producer. Athene does not accept applications for consumers who currently have or would have higher than 75% of their net worth in annuities.

RED FLAG

When completing annuity values in questions J & K, please verify that the values listed are at least equal to or greater than what the owner and their household currently have in Athene annuities. If the total value of annuities is less than what the owner and their household currently have in Athene annuities, this will require customer corrections. When completing the annuity values, provide the higher of the accumulated value and surrender value.

Question L Please include total liabilities and debt for the owner and their household (excluding mortgage on primary home/land and automobile debt). If the household has no liabilities or debt, please place a "0," "N/A" or "--" in the box. Blanks are not an acceptable answer and will require corrections from the customer.

Questions M, N Please provide all monthly household income (after taxes) and monthly household expenses.

Consumers under the age of 59.5 must have at least three months of expenses covered by liquid assets.

Consumers age 59.5 or above must have at least six months of expenses covered by liquid assets.

Consumers should have minimum \$500 of disposable monthly income.

Question Q Please select all reasons why the consumer is purchasing the Athene annuity. If the product being purchased has a rider included, or being added, for a charge, the applicable rider MUST be selected as a reason for purchase. If the rider is included with the product for no charge, only select the rider if that is a reason for purchase.

If a rider is selected that is not available on the product being purchased, Athene will be unable to accept the application. Athene does not allow the needs/objectives to be changed to fit the product being purchased. A new product would need to be solicited that would meet all the consumer's previously selected needs/objectives.

Athene specializes in innovative high-value fixed annuities that help meet your clients' long-term financial goals. We see every day as an opportunity to set the bar even higher by providing training and sales support you can count on to grow your business.

A decision to recommend the purchase or exchange of an annuity should be based on a careful analysis of the information gathered from your client. By making sure your clients understand the features, benefits, risks and costs associated with the annuity, you can help ensure customer satisfaction and protect your business.

If you have questions regarding the appropriateness of an Athene product, please visit the Rules & Guidelines page on <u>Athene Connect</u> where you can find helpful information and additional tools for writing new business.

You may also contact your Athene sales partners. While we cannot make a determination that a recommendation would satisfy the applicable standard of care over the phone, we are happy to discuss each individual case and let you know of any questions or concerns we may have based on the information you share.
