- Preferred Tobacco – issue ages 18 through 85 currently using tobacco or nicotine-based products, or substitutes (*To qualify for this class, the applicant must satisfy all Preferred Guidelines found in the Underwriting Guide.*)
- Standard Tobacco – issue ages 18 through 85 currently using tobacco or nicotine-based products, or substitutes
- Juvenile – issue ages 15 days through 17 years

Face Amounts: \$25,000 and above for all underwriting classes, except juveniles limited to \$300,000

Death Benefit Options: Option 1 (Level) and Option 2 (Increasing)

Surrender Period: 19 years

Issue Limitations: Available through Table 16 (500 percent)

Rate Structure: Premiums are flexible in amount and frequency; minimum and target premiums are based on gender, underwriting class, age and face amount:

- Premium Band 1 – \$25,000 through \$99,999
- Premium Band 2 – \$100,000 and above

Premium Modes: Annual, 1.000; Semi-Annual, 0.5; Quarterly, 0.25; Monthly (automatic bank withdrawal or credit card), 0.08333

Premium Protection Period: As long as the required premium is paid, the policy is guaranteed to stay in force for the following periods:

Issue Age	Premium Protection Period	Issue Age	Premium Protection Period	Issue Age	Premium Protection Period	Issue Age	Premium Protection Period
0-60	20	66	16	72	12	78	8
61	19	67	15	73	11	79	7
62	18	68	14	74	10	80	6
63	18	69	14	75	10	81	6

Interest Rate Bonus: An additional 0.50 percent may be credited beginning in policy year 21; this bonus is non-guaranteed

Definition of Life Insurance Testing: Guideline Premium Test (GPT) and Cash Value Accumulation Test (CVAT)

Policy Value Basis: Policy values are based on the 2017 Commissioner’s Standard Ordinary (CSO) Table

Enhanced Guaranteed Surrender Value: Provides the option to receive an enhanced guaranteed surrender value (EGSV) when the policy is surrendered during a 60-day option period following the 15th or 20th policy anniversary as follows:

- For Band 1 following the 15th anniversary – EGSV equal to the lesser of (a) 50 percent of all premiums paid less any loan balance, premium refunds and partial withdrawals or (b) 35 percent of the lowest face amount since issue less any loan balance and partial withdrawals that did not reduce the face amount
- For Band 2 following the 15th anniversary – EGSV equal to the lesser of (a) 65 percent of all premiums paid less any loan balance, premium refunds and partial withdrawals or (b) 35 percent of the lowest face amount since issue less any loan balance and partial withdrawals that did not reduce the face amount
- For Bands 1 or 2 following the 20th policy anniversary – EGSV equal to the lesser of (a) 100 percent of all premiums paid less any loan balance, premium refunds and partial withdrawals or (b) 35 percent of the lowest face amount since issue less any loan balance and partial withdrawals that did not reduce the face amount

Enhanced Guaranteed Surrender Value is available from issue ages 18 through 70; not available on rated policies. To qualify, the sum of all premiums paid less loan balance, accrued interest and any partial withdrawals must exceed the sum of the annual target premiums on each prior policy anniversary. If the enhanced guaranteed surrender value is paid, the surrender value will not be paid.

Overloan Protection Benefit: Prevents the policy from lapsing due to excessive loans by converting the policy to guaranteed, paid-up life insurance.

Requests to exercise the benefit must be sent to Assurity in writing. Assurity will notify the insured of eligibility at least 31 days prior to the end of the grace period. There is a one-time charge detailed in the policy for exercising this benefit. The following criteria must be met for this benefit to be exercised:

- the policy has been in force for 15 years or more;
- the insured is at least age 75;
- the definition of life insurance test is the Guideline Premium Test (GPT);
- the loan balance exceeds the face amount of the policy in effect at the time the benefit is exercised;
- the loan balance does not exceed 99.9 percent of the accumulated value after the overloan protection benefit charge has been deducted;
- exercising this benefit does not cause this policy to violate the federal Guideline Premium Test or become a Modified Endowment Contract (MEC) under Section 7702;
- cumulative partial withdrawals are no less than the total premiums paid under the policy;
- the surrender value is sufficient to cover the overloan protection benefit charge; and
- Assurity is not currently applying any disability waiver benefit.

The following represents effects on the policy, riders and provisions after the benefit is exercised:

- the policy will be placed in a paid-up status and guaranteed to remain in force;
- the Death Benefit Option will be option 1;
- the face amount will be adjusted to the lowest possible death benefit amount that will qualify this policy as life insurance under Section 7702 immediately after the overloan protection benefit charge is taken;
- interest will continue to be credited to the accumulated value at the guaranteed interest rate;
- no monthly deductions or additional charges will be taken from the accumulated value;
- loan interest will continue to accrue;
- if the loan balance exceeds the accumulated value, the loan interest rate charged will be equal to the guaranteed interest rate credited;
- no further loans, policy changes, withdrawals or surrenders will be allowed;
- no further premium payments or loan repayments will be allowed; and
- all attached riders will terminate.

Included Riders

The following rider descriptions are according to riders as approved in most states. Benefits and provisions may vary by state. For complete details of coverage, please contact Assurity or review the riders.

Accelerated Death Benefit Rider *(Not available in CA and FL; past rider R 10761 included in CA)*

(Form No. R I1922 includes both terminal and chronic or R I1922 T includes terminal only for applicants over age 75)

The Accelerated Death Benefit Rider provides the option of advancing a portion of the death benefit if the insured is terminally or chronically ill, as defined in the rider and as approved for each state.

Terminal Illness means a condition that results in an expected life span of 12 months or less, as certified by a physician.

Chronic Illness means an illness or physical condition in which the insured person has been certified by a physician as (a) being unable to perform at least two Activities of Daily Living, without substantial assistance from another person, due to a loss of functional capacity for a period of at least the last 90 consecutive days; or (b) requiring substantial supervision by another person to protect the insured person from threats to health and safety due to the insured person's severe cognitive impairment for a period of at least the last 90

consecutive days. The condition does not need to be permanent; however, certification will be required each time this benefit is elected.

The amount accelerated will be adjusted by a discount factor, accounting for the following:

- the future expected lifetime of the insured person;
- the insured person's age and duration, class and gender;
- the future expected premiums;
- the current dividends, if any; and
- an interest rate (the maximum interest rate used will be no more than the greater of a) the current yield on 90-day treasury bills or b) the current maximum adjustable policy loan interest rate allowed by law).

Following the payment of the benefit amount, the policy will stay in force at a reduced amount. The face amount, accumulated value and loan balance, will be reduced on a pro rata basis, based upon the applicable amount accelerated. The reduction to the loan balance will be considered a loan repayment. Upon acceleration, charges will be adjusted based on the reduced amount.

Availability: Automatically included at no additional cost in states where allowed

Issue Ages: 15 days through 85; age last birthday as of issue date

Termination Age: 121

Benefit Amounts: The maximum amount available for acceleration is as follows:

- Terminal Illness Option – All eligible proceeds (the policy face amount less any pro rata loan repayment) may be accelerated up to \$500,000 for all elections combined and such that at least \$10,000 policy face amount remains.
- Chronic Illness Option – In any 12 month period, eligible proceeds (the policy face amount less any pro rata loan repayment) may be accelerated up to the amount resulting in benefits paid no more than the annualized per diem limitation declared by the Internal Revenue Service (IRS) for the calendar year in which the rider is exercised. The total of all benefits accelerated must be no more than \$500,000 and be such that at least \$10,000 policy face amount remains.

Administrative Fee: Currently \$150 for terminal illness and \$250 for chronic illness each time elected, both not to exceed \$500

Issue Limitations: Chronic illness option only available to applicants through issue age 75 and on policies issued through Table 4 (200 percent)

Optional Riders

(at additional cost)

The following rider descriptions are according to forms as approved in most states. Benefits and provisions may vary by state. For complete details of coverage, please contact Assurity or review the riders.

Accidental Death Benefit Rider

(Form No. R11923)

The Accidental Death Benefit Rider provides a benefit for the insured person's death that results directly from an accidental bodily injury within 180 days of the accidental injury prior to their 70th birthday and independently of all other causes.

Availability: Available at or after time of application to the policy insured

Issue Ages: 18 through 60; age last birthday as of issue date

Termination Age: 70

Face Amounts: Same as the base policy face amount; for a face amount of \$250,000 and above, the rider face amount will be \$250,000. All combined in force accidental death policies cannot exceed \$250,000.

Issue Limitations: Only available on policies issued through Table 4 (200 percent). Rider itself can be rated Table 2 (150 percent) or Table 4 (200 percent).

Children's Term Rider

(Form No. R 11924)

The Children's Term Insurance Rider provides level-term insurance to age 25 on the policy insured person's children listed on the original application and children born to or adopted by the insured while the policy and this rider are in force.

Availability: Available at or after time of application to the policy's insured person to cover all children named on the application or later eligible with one rider; also available if the policy's insured person currently has no children.

An insured child is any natural child, stepchild, or legally adopted child of the policy's insured person who is younger than age 18 on the date of the application for this rider or the date they first become eligible. A child born to or adopted by the policy's insured person while this rider is in force becomes insured at 15 days of age or on the date of adoption, if later.

Issue Ages: 18 through 85 covering children age 15 days through 17 years; both age last birthday as of issue date

Termination Age: 121; individually each insured child's age 25

Face Amounts: \$5,000 through \$25,000

Issue Limitations: Only available on policies issued through Table 4 (200 percent). The rider itself cannot be rated.

Conversion Option: When this rider's coverage terminates for an insured child, the child can purchase a new policy up to five times the face amount. Coverage for a child will terminate when they no longer meet the definition of insured child, or on the rider termination date, if sooner. If conversion is requested prior to the termination date of an insured child's coverage, the amount converted cannot be more than the face amount. Premiums for the new policy will be based on the insured child's gender, age, underwriting classification and Assurity rates in effect on the new policy's issue date.

Critical Illness Rider (Not available in CT, GA, HI, ID, IL, IN, KS, ME, MD, MA, MN, MO, NH, NJ, NM, PA, VA, WA and WY)

(Form Nos. R 11925)

The Critical Illness Rider pays a lump-sum benefit when the insured person is diagnosed with an illness or undergoes a procedure from a list specified in the rider. The amount payable is the percentage for each critical illness multiplied by the selected benefit amount. Other features include the following:

- **Additional Diagnosis Benefit:** The lump-sum benefit will be paid for each different critical illness if the date of diagnosis or procedure is separated from the prior critical illness by at least six consecutive months, and the new critical illness is not caused by or contributed to by a critical illness where benefits have already been paid. Benefits are payable for Invasive Cancer and Non-Invasive Cancer without these requirements.

Availability: Available at time of application only to the policy insured

Issue Ages: 18 through 70

Termination Age: Guaranteed renewable for life

Benefit Amounts: \$5,000 through \$75,000, but not exceeding the policy benefit amount; maximum amounts are based on all in-force and applied-for critical illness coverage

Covered Critical Illnesses: As follows:

- Heart Attack – 100%
- Coronary Artery Bypass Surgery – 25%
- Angioplasty – 25%
- Stroke – 100%
- Invasive Cancer – 100%; Invasive Cancer and Non-Invasive Cancer combined cannot exceed 100%
- Non-Invasive Cancer – 25%; Invasive Cancer and Non-Invasive Cancer combined cannot exceed 100%

Issue Limitations: Not available with a rated policy

Underwriting: Based on personal history, family history and motor vehicle report; subject to full underwriting

Disability Waiver Rider

(Form No. R 11926)

The Disability Waiver Rider provides for a waiver benefit during an insured person's total disability occurring prior to their 65th birthday and lasting at least six months. The monthly waiver benefit is equal to the annual target premium divided by 12, and is applied to the policy each month following the date total disability began.

"Total disability" means a disability due to a sickness or injury which, (a) for the first two years after the start of disability, keeps the insured from doing the substantial and material duties of their own occupation, and (b) after the target premium has been waived for two years, keeps the insured from doing the substantial and material duties of any occupation for which they become reasonably suited by education, training or experience.

Availability: Available at or after time of application to the base policy insured

Issue Ages: 18 through 55; age last birthday as of issue date

Termination Age: 65

Issue Limitations: Only available on base policies issued through Table 4 (200 percent); rider itself can be rated Table 2 (150 percent) or Table 4 (200 percent). Not available to retirees.

Guaranteed Insurability Rider

(Form No. R 11927)

The Guaranteed Insurability Rider provides the option to increase the policy face amount up to five times before the insured person's 40th birthday without submitting evidence of insurability. Options may be elected within 60 days prior to the anniversary date, starting on the second anniversary.

Requests may also be made prior to two years after issue and outside of the option period with proof of a life event received at Assurity within 45 days of the event. Life events are marriage, divorce, death of a spouse or child, or birth or adoption of a child.

Requests to exercise the option must be received in writing to Assurity. The cost of insurance, monthly deductions and surrender charges for face amount increases will be based on the insured person's gender, age, underwriting classification and Assurity rates in effect on the option date.

Availability: Available at time of application only to the policy insured

Issue Ages: 15 days through 37 years; age last birthday as of issue date

Termination Age: 40

Face Amounts: \$10,000 through \$50,000 with each option but not allowing total purchase from all options to exceed the policy initial face amount

Issue Limitations: Not available with rated policies

Level Term Rider

(Form No. R 11928)

The Level Term Rider provides level-premium, level-benefit term life insurance on the insured for a 10-year, 20-year or 30-year term period.

Availability: Available at or after time of application to the policy insured

Issue Ages: As follows per term period, age last birthday as of issue date:

- 10-year term period – 18 through 60
- 20-year term period – 18 through 50
- 30-year term period – 18 through 40

Termination Age: As follows per term period:

- 10-year and 20-year term periods – Not renewable after the term period
- 30-year term period – Automatically renews annually to age 95 after the term period

Face Amounts: \$25,000 through 10 times the base policy face amount (for all term insurance riders)

Benefit Periods: 10-year, 20-year or 30-year term

Rate Structure: Premiums are level and guaranteed for the term period; ART scale to age 95 after the 30-year term period only

Conversion Option: All or part of the face amount may be converted to a new policy of permanent insurance without submitting evidence of insurability for a period beginning on the first rider anniversary and ending on the earlier of two years before end of term period or the insured person's 65th birthday. Premiums for the new policy will be based on the insured's gender, underwriting class, attained age and Assurity rates in effect on the new policy's issue date.

Administrative Guidelines

Premium Payment

What are acceptable methods of payment? Assurity accepts payments for initial and renewal premiums using the following methods: automatic bank withdrawal, personal checks, money orders and cashier checks in amounts below \$200 per month per policy, cashier's checks in amounts above \$10,000 and credit/debit cards when electronic applications are used. Credit/debit cards are only accepted for renewal premiums with paper applications. Please use one of these methods so that payment is credited to your policy in a timely manner.

How can premiums be paid by automatic bank withdrawal? Premiums may be deducted from the policyowner's bank account by selecting this option on the application (including information provided on the Field Underwriter's Statement) and by completing and returning an Automatic Bank Payment form. This form is available on AssureLINK or by contacting Customer Connections, as detailed in the About Assurity section. The same form may be used to change the bank account.

Automatic bank withdrawal premium payments may be drafted on any day between the 1st to the 28th of each month. If an automatic bank withdrawal payment is returned or declined, Assurity will notify the policyowner and send a copy of the notification to the agent. If a remittance is not received prior to the expiration of the grace period, lapse/non-forfeiture processing will be initiated.

How can premiums be paid by credit card? Assurity accepts credit and debit card payments for initial and recurring premium payments when electronic applications are used. We accept VISA, MasterCard and Discover credit/debit cards. The credit/debit card payment option for initial payment is not available with paper applications. However, after a policy has been issued, the customer can change the payment method to recurring credit/debit card by contacting Customer Connections, as detailed in the About Assurity section. Available dates for recurring payments are on any day between the 1st to the 28th of each month. Customers also have the option of paying the premium by automatic bank withdrawal.

How are subsequent premiums billed? For policies on direct billing, the original premium notice is mailed 20 days prior to the due date. If unpaid, a reminder notice is mailed five days after the due date.

When will coverage lapse if premiums are not paid? Except as provided in the lapse protection provision, a 61-day grace period will begin when the surrender value is insufficient to cover the monthly deduction or, on any anniversary, the surrender value is insufficient to loan unpaid policy loan interest for the period year, plus the monthly deduction. The minimum amount needed to keep this policy in force after the grace period begins is enough to cover three monthly deductions plus any due and unpaid loan interest. If the minimum amount needed to keep the policy in force is not received before the end of the grace period, the policy will lapse.

How can a "list bill" be set up? Premiums may be billed to the policyowner's place of employment in a "list bill" by selecting this option on the application (including information provided on the Field Underwriter's Statement) and by having the employer complete an Authorization for List Bill. Available premium modes for list bill are monthly, quarterly, semi-annual and annual. The initial premium must be remitted with the application. If you have any questions about setting up a list bill, contact Customer Connections, as detailed in the About Assurity section.

Can premiums be paid in advance? Premiums may be paid in advance of their due date in a Premium Deposit Fund which can be set up by contacting Customer Connections, as detailed in the About Assurity section. Interest on this fund is credited annually on the anniversary date of the policy. The interest rate applied may change periodically.

Policy Loans

Policy loans are available at a competitive interest rate declared by Assurity.

What is the maximum loan value? The amount available for the insured to borrow at any time is equal to the policy cash value reduced by any due or unpaid premiums, any current loan balance and interest on the loan through the next policy anniversary.

What is the loan interest rate? The loan interest rate may vary but will not exceed the greater of: 1) the published monthly average (Moody's Corporate Bond Yield Average) for the calendar month ending two months before the rate is determined, and 2) the rate used to compute this policy's cash values plus 1 percent per annum.

When is interest on the loan charged? Loan interest is charged from the date of the loan and is payable annually (in arrears) at each policy anniversary.

How does the policyowner request a policy loan? To request a policy loan, the policyowner must send a signed, written request to Assurity. For amounts under \$1,000, the policyowner may request a loan by calling Customer Connections, as detailed in the About Assurity section. All loan checks are mailed directly to the policyowner with a copy of the letter sent to the agent.

How does the loan qualify as a “premier” loan? To qualify for a premier policy loan, a policyowner must either: 1) have the policy in force for 12 or more years, 2) be age 60 or older with a policy in force two or more years, or 3) have a policy in force for at least two years with a cash surrender value of \$10,000 or more. The policyowner may borrow up to 10 percent per year of the premier loan value which is equal to 10 percent of the policy cash value after adding any dividends payable and deducting any loan balance.

Surrender Value

The policy’s surrender value is equal to the accumulated value on the date of surrender and reduced by any surrender charge and loan balance.

The policyowner may surrender the policy by completing and returning a Surrender Request form. This form is available on AssureLINK or by contacting Customer Connections, as detailed in the About Assurity section.

The Enhanced Guaranteed Surrender Value may also be available if the policy is surrendered during a 60-day option period prior to either the 15th policy anniversary or the 20th policy anniversary, subject to criteria described in the Policy Description section of this guide.

Coverage Information

Illustrated Product

Universal Life is subject to the NAIC Model Illustration Regulation and must be sold with an illustration. Compliant illustrations are available on AssureLINK at <https://assurelink.assurity.com> in the Product Center for each product by selecting the Quick Quotes/Illustrations option on the left. If the illustration initially presented does not match what is sold, a disclosure form must be completed, signed and submitted with the application.

Duplicate Policies

A duplicate policy is available by completing and returning a Duplicate Policy Request form. This form is available on AssureLINK or by contacting Customer Connections, as detailed in the About Assurity section. A \$20 fee may apply for subsequent requests.

Annual Statement

The policyowner will receive a policy annual statement on each policy anniversary. The statement will show coverage, premium, dividend and any loan information.

Projection of Future Benefits and Values

Assurity will also provide a projection of future policy benefits and values upon request by the policyowner. A projection may be requested at any time, but Assurity reserves the right to charge a fee for this service.

Coverage Changes

Change of Beneficiary

The beneficiary of an in-force policy may be changed while the insured is alive by completing and returning a Change of Beneficiary Designation form. This form is available on AssureLINK or by contacting Customer Connections, as detailed in the About Assurity section. Return of the policy is not required.

Change of Ownership

The owner of an in-force policy may be changed while the insured is alive by completing and returning an Ownership Transfer form. This form is available on AssureLINK or by contacting Customer Connections, as detailed in the About Assurity section. Return of the policy is not required.

Assignments

The policyowner may transfer, or assign, some or all of the policy rights to another person or organization by completing and returning a Collateral Assignment for Life Insurance form. This form is available on AssureLINK or by contacting Customer Connections, as detailed in the About Assurity section. The form is returned to the assignee and a copy retained by Assurity.

Policy Changes

The policyowner may request coverage changes by completing and returning an Application for Change to Life Policy form. This application is available on AssureLINK or by contacting Customer Connections, as detailed in the About Assurity section. Return of the policy is not required.

Term Rider Conversion

All or part of the face amount may be converted to a new policy of permanent insurance without submitting evidence of insurability for a period beginning on the first rider anniversary and ending on the earlier of two years before end of term period or the insured's 65th birthday. Premiums for the new policy will be based on the insured's gender, age, and Assurity's rates in effect on the new policy's date of issue and the underwriting classification risk under which the rider was originally issued.

The policyowner may request conversion by completing and returning a Policy Conversion application. An application may be obtained on AssureLINK in the Product Center for each product by selecting the Applications/Forms option on the left. Any unearned premium from the rider can be applied toward the initial premium for the new policy.

Reinstatement of a Lapsed Policy

If the policy lapses due to nonpayment of renewal premium, the insured may apply for reinstatement up to three years from the date of lapse. The following must be provided to Assurity's administrative office:

- a completed reinstatement application form, which is available on AssureLINK in the Product Center for each product by selecting the Applications/Forms option on the left, or by contacting Customer Connections, as detailed in the About Assurity section, and
- signed medical authorization(s).

If the application for reinstatement is approved pending payment of required premium, Assurity will notify the insured of the premium needed to reinstate the policy. Once payment is received, the policy will be reinstated on the reinstatement date – the date Assurity has both approved the application and received the premium due. Additional reinstatement procedures will be determined by the policy language approved in each specific state.

Claims Guidelines

Claims Questions

Customer Connections is available to handle telephone calls from policyholders including verifying coverage and answering policy or rider benefit questions. They can be reached as detailed in the About Assurity section.

Death Claim Processing

The policyowner or beneficiary may begin death claim processing by contacting Customer Connections, as detailed in the About Assurity section, for a Request for Proceeds form, and providing the insured's date of death. Complete and return this form to Assurity along with a certified copy of the insured's death certificate and the policy. Some claims situations may require other forms.

Death Benefit Payment Options

The policyowner may elect a payment option other than lump sum during the insured's lifetime or the beneficiary may also elect a payment option if proceeds are payable to the beneficiary. Options include the following:

- payment for a fixed period – equal installments for a fixed period of years not to exceed 30 years;
- payment of a fixed amount – fixed payments are made in installments until the proceeds are depleted; or
- left at interest – interest of not less than 1 percent annually will be paid periodically.

Disability Waiver of Premium Benefit Administration

The policyowner may request waiver benefits by completing and returning the appropriate form. A form may be obtained by contacting Customer Connections, as detailed in the About Assurity section. Forms must be returned to Assurity within 120 days after the start of the total disability. In any event, the proof required must be given no later than one year after any premium is unpaid or one year after the incurred date of the loss, unless the insured person is legally incapacitated.

Until the request has been approved, the policyowner must continue to pay all premiums. If approved, Disability Waiver Rider benefits will begin as of the date of disability, but in no event will benefits be provided more than one year prior to the date Assurity receives notice of claim.

Why Assurity?

At Assurity, we're working hard to make the business of insurance simple – more human – by listening, showing that we care and offering customers invaluable insurance products and financial protection. More than a business with a bottom line, we're a mutual organization whose mission is helping people through difficult times. By dedicating ourselves to the community, the environment and using our business as a force for good, we're able to take the long view when it comes to upholding our promises. Assurity is also the first major life and specialty health insurer to become a Certified B Corporation®, demonstrating we meet the rigorous standards of social and environmental responsibility.
