Social Insurance Substitute	Provides additional monthly disability benefits, reduced by any social insurance benefits being received, for each month the insured is totally disabled after the SIS elimination period. The definition of total disability for this rider will be the same as the definition of total disability for the base monthly benefit. In NY and NJ, benefits are paid on an all, one-third or none basis. Not available if the insured has Group LTD with Social Insurance offset.	<p>The Supplemental Disability Income Rider (SDIR) will pay a monthly benefit less any social insurance benefits received, offset dollar for dollar, if the insured is totally disabled, and the elimination period has been satisfied. Benefits will be paid until the insured is no longer totally disabled, or to the end of the maximum benefit period, whichever is first. No benefits will be paid if social insurance benefits exceed the SDIR monthly benefit amount.</p> <p>If the insured receives a lump-sum payment of social insurance benefits, Assurity will treat the lump sum as if it were paid over several months. The lump sum will be divided by the SDIR monthly benefit less monthly social insurance benefits received. The result will be the number of months future rider benefits will not be paid. If the monthly social insurance benefit received exceeds the SDIR monthly benefit, Assurity will not seek refund of past SDIR benefits received before the lump-sum payment.</p>	<p>Ameritas has a maximum SISR monthly benefit of \$2,000.</p> <p>Assurity has a maximum monthly benefit of \$1,800.</p> <p>Ameritas will not seek refund of any payments made under the SIS benefit, if a lump sum reward is received from social insurance benefits.</p> <p>Assurity will seek refund of any payment made after a lump sum reward is received from social insurance benefits.</p>

Future Increase Option	<p>Allows an insured to increase the base monthly disability benefit annually on a policy, without providing evidence of physical insurability. The total maximum increase amount that may be purchased at policy issue is three times the base monthly benefit, not to exceed maximum issue and participation limits. Through age 45 (after policy issue), a client may on any one policy anniversary, exercise the full amount. Thereafter, 50% of the base benefit amount can be purchased up to and including age 55. The premium rate for any increase will be based on attained age as of the issue date of the increase. It will also use the rate basis in effect on the issue date of the policy to which this rider is attached. In addition, rates will be based on the occupational class of the original policy as of the issue date of the increase. Off-anniversary options available—subject to specified criteria.</p>	<p>The Guaranteed Insurability Rider gives the insured the option to increase their base policy monthly benefit by purchasing additional amounts of insurance. Additional amounts will have the same benefit period and elimination period as the policy. Increases do not require evidence of insurability and are based on the insured's current income and Assurity's issue and participation limits in effect on the option date. Premiums for the additional insurance will be based on the insured's attained age and Assurity's then-current rates. The insured cannot exercise an option if disabled or receiving disability benefits.</p> <p>Options can be exercised every two years with no limit on the number of options exercised; however, the sum of all increases cannot exceed the total of the original base policy and SDIR monthly benefits. Increases must be requested in writing to Assurity during the option period—the 60-day period preceding the option date. Option dates are policy anniversaries starting two years after issue.</p> <p>However, requests can be made prior to two years after issue and outside of the option period to accelerate the next available option date to an earlier date with proof of a life event received at Assurity within 45 days of the event. If acceleration is exercised, the next option date will not be available. Life events are any of the following: marriage, divorce, death of a spouse or child, birth or adoption of a child, loss of employer-paid group disability income coverage or an increase of monthly income of at least 25% from the last time coverage was purchased through the policy or this rider.</p>	<p>With Ameritas, this rider can be exercised every year. With Assurity, you can only exercise an option every two years.</p> <p>Ameritas will guarantee the occupational class and the rates of the original policy, including any discount of the original policy.</p> <p>Assurity will use the rates in effect at the time of the increase.</p> <p>Ameritas will allow through age 45 (after policy issue), on any one policy anniversary, a client to exercise the full amount. Thereafter, 50% of the base benefit amount can be purchased up to and including age 55.</p> <p>Ameritas will allow an FIO increase, if the client is disabled.</p> <p>Assurity will not allow an increase, if the client is disabled.</p> <p>With Ameritas, the maximum benefit is three times not to exceed the maximum issue and participation limits.</p> <p>Assurity's maximum benefit is one times the total monthly benefit.</p>
