Important Statement Regarding Your Policy – Please Read

In purchasing your new universal life Policy, you have chosen an excellent way to provide for your future insurance needs. Your Policy contains a No Lapse Guarantee period which ensures that coverage will continue even if the Policy's Net Cash Surrender Value is insufficient to pay the monthly deductions.

This Policy is sensitive to the timely payment of the required premium. As long as the scheduled premium payments are received in a timely and consistent manner, the guarantee period is protected. By timely we mean receipt of the premium on or before the premium due date.

If you pay your premiums after the premium due date, whether that is by the automatic payment plan or by direct payment to Us, it may have a negative impact on the guarantee period afforded by the No Lapse Guarantee period. Timely payments will help to ensure the No Lapse Guarantee period,

In addition, if your Policy Date is in the past, this may also have a negative impact on the No Lapse Guarantee period. Additional premium may be needed to return your No Lapse Guarantee period to its intended length.

LIFE INSURANCE BUYER'S GUIDE

This guide can help you when you shop for life insurance. It discusses how to:

- Find a Policy That Meets Your Needs and Fits Your Budget
- Decide How Much Insurance You Need
- Make Informed Decisions When You Buy a Policy

Prepared by the National Association of Insurance Commissioners

The National Association of Insurance Commissioners is an association of state insurance regulatory officials. This association helps the various insurance departments to coordinate insurance laws for the benefit of all consumers.

This Guide Does Not Endorse Any Company or Policy.

Reprinted by North American Company for Life and Health Insurance • Administrative Office: Sioux Falls, SD 57193

IMPORTANT THINGS TO CONSIDER

1. Review your own insurance needs and circumstances. Choose the kind of policy that has benefits that most closely fit your needs. Ask an agent or company to help you.
2. Be sure that you can handle premium payments. Can you afford the initial premium? If the premium increases later and you still need insurance, can you still afford it?
3. Don't sign an insurance application until you review it carefully to be sure all the answers are complete and accurate.
4. Don't buy life insurance unless you intend to stick with your plan. It may be very costly if you quit during the early years of the policy.
5. Don't drop one policy and buy another without a thorough study of the new policy and the one you have now. Replacing your insurance **may be costly**.
6. Read your policy carefully. Ask your agent or company about anything that is not clear to you.
7. Review your life insurance program with your agent or company every few years to keep up with changes in your income and your needs.

Buying Life Insurance

When you buy life insurance, you want coverage that fits your needs.

FIRST, decide how much you need—and for how long—and what you can afford to pay. Keep in mind the major reason you buy life insurance is to cover the financial effects of unexpected or untimely death. Life insurance also can be one of many ways you plan for the future.

NEXT, learn what kinds of policies will meet your needs and pick the one that best suits you.

THEN, choose the combination of policy premium and benefits that emphasizes protection in case of early death, or benefits in case of long life, or a combination of both.

It makes good sense to ask a life insurance agent or company to help you. An agent can help you review your insurance needs and give you information about the available policies. If one kind of policy doesn't seem to fit your needs, ask about others.

This guide provides only basic information. You can get more facts from a life insurance agent or company or from your public library.

What About the Policy You Have Now?

If you are thinking about dropping a life insurance policy, here are some things you should consider:

- If you decide to replace your policy, don't cancel your old policy until you have received the new one. You then have a minimum period to review your new policy and decide if it is what you wanted.
- It may be costly to replace a policy. Much of what you paid in the early years of the policy you have now, paid for the company's cost of selling and issuing the policy. You may pay this type of cost again if you buy a new policy.
- Ask your tax advisor if dropping your policy could affect your income taxes.
- If you are older or your health has changed, premiums for the new policy will often be higher. You will not be able to buy a new policy if you are not insurable.
- You may have valuable rights and benefits in the policy you now have that are not in the new one.
- If the policy you have now no longer meets your needs, you may not have to replace it. You might be able to change your policy or add to it to get the coverage or benefits you now want.
- At least in the beginning, a policy may pay no benefits for some causes of death covered in the policy you have now.

In all cases, if you are thinking of buying a new policy, check with the agent or company that issued you the one you have now. When you bought your old policy, you may have seen an illustration of the benefits of your policy. Before replacing your policy, ask your agent or company for an updated illustration. Check to see how the policy has performed and what you might expect in the future, based on the amounts the company is paying now.

How Much Do You Need?

Here are some questions to ask yourself:

- How much of the family income do I provide? If I were to die early, how would my survivors, especially my children, get by? Does anyone else depend on me financially, such as a parent, grandparent, brother or sister?
- Do I have children for whom I'd like to set aside money to finish their education in the event of my death?
- How will my family pay final expenses and repay debts after my death?
- Do I have family members or organizations to whom I would like to leave money?
- Will there be estate taxes to pay after my death?
- How will inflation affect future needs?

As you figure out what you have to meet these needs, count the life insurance you have now, including any group insurance where you work or veteran's insurance. Don't forget Social Security and pension plan survivor's benefits. Add other assets you have: savings, investments, real estate and personal property. Which assets would your family sell or cash in to pay expenses after your death?

What is the Right Kind of Life Insurance?

All policies are not the same. Some give coverage for your lifetime and others cover you for specific number of years. Some build up cash values and others do not. Some policies combine different kinds of insurance, and others let you change from one kind of insurance to another. Some policies may offer other benefits while you are still living. Your choice should be based on your needs and what you can afford.

There are two basic types of life insurance: **term insurance** and **cash value insurance**. Term insurance generally has lower premiums in the early years, but does not build up cash values that you can use in the future. You may combine cash value life insurance with term insurance for the period of your greatest need for life insurance to replace income.

Term Insurance covers you for a term of one or more years. It pays a death benefit only if you die in that term. Term insurance generally offers the largest insurance protection for your premium dollar. It generally does not build up cash value.

You can renew most term insurance policies for one or more terms even if your health has changed. Each time you renew the policy for a new term, premiums may be higher. Ask what the premiums will be if you continue to renew the policy. Also ask if you will lose the right to renew the policy at some age. For a higher premium, some companies will give you the right to keep the policy in force for a guaranteed period at the same price each year. At the end of that time you may need to pass a physical examination to continue coverage, and premiums may increase.

You may be able to trade many term insurance policies for a cash value policy during a conversion period—even if you are not in good health. Premiums for the new policy will be higher than you have been paying for the term insurance.

Cash Value Life Insurance is a type of insurance where the premiums charged are higher at the beginning than they would be for the same amount of term insurance. The part of the premium that is not used for the cost of insurance is invested by the company and builds up a cash value that may be used in a variety of ways. You may borrow against a policy's cash value by taking a policy loan. If you don't pay back the loan and the interest on it, the amount you owe will be subtracted from the benefits when you die, or from the cash value if you stop paying premiums and take out the remaining cash value. You can also use your cash value to keep insurance protection for a limited time or to buy a reduced amount without having to pay more premiums. You also can use the cash value to increase your income in retirement or to help pay for needs such as a child's tuition without canceling the policy. However, to build up this cash value, you must pay higher premiums in the earlier years of the policy. Cash value life insurance may be one of several types: whole life, universal life and variable life are all types of cash value insurance.

Whole Life Insurance covers you for as long as you live if your premiums are paid. You generally pay the same amount in premiums for as long as you live. When you first take out the policy, premiums can be several times higher than you would pay initially for the same amount of term insurance. But they are smaller than the premiums you would eventually pay if you were to keep renewing a term policy until your later years.

Some whole life policies let you pay premiums for a shorter period such as 20 years, or until age 65. Premiums for these policies are higher since the premium payments are made during a shorter period.

Universal Life Insurance is a kind of flexible policy that lets you vary your premium payments. You can also adjust the face amount of your coverage. Increases may require proof that you qualify for the new death benefit. The premiums you pay (less expense charges) go into a policy account that earns interest. Charges are deducted from the account. If your yearly premium payment plus the interest your account earns is less than the charges, your account value will become lower. If it keeps dropping, eventually your coverage will end. To prevent that, you may need to start making premium payments, or increase your premium payments, or lower your death benefits. Even if there is enough in your account to pay the premiums, continuing to pay premiums yourself means that you build up more cash value.

Variable Life Insurance is a kind of insurance where the death benefits and cash values depend on the investment performance of one or more separate accounts, which may be invested in mutual funds or other investments allowed under the policy. Be sure to get the prospectus from the company when buying this kind of policy and **STUDY IT CAREFULLY**. You will have higher death benefits and cash value if the underlying investments do well. Your benefits and cash value will be lower or may disappear if the investments you chose didn't do as well as you expected. You may pay an extra premium for a guaranteed death benefit.

Life Insurance Illustrations

You may be thinking of buying a policy where cash values, death benefits, dividends or premiums may vary based on events or situations the company does not guarantee (such as interest rates). If so, you may get an illustration from the agent or company that helps explain how the policy works. The illustration will show how the benefits that are not guaranteed will change as interest rates and other factors change. The illustration will show you what the company guarantees. It will also show you what *could* happen in the future. Remember that nobody knows what will happen in the future. You should be ready to adjust your financial plans if the cash value doesn't increase as quickly as shown in the illustration. You will be asked to sign a statement that says you understand that some of the numbers in the illustration are not guaranteed.

Finding a Good Value in Life Insurance

After you have decided which kind of life insurance is best for you, compare similar policies from different companies to find which one is likely to give you the best value for your money. A simple comparison of the premiums is not enough. There are other things to consider. For example:

- Do premiums or benefits vary from year to year?
- How much do the benefits build up in the policy?

- What part of the premiums or benefits is not guaranteed?
- What is the effect of interest on money paid and received at different times on the policy?

Once you have decided which type of policy to buy, you can use a cost comparison index to help you compare similar policies. Life insurance agents or companies can give you information about several different kinds of indexes that each work a little differently. One type helps you compare the costs between two policies if you give up the policy and take out the cash value. Another helps you compare your costs if you don't give up your policy before its coverage ends. Some help you decide what kind of questions to ask the agent about the numbers used in an illustration. Each index is useful in some ways, but they all have shortcomings. Ask your agent which will be most helpful to you. Regardless of which index you use, compare index numbers only for similar policies—those that offer basically the same benefits, with premiums payable for the same length of time.

Remember that no one company offers the lowest cost at **all** ages for **all** kinds and amounts of insurance. You should also consider other factors:

- How quickly does the cash value grow? Some policies have low cash values in the early years that build quickly later on. Other policies have a more level cash value build-up. A year-by-year display of values and benefits can be very helpful. (The agent or company will give you a policy summary or an illustration that will show benefits and premiums for selected years.)
- Are there special policy features that particularly suit your needs?
- How are nonguaranteed values calculated? For example, interest rates are important in determining policy returns. In some companies increases reflect the average interest earnings on all of that company's policies regardless of when issued. In others, the return for policies issued in a recent year, or a group of years reflects the interest earnings on that group of policies; in this case, amounts paid are likely to change more rapidly when interest rates change.

NOTICE REGARDING INITIAL PREMIUM AND EFFECTIVENESS OF COVERAGE

Please review this Notice carefully

Thank you for choosing North American for your life insurance needs.

When you apply for a life insurance policy with North American, you have a choice to make regarding payment of the initial premium. One of your options is to submit in advance the amount of money your agent determines is reasonably expected to cover the initial premium that would be required if the policy is issued in the amount, at the issue age, and the underwriting classification used by your agent to estimate the premium. Alternatively, you can wait to submit any payment until after the policy is delivered to you and the amount of the initial premium is certain. However, coverage will not take effect under the policy in any case before the initial premium has been paid. Moreover, until the company reviews your application and determines to issue a policy, there is no assurance that your application will be approved. If your application is not approved, any amount you submitted in advance will be refunded. Even if your application is approved, it is possible that the initial premium will be greater than estimated by your agent. This Notice provides important details about how the process works. Section II below explains an important right you have to have your policy re-dated if you do not pay your initial premium until after the Policy Date set forth in the policy.

I. Application Accompanied By Check To Cover The Initial Premium

You have the option of submitting additional payments to North American along with your application to cover the estimated amount of the initial premium that would be due if a policy is issued to you. In that case, if the Company issues a policy to you and the amount of payment submitted with your application is sufficient to cover the initial premium due under your policy, then coverage will become effective as of the Policy Date set forth in your policy, subject to the terms and conditions of the policy and your application. The policy will be delivered to you as soon as practicable. If the amount of the payment submitted with your application is insufficient to cover the initial premium, then your application will be treated as an application submitted without payment of the initial premium as set forth in Section II below. If your application is declined, your payment will be returned to you.

II. Application Submitted Without Sufficient Funds To Cover The Initial Premium

Coverage does not become effective under your North American life insurance policy until approved by the company and the initial premium is paid in full. If your application is approved and a policy is issued, but you did not submit the estimated initial premium in advance, or the actual initial premium is greater than the amount submitted based on the estimate, then payment of the unpaid initial premium must be received by North American before coverage will be effective. In such case, North American will issue a policy with a Policy Date in the near future. The policy may actually be delivered to you either before or after the Policy Date. As soon as all conditions set forth in the application and the policy are met and you have paid the initial premium in full, coverage will become effective. Therefore, coverage may be effective either before or after the Policy Date. The Policy Date will be important in various determinations under your policy. If the Policy Date set forth in the Policy is earlier than the date that your premium and other requirements (such as signing a new application, policy amendment, statement of health, or other required form) are received by the Company and the policy is placed in force, then you may elect to have the policy re-dated as of the date coverage takes effect. By making that election, you can assure that the amount of your initial premium corresponds precisely with the applicable coverage period.

You may also elect to have the Policy Date set on a date earlier than the date coverage becomes effective. Please consult with your agent to determine if that might be in your best interest.

Please keep in mind, however, that changing your Policy Date could have an impact on the insured's issue age, resulting in a possible premium adjustment. The issue age is the age of the insured on their birthday nearest the Policy Date. If you change the Policy Date to a date that results in a change in the issue age, your premium will be adjusted. If the new Policy Date results in a younger issue age, your premium will be reduced. If the new Policy Date results in an older issue age, your premiums will be increased. In addition, verification that there has been no change in the information provided with your application and through the underwriting process may be required if a change to a later Policy Date is requested. Certain restrictions on changes in your Policy Date may apply. Please contact your agent or North American for further details. If you do not elect to have your policy re-dated, the Policy Date on the policy will not be changed and your information will not be adjusted.

Please refer to your policy contract for a full explanation of the meaning of your Policy Date and the various aspects of your contract that are affected by your Policy Date. A change in the Policy Date will affect policy provisions including, but not limited to, the contestability provision and suicide exclusions. As always, please familiarize yourself with your Policy. It defines the relationship between you and North American. This Notice does not alter or amend the terms of the policy.

If you wish to change the Policy Date, please notify North American in writing within seven (7) calendar days after delivery of your policy. Your written request must include a copy of this signed Notice and the schedule page from the original policy. Your Policy Date will be changed to the date of delivery reflected below on this Notice, subject to verification of the continued accuracy of the information contained in your application and provided through the underwriting process. This also should be the date of your premium check. Your new Policy Date, however, cannot be the 29th, 30th or 31st of any month because of the inability of our system to accommodate such a date. Accordingly, if your policy is delivered on one of those dates, we will assign a Policy Date of the 28th of that month. Your request should be sent to:

North American Life Insurance Company
One Sammons Plaza
Sioux Falls, SD 57193

Please keep in mind that coverage can only take effect when and if the full initial premium payment has been made as required by the policy.

Questions concerning this notice or changes to your Policy Date should be directed to your agent or North American at (877) 872-0757.

**NOTICE CONCERNING COVERAGE
LIMITATIONS AND EXCLUSIONS UNDER THE
SOUTH DAKOTA LIFE AND HEALTH INSURANCE
GUARANTY ASSOCIATION ACT**

Residents of South Dakota who purchase life insurance, annuities or health insurance should know that the insurance companies licensed in this state to write these types of insurance are members of the South Dakota Life and Health Insurance Guaranty Association. The purpose of this association is to assure that policyholders will be protected, within limits, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this should happen, the Guaranty Association will assess its other member insurance companies for the money to pay the claims of insured persons who live in this state and, in some cases, to keep coverage in force. The valuable extra protection provided by these insurers through the Guaranty Association is not unlimited, however. And, as noted in the box below, this protection is not a substitute for consumers' care in selecting companies that are well-managed and financially stable.

The Guaranty Association does not provide coverage for all types of life, health, or annuity benefits, and the Guaranty Association may not provide coverage for this policy. If coverage is provided, it may be subject to substantial limitations or exclusions, and require continued residency in South Dakota. You should not rely on coverage by the South Dakota Life and Health Insurance Guaranty Association in selecting an insurance company or in selecting an insurance policy.

Coverage is NOT provided for your policy or any portion of it that is not guaranteed by the insurer or for which you have assumed the risk, such as a variable contract sold by prospectus.

Insurance companies or their agents are required by law to give or send you this notice. However, insurance companies and their agents are prohibited by law from using the existence of the Guaranty Association for the purpose of sales, solicitation, or inducement to purchase any kind of insurance policy.

The state law that provides for this safety-net coverage is called the South Dakota Life and Health Insurance Guaranty Association Act. Below is a brief summary of this law's coverages, exclusions and limits. This summary does not cover all provisions of the law nor does it in any way change anyone's rights or obligations under the Act or the rights or obligations of the Guaranty Association.

COVERAGE

Generally, individuals will be protected by the Life and Health Insurance Guaranty Association if they live in this state and hold a life or health insurance contract, or an annuity, or if they are an insured certificateholder under a group insurance contract, issued by a member insurer. The beneficiaries, payees or assignees of insured persons are protected as well, even if they live in another state. Coverage is also provided by the Guaranty Association to persons eligible to receive payment under structured settlement annuities who are residents of this state and, under certain conditions, such persons even if they are not a resident of this state.

EXCLUSIONS FROM COVERAGE

However, persons holding such policies are **not** protected by the Guaranty Association if:

- they are eligible for protection under the laws of another state (this may occur when the insolvent insurer was incorporated in another state whose guaranty association protects insureds who live outside that state);
- the insurer was not authorized to do business in this state;
- their policy was issued by an HMO, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company or similar plan in which the policyholder is subject to future assessments, or by an insurance exchange.

The Guaranty Association also does **not** provide coverage for:

- any policy or portion of a policy which is not guaranteed by the insurer or for which the individual has assumed the risk, such as a variable contract sold by prospectus;
- claims based on marketing materials or other documents which are not approved policy forms, claims based on misrepresentations of policy benefits, and other extra-contractual claims;
- any policy of reinsurance (unless an assumption certificate was issued);
- interest rate yields that exceed an average rate specified by statute;
- dividends;
- credits given in connection with the administration of a policy by a group contract holder;
- employers' plans to the extent they are self-funded (that is, not insured by an insurance company, even if an insurance company administers them);
- unallocated annuity contracts (which give rights to group contract holders, not individuals);
- certain contracts which establish benefits by reference to a portfolio of assets not owned by the insurer.
- Policies providing health care benefits for Medicare Parts C or D coverage.

LIMITS ON AMOUNT OF COVERAGE

The Guaranty Association in no event will pay more than what an insurance company would owe under a policy or contract. In addition, state law limits the amount of benefits the guaranty association will pay for any one insured life, and no matter how many policies or contracts there are with the same company, as follows: (i) for life insurance, not more than \$300,000 in death benefits and not more than \$100,000 in net cash surrender and net cash withdrawal values; (ii) for health insurance, not more than \$500,000 for basic hospital, medical and surgical insurance, not more than \$300,000 for disability insurance and long term care insurance, and not more than \$100,000 for other types of health insurance; and (iii) for annuities, not more than \$250,000 in the present value of annuity benefits, including net cash surrender and net cash withdrawal values. However, in no event will the Guaranty Association be obligated to cover more than an aggregate of \$300,000 in benefits with respect to any one life except with respect to benefits for basic hospital, medical and surgical insurance, for which the aggregate liability of the guaranty association may not exceed \$500,000. These general statements of the limits on coverage are only summaries and the actual limitations are set forth in South Dakota law.

ADDITIONAL INFORMATION

The statutes which govern the Guaranty Association are contained in SDCL Chapter 58-29C. Additional information about the Guaranty Association may be found at www.sdlifega.org, which contains a link to SDCL Chapter 58-29C.

Information about the financial condition of insurers is available from a variety of sources, including financial rating agencies such as A.M. Best Company, Fitch Inc., Moody's Investors Service, Inc., and Standard & Poor's. Additional information about financial rating agencies may be obtained by clicking on "Useful Links" on the website of the South Dakota Division of Insurance at www.dlr.sd.gov/insurance.

The Guaranty Association is subject to supervision and regulation by the director of the South Dakota Division of Insurance. Persons who desire to file a complaint to allege a violation of the statutes governing the Guaranty Association may contact the Division of Insurance. State law provides that any suit against the Guaranty Association shall be brought in Hughes County, South Dakota.

- 2.1.1 PROCEEDS PAYABLE** – If the Insured dies while this Policy is in effect, We will pay the Policy Proceeds to the Beneficiary upon:
- (a) Receipt at Our Administrative Office of due proof of the Insured's death acceptable to Us; and
 - (b) Information sufficient to determine Our liability and the appropriate payee legally entitled to the Policy Proceeds; and
 - (c) If Policy Proceeds depend on the action of parties other than Us, the date that legal impediments to payment are resolved and sufficient evidence is provided to Us.

We may require a request to receive Policy Proceeds be on Our form(s). "Proof of death" includes, but is not limited to, a certified copy of the death certificate of the Insured, or other lawful evidence providing equivalent information.

Policy Proceeds payable at the Insured's death are equal to:

- (a) The amount of the Death Benefit referenced in Section 2.2: Death Benefit; plus
- (b) Any Endorsement or Rider providing proceeds that are payable on the Insured's death; less
- (c) Any Policy Debt; and less
- (d) Any Additional Required Premium referenced in Section 4.10: Additional Required Premium.

Policy Proceeds will be paid in one lump sum. We will pay interest from the date of the Insured's death until the date when Policy Proceeds are paid. Interest will be paid at the annual interest rate being paid on proceeds left on deposit with Us.

Interest will be paid at the annual interest rate determined by Us, which will be the greater of:

- (a) The current interest rate being paid on proceeds left on deposit with Us; or
- (b) The rate required by law.

The Policy Proceeds will be exempt from the claims of creditors and from legal process, to the extent the law permits.

If this Policy is surrendered, or is in effect on the Maturity Date, and the Maturity Date has not been extended, the Policy Proceeds payable to You will be the Net Cash Surrender Value, if any, on such date.

Under the Level Death Benefit, the Death Benefit is the greater of the:

- (a) Specified Amount; or

- (a) Specified Amount plus the Account Value; or
- (b) Minimum Death Benefit as described in Section 2.3: Minimum Death Benefit.

2.2.1 LIFE INSURANCE QUALIFICATION TEST – This test is used to ensure that Your Policy qualifies for tax treatment as life insurance under federal law. The Life Insurance Qualification Test is an option that You select at the time of application. You may choose the Cash Value Accumulation Test or the Guideline Premium Test. The test You selected is shown on the Schedule of Policy Benefits and may not be changed for the life of this Policy.

2.3 MINIMUM DEATH BENEFIT – The Minimum Death Benefit is equal to the Account Value multiplied by the Corridor Percentage. The Corridor Percentage is shown on the Corridor Percentage Table in the Schedule of Policy Benefits and changes on each Policy Anniversary. If You have selected the Guideline Premium Test, the Corridor Percentage depends upon the Policy Age of the Insured. If You have selected the Cash Value Accumulation Test, the Corridor Percentage depends upon the Policy Age and Sex.

2.4 INTENDED TO QUALIFY AS LIFE INSURANCE – This Policy is intended to qualify as life insurance under the Internal Revenue Code of 1986, as amended. We reserve the right to amend this Policy so it remains qualified for treatment as life insurance. The Corridor Percentages and the Minimum Death Benefit are subject to change if required to continue to qualify this Policy as life insurance.

SECTION 3: GENERAL PROVISIONS

3.1 CONTRACT

3.1.1 ENTIRE CONTRACT – The entire contract between You and Us consists of this Policy, including any attached Endorsements or Riders, any attached schedules, the attached written application for this Policy, and any attached supplemental written application(s). Each statement made in any such written application, in the absence of fraud, is deemed a representation and not a warranty. We will not use any statement made by the Insured, or on the Insured's behalf, to contest a claim under this Policy unless it is contained in a written application and attached to this Policy.

Any Endorsement or Rider attached to this Policy is a part of this Policy and is subject to the terms of this Policy, unless stated otherwise in the Endorsement or Rider.

3.2 CHANGES TO POLICY – No one has the authority to change any part of this Policy or to waive any of its provisions unless the change is approved in writing by Our President, one of Our Vice Presidents or Our Secretary. We may change this Policy without Your consent to conform to state or federal laws or regulations by attaching an Endorsement or Rider to this Policy that was approved by the proper regulatory authority.

3.3 INCONTESTABILITY – We cannot contest this Policy, or any Rider attached to it, after it has been in effect during the lifetime of the Insured for two years from the Policy Date or, if reinstated, for two years from the date of Reinstatement, except for:

- (a) Non-payment of premium;
- (b) Provisions related to benefits payable in the event of total and permanent disability or accidental death benefits; or
- (c) Fraud, when permitted by applicable law in the state where this Policy is delivered or issued for delivery.

An increase in the Specified Amount or a Premium Class change effective after the Policy Date that requires underwriting may be contested only with respect to material misstatements made in the application for the increase in the Specified Amount or Premium Class change for two years from the effective date of the increase or Premium Class change.

Reinstatements may be contested only with respect to material misstatements made in the application for Reinstatement for two years from the effective date of Reinstatement.

As long as this Policy remains contestable, the Insured, Owner, Beneficiary, or next-of-kin will cooperate with the Company in any contestable investigation conducted by the Company, including, but not limited to, supplying the Company with necessary authorizations for medical and other information.

- 3.4 SUICIDE** – If the Insured commits suicide, while sane or insane, within two years (1 year if issued in North Dakota) from the Policy Date, Our liability is limited to an amount equal to the total premiums paid, less any Policy Debt and Withdrawal amount. We will pay this amount to the Beneficiary in one lump sum.

If the Insured commits suicide, while sane or insane, within two years (1 year if issued in North Dakota) from the effective date of any increase in the Specified Amount, Our liability with respect to such increase is limited to the Cost of Insurance charged for such increase.

- 3.5 MISSTATEMENT OF AGE OR SEX** – If We learn that the age or sex of the Insured has been stated incorrectly, the Specified Amount will be adjusted to be that which would have been purchased by the most recent Cost of Insurance charge. Thereafter, Monthly Deductions will be based upon the correct age and sex of the Insured. This may result in the changes described in Section 5.1: Changes in Specified Amount.

If We learn that the age or sex of the person covered under an Endorsement or Rider has been stated incorrectly, the Benefit Amount for the Endorsement or Rider, if any, will be changed to that which would have been purchased by the most recent Endorsement or Rider charge based on the covered person's correct age and sex. Thereafter, Monthly Deductions will be based upon the covered person's correct age and sex.

- 3.6 TAX IMPLICATIONS** – It is recommended that You contact a tax advisor to assess tax consequences before making any Policy changes, taking out a Policy Loan or requesting a Withdrawal. If this Policy is in effect at the Insured's Policy Age 100, it is recommended that You contact a tax advisor since maintaining this Policy beyond such age may result in tax consequences. These recommendations are not intended as tax or legal advice.

- 3.7 NON-PARTICIPATING** – This Policy does not pay dividends or otherwise share in Our profits or surplus.

3.8 OWNERSHIP AND BENEFICIARY

- 3.8.1 OWNER'S RIGHTS** – This Policy belongs to You. You have all rights granted by this Policy, including the right to change Owners and Beneficiaries, subject to the rights of any:
- (a) Assignee of record with Us;
 - (b) Irrevocable Beneficiary; and
 - (c) Restricted ownership.

We must receive Written Notice informing Us of any change, designation, or revocation. Once recorded, a change, designation or revocation takes effect as of the date the Written Notice was signed, unless otherwise specified by the Owner. However, We are not liable for payments made by Us before We record the Written Notice.

3.8.2 CHANGE OF OWNER OR CONTINGENT OWNER – On the Policy Date, the Owner and any Contingent Owner are as designated in the application. You may change the Owner by absolute Assignment. For details, see Section 3.9: Assignment. You may designate, change, or revoke a Contingent Owner. We must receive Written Notice informing Us of the designation, change, or revocation. Upon receipt, a designation, change, or revocation takes effect as of the date the Written Notice was signed, unless otherwise specified by the Owner. However, We are not liable for any payment made by Us before We record the Written Notice.

The Policy is intended to be issued to individuals and to insure individual risks. The Policy is not designed for institutional investors or the covering of multiple risks or being used in concert with other policies We issue to cover a single life. We reserve the right to reject any requested change of ownership that would materially alter the risk We assumed in issuing this Policy or any change of ownership that converts ownership to an institution other than certain grantor trusts.

3.9 ASSIGNMENT – You may Assign this Policy. We are bound by an Assignment only if We receive the original Assignment, or a certified copy, at Our Administrative Office and it is accepted and recorded by Us. We are not liable for any payment made by Us before We record the Assignment. The Assignment takes effect on the date the notice of Assignment is signed by the Owner, unless otherwise specified by the Owner. We take no responsibility for the validity of any Assignment.

You may revoke any Assignment prior to its effective date provided We receive Written Notice of revocation before the Assignment is recorded by Us.

An Assignment will not change or revoke the Beneficiary designation in effect at the time the Assignment is made. If an Assignment is absolute, Your rights and privileges, including any right to change the Beneficiary, vest in the assignee. If any Assignment is collateral, the collateral assignee has priority over the interest of any Beneficiary or payee.

3.10 BENEFICIARY – On the Policy Date, Beneficiaries are as stated in the application. If no Beneficiaries are designated in the application, You are the Beneficiary. A Beneficiary is revocable unless otherwise stated in the Beneficiary designation. If no Primary Beneficiaries are living at the time of the Insured's death, the Policy Proceeds are payable to the Contingent Beneficiary, if any. If there are no Beneficiaries living at the time of the Insured's death, You or Your estate will receive the Policy Proceeds.

Proceeds Payable to a single surviving Beneficiary will be the entire Policy Proceeds. If there is more than one surviving Beneficiary, they will share the Policy Proceeds as stated in the application or in a Written Notice received by Us. If a named Beneficiary predeceases the Insured, that share of the Policy Proceeds will be divided among the surviving Beneficiaries in the same proportion as stated in the application or Written Notice.

If no direction is provided by You on the application or in a Written Notice as to the division of the Policy Proceeds, they will be divided equally among the surviving Beneficiaries, as described in this Section.

3.10.1 CHANGE OF BENEFICIARY – You may change a revocable Beneficiary. An Irrevocable Beneficiary can be changed if the current Irrevocable Beneficiary consents to the change. We must receive Written Notice informing Us of the change. Upon receipt, a change takes effect as of the date the Written Notice was signed by the Owner, unless otherwise specified by the Owner. However, We are not liable for any payment made by Us before We record the Written Notice.

3.10.2 BENEFICIARY DEATH IN COMMON EVENT – If any Beneficiary dies with the Insured in a Common Event, benefits will be paid as if the Beneficiary predeceased the Insured unless it is proved otherwise to Our satisfaction.

3.11 RIGHT TO REQUEST THIS POLICY – If You request a change that would cause the information in the Schedule of Policy Benefits, the application, or any supplemental application to be incorrect, We reserve the right to require this Policy be returned to Us so that the appropriate changes can be made.

3.12 EFFECTIVE DATE – Benefits under this Policy become effective as follows:

- (a) All benefits provided in the original application are effective on the Policy Date.
- (b) Any increase in Specified Amount or addition to coverage is effective on the Monthly Anniversary that falls on or next follows the date We approve any supplemental application. A notice will be mailed to Your last known address confirming the change and effective date of the change.

- (c) For any insurance that has been reinstated, coverage is effective on the Monthly Anniversary that falls on or next follows the date We approve the application for Reinstatement.

3.13 TERMINATION OF COVERAGE – All benefits provided by this Policy will cease if:

- (a) You request that this Policy be surrendered by asking Us to pay You the full Net Cash Surrender Value; or
- (b) The Insured dies; or
- (c) This Policy matures; or
- (d) This Policy reaches the end of the Grace Period without additional payment as described in Section: 4.9 Grace Period.

We reserve the right to terminate any Endorsement or Rider at the Insured's Policy Age 120 if charges for such forms are deducted from the Account Value at that time.

SECTION 4: PREMIUMS

4.1 PAYMENT OF PREMIUMS – Premiums are payable in advance. The first premium must be received by Us by the Policy Date and may be paid to Our authorized agent or to Us at Our Administrative Office. Premiums received before the Policy Date are applied on the Policy Date. Each premium, other than the first, must be paid to Us at Our Administrative Office. Subject to the Minimum Unscheduled Premium Payment amount shown on the Schedule of Policy Benefits, and subject to the Maximum Premium Limits, subsequent premium payments may be made at any time while this Policy is in effect.

We will send premium notices to You at Your last known address according to the Planned Periodic Premium Schedule You selected, as shown on the Schedule of Policy Benefits. You may ask Us to change the amount or frequency of the premium notices as long as the amount is sufficient to keep Your Policy in effect and does not violate the Maximum Premium Limits. A premium receipt signed by one of Our officers will be furnished upon request.

For automatic recurring premiums, We reserve the right to allocate the premium to the Fixed Account or any of the Index Selections on a consistent day of the month even if that day is not a Business Day.

We will not accept premiums in excess of the Maximum Premium Limits unless needed to keep this Policy in effect.

Premium is not accepted in any years following the Insured's Policy Age 120. This includes premium for any Rider.

4.2 MAXIMUM PREMIUM LIMITS – We reserve the right to refuse additional premium if the additional premium would cause:

- (a) the Death Benefit to be equal to the Minimum Death Benefit as described in Section 2.3: Minimum Death Benefit; or
- (b) classification of Your Policy as a modified endowment contract under the Internal Revenue Code, unless You have agreed to such classification in writing.

4.3 PREMIUM ALLOCATION – You may direct premiums to be allocated among the Fixed Account or any of the Index Selections that are shown on the Schedule of Policy Benefits or added by Endorsement or Rider. The allocations are stated in percentages and they must total 100%. We reserve the right to limit the number of Index Selections that can be utilized for new premiums.

The allocation percentages that took effect on the Record Date are shown on the application. If any premium is received prior to the Record Date, the Net Premium will be allocated to the Fixed Account regardless of the allocation percentages You have specified. On the Record Date, the value in the Fixed Account will be reallocated among the Fixed Account and the Index Selections as You specified in the application.

For any premium received on or after the Record Date, if the Fixed Account Value is less than zero, all Net Premium will be allocated to the Fixed Account until the Fixed Account Value equals zero, regardless of Your premium allocation percentages currently in effect. Any remaining Net Premium will be allocated according to Your most recent premium allocation instructions among the Fixed Account or any of the Index Selections that are shown on the Schedule of Policy Benefits or added by Endorsement or Rider.

4.4 DISCONTINUATION OF OR SUBSTANTIAL CHANGE TO AN INDEX – If an Index is discontinued, the calculation of an Index is changed substantially, or if We are unable to utilize an Index, We may discontinue

the Index or substitute a similar Index. If We substitute an Index, We will submit any such substitution to the insurance department in the state in which this Policy was delivered for prior approval. We will send notification to Your last known address of any changes.

4.5 CHANGING YOUR PREMIUM ALLOCATIONS – The allocation of Net Premium that took effect on the Record Date is shown on the application. You may change the allocation of future Net Premium at any time while this Policy is in effect. To do so, You must send Us Written Notice of Your allocation change unless prior written authorization has been provided to Us to accept changes via telephone. The change will take effect on the date We receive Written Notice. Any premium allocations must total 100%. There is no charge for changing premium allocations.

4.6 CONTINUATION OF INSURANCE – Subject to the Grace Period provision, even if You stop paying premiums, this Policy will continue as long as:

- (a) The Net Cash Surrender Value is sufficient to allow Monthly Deductions; or
- (b) This Policy is within the No Lapse Guarantee Period and the No Lapse Guarantee Premium Requirement is satisfied, as described in Section 4.7 and Section 4.8 below.

4.7 NO LAPSE GUARANTEE PERIOD – The No Lapse Guarantee Period begins on the Policy Date and ends on the No Lapse Guarantee Period End Date shown on the Schedule of Policy Benefits. During the No Lapse Guarantee Period, regardless of the amount of Net Cash Surrender Value, this Policy will not enter the Grace Period on any Monthly Anniversary that the No Lapse Guarantee Premium Requirement is satisfied.

During the No Lapse Guarantee Period, the Account Value may have a negative balance. We will not credit or charge interest on this negative balance. Monthly Deductions will continue to be made and will be deducted from the negative balance. At the end of the No Lapse Guarantee Period, the Net Cash Surrender Value may be insufficient to keep this Policy in effect, unless additional payment is made. If no additional payment is made the Grace Period will begin. For details, see Section 4.9: Grace Period.

4.8 NO LAPSE GUARANTEE PREMIUM REQUIREMENT – The No Lapse Guarantee Premium Requirement is satisfied on any date if the sum of the premiums paid is greater than or equal to:

- (a) The sum of the No Lapse Guarantee Premium for each Policy Month from the Policy Date up to and including the current month; plus
- (b) Any Withdrawal, Withdrawal Charge, and Withdrawal Processing Fee; plus
- (c) Any Policy Debt.

The No Lapse Guarantee Premium in effect on the Policy Date is shown on the Schedule of Policy Benefits. We will adjust the No Lapse Guarantee Premium due to a policy change, such as, but not limited to, an increase or decrease in the Specified Amount, the addition or removal of an Endorsement or Rider, or a change in the Death Benefit Option. A notice will be mailed to Your last known address confirming the change, effective date of the change, and the adjusted No Lapse Guarantee Premium.

4.9 GRACE PERIOD – Before this Policy will terminate for insufficient payment of premium, a Grace Period of 61 days will be given for the payment of additional premiums to keep this Policy in effect. Notice of such premium will be mailed to Your last known address no later than 30 days prior to termination. Such notice is also sent to any assignee of record. During the Grace Period, the Death Benefit will be equal to the Death Benefit in effect immediately prior to the Grace Period, less any Additional Required Premium that was due during the Grace Period. The Grace Period will begin on any Monthly Anniversary where this Policy does not meet the conditions as described in Section 4.6: Continuation of Insurance. If the Grace Period expires without payment of the Additional Required Premium, this Policy will terminate at the end of the Grace Period without value. Any payments sent by U.S. mail must be postmarked within the Grace Period.

4.10 ADDITIONAL REQUIRED PREMIUM – If this Policy is within the No Lapse Guarantee Period, the Additional Required Premium to keep this Policy in effect will be the lesser of the premium needed to:

- (a) Satisfy the No Lapse Guarantee Premium Requirement at the beginning of the Grace Period; or
- (b) Increase the Net Cash Surrender Value to an amount that allows the Monthly Deduction to be made.

If this Policy is beyond the No Lapse Guarantee Period, the Additional Required Premium will be the premium needed to increase the Net Cash Surrender Value to an amount that allows the Monthly Deduction to be made. As long as the Net Cash Surrender Value allows the Monthly Deduction to be made, the Policy will not enter the Grace Period.

- 4.11 REINSTATEMENT** – This Policy may be reinstated following the end of the Grace Period if You have not surrendered Your policy for its Net Cash Surrender Value. Such Reinstatement must be made within five years of the expiration of the Grace Period. For such Reinstatement, We will require:
- (a) Written application for Reinstatement received by Us;
 - (b) Evidence of insurability satisfactory to Us which may result in the reinstated policy being in a different Premium Class;
 - (c) Payment of premium sufficient to keep this Policy in effect from the beginning of the Grace Period to the date this Policy terminated, plus payment of premium that is enough to keep this Policy in effect for two months following Reinstatement;
 - (d) All money in the Index Selections be transferred to the Fixed Account, effective on the date the Grace Period expired; and
 - (e) Payment or reinstatement of any Policy Debt, plus interest accrued from the date of termination to the date of Reinstatement.

At the time of Reinstatement, We will reallocate the value in the Fixed Account among the Fixed Account and the Index Selections according to Your most recent premium allocation instructions.

If the Grace Period expired during the No Lapse Guarantee Period and this Policy is reinstated, We will reinstate the No Lapse Guarantee Period. To reinstate the No Lapse Guarantee Period, the No Lapse Guarantee Premium Requirement must be satisfied at the time of Reinstatement. We will extend the No Lapse Guarantee Period by the number of months the Policy was not in effect and will provide You a notice with the new No Lapse Guarantee Period End Date.

If the Grace Period expired in a Policy Year where the Surrender Charge shown on the Schedule of Policy Benefits was greater than zero and this Policy is reinstated, any remaining Surrender Charge period and Surrender Charges that existed at the time the Policy terminated will be applied to the reinstated policy.

All other charges, including charges for any reinstated Endorsement or Rider, will continue to be deducted after Reinstatement.

Reinstatement is effective on the first Monthly Anniversary on or following Our approval of the Reinstatement.

A surrendered policy cannot be reinstated.

SECTION 5: CHANGES IN COVERAGE

- 5.1 CHANGES IN SPECIFIED AMOUNT** – You may change the Specified Amount while this Policy is in effect. You must send Us Written Notice for the change. We reserve the right to limit the number of changes to one per year. If We approve the change, We will send You a notice confirming the change and the effective date of the change. Such notice will be mailed to Your last known address. Any change in Specified Amount is subject to the following conditions:
- (a) If the Specified Amount is decreased:
 1. The Specified Amount may not be decreased to less than the Minimum Specified Amount shown on the Schedule of Policy Benefits;
 2. The Specified Amount may not be reduced prior to the third Policy Year without prior approval by Us;
 3. The Specified Amount may not be decreased to an amount that would cause the Maximum Premium Limits to be violated;
 4. All decreases in Specified Amount will decrease previous increases in reverse order before decreasing the original Specified Amount;
 5. During the No Lapse Guarantee Period, the No Lapse Guarantee Premium shown on the Schedule of Policy Benefits may decrease, but the No Lapse Guarantee Period will not change;
 6. The Surrender Charge Factors will be applied to the reduced Specified Amount as described in Section 6.11.1: Surrender Charge after Changes in Coverage;
 7. The Unit Expense Charge will be applied to the reduced Specified Amount; and
 8. There may be a charge for the decrease as described in Section 5.2: Charge for Decreases.
 - (b) If the Specified Amount is increased:

1. The Specified Amount may not be increased by less than the Minimum Increase Amount shown on the Schedule of Policy Benefits;
2. The increase must be applied for on a supplemental application;
3. We will need evidence of insurability satisfactory to Us;
4. The Surrender Charge will increase and a new set of Surrender Charge Factors and a new Surrender Charge period will apply to the increase as described in 6.11.1: Surrender Charge after Changes in Coverage;
5. During the No Lapse Guarantee Period, the No Lapse Guarantee Premium shown on the Schedule of Policy Benefits will increase, but the No Lapse Guarantee Period will not be changed;
6. A new Unit Expense Charge will apply to the amount of the increase; and
7. We reserve the right to refuse any increase in the Specified Amount when the Policy Age of the Insured is greater than the maximum Issue Age available for this Policy.

5.2 CHARGE FOR DECREASES – Any requested decrease will be subject to a decrease charge if any Surrender Charges remain at the time of the decrease. The decrease charge will be deducted from the Account Value on the date of the decrease. If the Account Value is smaller than the decrease charge, an additional premium payment will be required to increase the Account Value to an amount that allows the decrease charge to be deducted.

When You request a decrease, You may tell Us how much of the decrease charge is to be taken from the Unreserved Fixed Account Value and the value in each Index Selection. If You do not otherwise notify Us in writing, the decrease charge will be taken from the Unreserved Fixed Account Value and each of the Index Selections in the proportions their values bear to the Total Unreserved Account Value. If there are multiple Index Segments within an Index Selection, the decrease charge will be taken from the Index Segments based on the start date of the current Index Period for that Index Segment with the values associated with the most recent dates being used first. You will not be eligible to earn any Index Credits on the amount that is taken from the Index Selections.

If there has been no prior increase, the maximum decrease charge will be the decrease amount divided by the Specified Amount prior to the decrease, multiplied by the Surrender Charge on the date of the decrease.

When a decrease is preceded by one or more increases, the maximum decrease charge, as described above, will be computed separately for the original Specified Amount and each increase in the Specified Amount.

If there is no Policy Debt at the time of the decrease, an alternate decrease charge will be calculated and the decrease charge will equal the lesser of the total maximum decrease charge and the alternate decrease charge. The alternate decrease charge will be the decrease amount divided by the Specified Amount prior to the decrease, multiplied by the Account Value on the date of the decrease. This calculation applies regardless of whether there has been a prior increase.

If there is Policy Debt at the time of the decrease, the alternate decrease charge does not apply and the decrease charge will be equal to the maximum decrease charge.

The maximum decrease charge will be the decrease amount divided by the Specified Amount times the Surrender Charge on the date of the decrease.

When a decrease is preceded by one or more increases, the maximum decrease charge will be computed, to the extent needed, in the following order:

- (a) Most recent increase; then
- (b) Next most recent increases, if any, in reverse order of their occurrence; and lastly,
- (c) Original Specified Amount of this Policy.

5.3 CHANGES IN DEATH BENEFIT OPTION – You may change the Death Benefit Option while this Policy is in effect. You must send Us Written Notice for the change. We will send You a notice confirming the change and the effective date of the change. Such notice will be mailed to Your last known address. We will not allow a change if it would cause the Maximum Premium Limits to be violated.

If the change is from the Level Death Benefit Option to the Increasing Death Benefit Option:

- (a) The Specified Amount will not change;
- (b) We will need evidence of insurability satisfactory to Us to approve the change;
- (c) During the No Lapse Guarantee Period, the No Lapse Guarantee Premium will not change; and
- (d) The Surrender Charge and Unit Expense Charge will not change.

However, You may request that the Specified Amount be reduced to equal the current Specified Amount minus the current Account Value. If You make this request, evidence of insurability will not be required and the provisions of Section 5.1: Changes in the Specified Amount will apply.

If the change is from the Increasing Death Benefit Option to the Level Death Benefit Option:

- (a) The Specified Amount will be increased to equal the current Specified Amount plus the current Account Value;
- (b) The Surrender Charge and Surrender Charge period will not change;
- (c) The No Lapse Guarantee Premium shown on the Schedule of Policy Benefits may increase; and
- (d) We reserve the right to apply the Unit Expense Charge to the amount of the increase.

However, You may request that the Specified Amount remain constant. If You make this request, the No Lapse Guarantee Premium, Unit Expense Charge, and Surrender Charge will not change.

5.4 CHANGES IN RIDERS – An Endorsement or Rider may be added to this Policy after the Policy Date. To apply for an available Endorsement or Rider, or to remove an existing Endorsement or Rider prior to its termination date, You must send Us Written Notice for the change. If We approve the request, We will send You a notice confirming the change and the effective date of the change. Such notice will be mailed to Your last known address. We will not allow a change if it would cause the Maximum Premium Limits to be violated.

- (a) If an Endorsement or Rider is added:
 - 1. The Endorsement or Rider must be applied for on a supplemental application;
 - 2. We may require satisfactory evidence of the insurability of the person to be covered under the Endorsement or Rider;
 - 3. During the No Lapse Guarantee Period, the No Lapse Guarantee Premium shown on the Schedule of Policy Benefits may increase;
 - 4. The cost, if any, of the additional benefit provided by the Endorsement or Rider will be included in future Monthly Deductions; and
 - 5. The Surrender Charge and Unit Expense Charge will not change.
- (b) If an Endorsement or Rider is removed:
 - 1. During the No Lapse Guarantee Period, the No Lapse Guarantee Premium shown on the Schedule of Policy Benefits may decrease;
 - 2. The cost of the additional benefit, if any, provided by the Endorsement or Rider being removed will not be included in future Monthly Deductions; and
 - 3. The Surrender Charge and Unit Expense Charge will not change.

5.5 CHANGES IN PREMIUM CLASS – A change in the Insured's Premium Class may be requested on or after the end of the first Policy Year. The Insured must meet the eligibility requirements for a specified Premium Class. To apply for a change in Premium Class, We will require:

- (a) A written application for a Premium Class change received by Us; and
- (b) Evidence of insurability satisfactory to Us.

A Premium Class change is effective on the first Monthly Anniversary on or following Our approval of such change. We will send You a Written Notice confirming the Premium Class change and the effective date of the change. Such notice will be mailed to Your last known address. A Premium Class change is subject to Section 3.3: Incontestability.

If the Premium Class is changed:

- (a) During the No Lapse Guarantee Period, the No Lapse Guarantee Premium shown on the Schedule of Policy Benefits may decrease, but the No Lapse Guarantee Period will not change;
- (b) The Cost of Insurance and Unit Expense Charge for future Monthly Deductions will be based on the new Premium Class; and
- (c) The Surrender Charge will not change.

SECTION 6: POLICY VALUES

- 6.1 ACCOUNT VALUE** – The amount in Your Account Value at any time is equal to the sum of the Fixed Account Value and the Index Account Value under this Policy. The Account Value on the Policy Date is any Net Premium received on or before the Policy Date, minus the Monthly Deduction due on the Policy Date.

Any amounts credited to Your Account Value in excess of the guaranteed minimums described hereafter, cannot be forfeited except indirectly due to a surrender charge. Additional amounts, if any, will be credited no less frequently than annually.

6.2 FIXED ACCOUNT VALUE

- 6.2.1 CALCULATION OF THE FIXED ACCOUNT VALUE** – The Fixed Account Value at any time is equal to the accumulation at interest of:

- (a) The Fixed Account Value on the preceding Monthly Anniversary; plus
- (b) Any Net Premium or transfers allocated to the Fixed Account during the current Policy Month; minus
- (c) Any Monthly Deduction allocated to the Fixed Account at the beginning of the current Policy Month; minus
- (d) Any Withdrawals or transfers taken from the Fixed Account during the current Policy Month; minus
- (e) Any Withdrawal Charge and Withdrawal Processing Fee allocated to the Fixed Account during the current Policy Month; minus
- (f) Any charge allocated to the Fixed Account for a decrease in Specified Amount made during the current Policy Month.

Any deductions, charges, Withdrawals, or transfers taken from the Fixed Account Value will be deducted from values associated with the most recent premium payment or transfer allocations that remain in the Fixed Account.

- 6.2.2 INTEREST RATE ON FIXED ACCOUNT VALUE** – The Fixed Account Guaranteed Interest Rate shown on the Schedule of Policy Benefits is the minimum annual interest rate We will apply to the Fixed Account Value while this Policy is in effect.

We may credit current interest rates that are greater than the Fixed Account Guaranteed Interest Rate at Our option based on Our expectation as to future experience. The factors We consider in setting the current interest rates may vary from time to time at Our sole discretion, and there is no assurance that any interest will be credited in the future at a rate in excess of the Fixed Account Guaranteed Interest Rate. We review interest rates at least monthly. Any change in the current interest rates will take effect on the date that We declare. The current interest rate for the Fixed Account will never be less than the Fixed Account Guaranteed Interest Rate.

The current interest rates applied to the Fixed Account Value may vary based on the date of premium payment or transfer allocation. Any portion of the Fixed Account Value that supports Policy Debt resulting from a Standard Policy Loan may be credited at a different interest rate that will not be less than the Fixed Account Guaranteed Interest Rate.

- 6.2.3 INTEREST BONUS ON THE FIXED ACCOUNT VALUE** – Starting in the Policy Year for the Interest Bonus on the Fixed Account Value shown on the Schedule of Policy Benefits, and each year thereafter, if We declare a current interest rate on the Fixed Account that exceeds the Fixed Account Guaranteed Interest Rate, We will credit an Interest Bonus to the Unreserved Fixed Account Value. When applicable, the Interest Bonus provides a current interest rate that is greater than the interest rate We credit to other policies on this Policy form that have not been in effect long enough to receive the Interest Bonus.

6.3 INDEX ACCOUNT VALUE

- 6.3.1 CALCULATION OF THE INDEX ACCOUNT VALUE** – The Index Account Value is equal to the sum of all the individual Index Segments for each Index Selection. The beginning value of each individual Index Segment is equal to the amount of the Net Premium or transfer into that Index Segment. On any subsequent day, the value of each individual Index Segment equals:

- (a) The value of the Index Segment on the preceding Monthly Anniversary (or the beginning value if the Index Segment was created during the current Policy Month); minus
- (b) Any Monthly Deduction allocated to the Index Segment for the current Policy Month; plus
- (c) Any Index Credit that was added to the Index Segment during the current Policy Month; minus
- (d) Any Withdrawals or transfers taken from the Index Segment during the current Policy Month; minus

- (e) Any Withdrawal Charge and Withdrawal Processing Fee allocated to the Index Segment during the current Policy Month; minus
- (f) Any charge allocated to the Index Segment for a decrease in Specified Amount made during the current Policy Month; minus
- (g) Any amounts removed from the Index Segment during the current Policy Month for Standard Policy Loans.

6.3.2 INDEX CREDIT – An Index Credit is calculated on each Index Crediting Date for the associated Index Segment and added to the Index Segment on the Index Crediting Date.

The Index Credit will equal (a) multiplied by (b), where:

- (a) Is equal to the interest rate for the associated Index Crediting Method, as described in Section 6: Policy Values for Interest Rate Using the Annual Point-to-Point Method, Interest Rate Using the Multi-Index Annual Point-to-Point Method, and the Interest Rate Using the Annual Point-to-Point with Spread Method.
- (b) Is equal to:
 1. The value of the Index Segment at the beginning of the current Index Period; minus
 2. Withdrawals or transfers taken from the Index Segment since the beginning of the current Index Period; minus
 3. Any Withdrawal Charge and Withdrawal Processing Fee taken from the Index Segment since the beginning of the current Index Period; minus
 4. Any decrease charge allocated to the Index Segment for a decrease in the Specified Amount made since the beginning of the current Index Period; minus
 5. Amounts removed from the Index Segment since the beginning of the current Index Period due to Standard Policy Loans.

6.3.3 INTEREST BONUS ON THE INDEX ACCOUNT VALUE – Starting in the Policy Year for the Interest Bonus on the Index Account Value shown on the Schedule of Policy Benefits, and each year thereafter, We will add an Interest Bonus as described in Section 6: Policy Values, for Interest Rate Using the Annual Point-to-Point Method, Interest Rate Using the Multi-Index Annual Point-to-Point Method, and Interest Rate Using the Annual Point-to-Point with Spread. The Interest Bonus provides a current Index Credit that is greater than the Index Credit We credit to other policies on this Policy form that have not been in effect long enough to receive the Interest Bonus. The Interest Bonus on the Index Account Value and applicable years are shown on the Schedule of Policy Benefits.

6.3.4 CALCULATION OF THE INDEX AVERAGE – The Index Average for an Index Period equals the:

- (a) Sum of the Index Values on all Business Days which fall after the beginning of the Index Period until (and including) the next Index Crediting Date; divided by
- (b) Number of Business Days that fall after the beginning of the Index Period until (and including) the next Index Crediting Date.

6.3.5 INTEREST RATE USING THE MONTHLY POINT-TO-POINT METHOD – When the Index Crediting Method is Monthly Point-to-Point the interest rate is equal to:

- (a) The sum of the Monthly Index Returns, as defined in Section 6.3.6: Calculation of the Monthly Index Return, for the 12 months that are completed during the current Index Period; adjusted
- (b) To be no less than the Index Floor Rate; plus
- (c) The Interest Bonus on the Index Account, if any.

6.3.6 CALCULATION OF THE MONTHLY INDEX RETURN – The Monthly Index Return is based on the percentage increase or decrease in the Index and is calculated as follows:

- (a) The Index Value for the Monthly Index Date, minus the Index Value for the preceding Monthly Index Date; divided by
- (b) The Index Value for the preceding Monthly Index Date; multiplied by
- (c) The Index Participation Rate for the Index Selection; adjusted
- (d) To be no greater than the Monthly Index Cap Rate.

6.3.7 INTEREST RATE USING THE ANNUAL POINT-TO-POINT METHOD – When the Index Crediting Method is Annual Point-to-Point, the interest rate is equal to:

- (a) The Index Value as of the Index Crediting Date for the current Index Period, minus the Index Beginning Value for the current Index Period; divided by
- (b) The Index Beginning Value for the current Index Period; multiplied by
- (c) The Index Participation Rate for the Index Selection; adjusted
- (d) To be no greater than the Index Cap Rate nor less than the Index Floor Rate; plus
- (e) The Interest Bonus on the Index Account, if any.

6.3.8 INTEREST RATE USING THE ANNUAL POINT-TO-POINT WITH SPREAD METHOD – When the Index Crediting Method is Annual Point-to-Point with Spread, the interest rate is equal to:

- (a) The Index Value as of the Index Crediting Date for the current Index Period, minus the Index Beginning Value for the current Index Period; divided by
- (b) The Index Beginning Value for the current Index Period; multiplied by
- (c) The Index Participation Rate for the Index Selection; minus
- (d) The Index Spread Rate for the current Index Period; adjusted
- (e) To be no less than the Index Floor Rate for the Index Selection; plus
- (f) The Interest Bonus on the Index Account Value, if any.

6.3.9 INTEREST RATE USING THE MULTI-INDEX ANNUAL POINT-TO-POINT METHOD – When the Index Crediting Method is Multi-Index Annual Point-to-Point the interest rate is equal to:

- (a) The Multi-Index Change, as defined below in Section 6.3.9.1: Calculation Of Multi-Index Change; multiplied by
- (b) The Index Participation Rate for the Index Selection; adjusted
- (c) To be not greater than the Index Cap Rate nor less than the Index Floor Rate; plus
- (d) The Interest Bonus on the Index Account, if any.

6.3.9.1 CALCULATION OF MULTI-INDEX CHANGE – The Multi-Index Change for the Index Group is equal to (a) plus (b) plus (c) where:

- (a) is equal to:
 1. The Individual Index Change, as defined below in Section 6.3.9.2: Calculation Of Individual Index Change, for the best-performing Index in the Index Group; multiplied by
 2. The Best-Performing Index Weight shown on the Schedule of Policy Benefits.
- (b) is equal to:
 1. The Individual Index Change for the second-best-performing Index in the Index Group; multiplied by
 2. The Second-Best-Performing Index Weight shown on the Schedule of Policy Benefits.
- (c) is equal to:
 1. The Individual Index Change for the third-best-performing Index in the Index Group; multiplied by
 2. The Third-Best-Performing Index Weight shown on the Schedule of Policy Benefits.

6.3.9.2 CALCULATION OF INDIVIDUAL INDEX CHANGE – The Individual Index Change, positive or negative, for each Index in the Index Group equals the:

- (a) Index Value as of the Index Crediting Date for the current Index Period, minus the Index Beginning Value for the current Index Period; divided by
- (b) Index Beginning Value for the current Index Period.

6.4 MINIMUM ACCOUNT VALUE – If the Account Value is being calculated due to any termination of this Policy (including death, surrender, or maturity), and if the Minimum Account Value is greater than the Account Value at that time, then the Minimum Account Value will be used in place of the Account Value. If, on any Monthly Anniversary, the Minimum Account Value is greater than the Account Value, then the Minimum Account Value will be used to determine if this Policy has entered the Grace Period, as stated under Section 4.9: Grace Period, and in the calculation of the Net Amount at Risk for Section 6.6: Cost of Insurance.

Periodically, the amount in the Account Value will be compared to the Minimum Account Value. The Schedule of Policy Benefits shows the date that We will make the Initial Comparison of the Minimum Account Value. The Schedule of Policy Benefits also shows the number of Policy Years that must be completed between each of the Subsequent Comparisons of the Minimum Account Value.

If the Account Value is less than the Minimum Account Value on any of these comparison dates, We will increase the Account Value so that it is at least as large as the Minimum Account Value. The increase will be added to the Fixed Account. If the Account Value is greater than the Minimum Account Value, We will not make any changes to the Account Value or the Minimum Account Value.

The Minimum Account Value at any time is equal to:

- (a) The Minimum Account Value on the preceding Monthly Anniversary; plus
- (b) Any Net Premium received during the current Policy Month; minus
- (c) The Monthly Deduction for the Minimum Account Value for the current Policy Month; minus
- (d) Any Withdrawals taken from this Policy during the current Policy Month; minus
- (e) Any Withdrawal Charge and Withdrawal Processing Fee assessed during the current Policy Month; minus
- (f) Any decrease charge for a decrease in the Specified Amount made during the current Policy Month; plus or minus
- (g) Interest on each of the above at the Guaranteed Interest Rate as shown on the Schedule of Policy Benefits.

The Interest Bonus does not apply to the Minimum Account Value.

If the Minimum Account Value is being calculated on a Monthly Anniversary, the Minimum Account Value will be determined prior to the Monthly Deduction being deducted.

The Minimum Account Value on the Policy Date will be set equal to the value in the Account Value. The Monthly Deduction for the Minimum Account Value is calculated as described in Section 6.5: Monthly Deduction, except that the Cost of Insurance and the Expense Amount are based on the Minimum Account Value rather than the Account Value.

- 6.5 MONTHLY DEDUCTION** – The Monthly Deduction for a Policy Month is equal to the:
- (a) Cost of Insurance for that Policy Month described in Section 6.6: Cost of Insurance; plus
 - (b) Expense Amount described in Section 6.7: Expense Amount; plus
 - (c) Rider Charge for that Policy Month.

If the Monthly Deduction does not exceed the Unreserved Fixed Account Value on a Monthly Anniversary, that Monthly Deduction will be deducted from the Fixed Account. If the Monthly Deduction exceeds the Unreserved Fixed Account Value, the Monthly Deduction will be deducted from the Unreserved Fixed Account and each of the Index Selections in the proportions their values bear to the Unreserved Account Value on that Monthly Anniversary. If there are multiple Index Segments within an Index Selection, such deductions will be taken from the Index Segments based on the start date of the current Index Period for that Index Segment with the values associated with the most recent dates being deducted first.

- 6.6 COST OF INSURANCE** – The Cost of Insurance is determined on each Monthly Anniversary. It is determined separately for the original Specified Amount and each increase in the Specified Amount. The Cost of Insurance is equal to the Cost of Insurance Rate multiplied by the Net Amount at Risk, divided by 1000. The Cost of Insurance will be zero starting at Policy Age 120.

- 6.6.1 COST OF INSURANCE RATES** – The monthly Cost of Insurance Rates in a Premium Class will never be more than those shown on the Table of Guaranteed Cost of Insurance Rates in the Schedule of Policy Benefits. We may declare Cost of Insurance Rates that differ from those shown on the Table of Guaranteed Cost of Insurance Rates in the Schedule of Policy Benefits. Cost of Insurance Rates are based on the Issue Age, Policy Anniversary, Sex, Specified Amount, and Premium Class of the Insured shown on the Schedule of Policy Benefits.

- 6.7 EXPENSE AMOUNT** – The Expense Amount will never be more than the:
- (a) Policy Expense Charge shown on the Schedule of Policy Benefits; plus
 - (b) Unit Expense Charge shown on the Schedule of Policy Benefits multiplied by the Specified Amount divided by 1000; plus
 - (c) Percent of Account Value Charge shown on the Schedule of Policy Benefits multiplied by the difference between the Account Value and Policy Debt.

The Unit Expense Charge is determined separately for the original Specified Amount and each increase in the Specified Amount.

- 6.8 DECLARED RATES AND CHARGES** – We may declare Cost of Insurance Rates, Policy Expense Charges, Unit Expense Charges, Premium Loads, Withdrawal Processing Fees, Interest Rates, Index Participation Rates, Index Spread Rate, and Index Cap Rates that differ from those stated in the Schedule of Policy Benefits. Changes in the Cost of Insurance Rates, Policy Expense Charge, Unit Expense Charge, Premium Load, Withdrawal Processing Fee, Interest Rates, Index Participation Rates, and Index Cap Rates will be based upon changes in future expectations for such elements as investment earnings, mortality, persistency, and expenses. Changes in the declared Cost of Insurance Rates are based on the Issue Age, Policy Anniversary, Sex, Specified Amount, and Premium Class of the Insured.

- 6.9 SURRENDER** – At any time, while the Insured is alive and this Policy is in effect, upon Written Notice, You may surrender this Policy for its Net Cash Surrender Value. We will pay the Net Cash Surrender Value in one lump sum. If this Policy is surrendered, coverage will terminate immediately.

6.10 CASH SURRENDER VALUE – The Cash Surrender Value is equal to the Account Value less the Surrender Charge. The Cash Surrender Value available under this Policy is not less than the minimum values required by or pursuant to the NAIC Universal Life Insurance Regulation, Model #585. We have filed a detailed statement of the method of computation of the policy values with the state in which this Policy was delivered.

If a surrender occurs during the first 31 days of a Policy Year, the Cash Surrender Value will not be less than it was on the first day of that Policy Year, less any subsequent Policy Loans and Withdrawals.

6.11 SURRENDER CHARGE – The Surrender Charge is based on the Sex and Issue Age of the Insured and varies by Policy Year. The Surrender Charge for the original Specified Amount is equal to the:

- (a) Surrender Charge Factor found in the Table of Surrender Charges in the Schedule of Policy Benefits; multiplied by the
- (b) Specified Amount divided by 1000.

As described in Section 5.1: Changes in Specified Amount, additional Surrender Charges will apply upon an increase in Specified Amount.

As described in Section 5.2: Charge for Decreases, a portion of the Surrender Charge will be charged upon a decrease in Specified Amount.

As described in Section 6.13: Withdrawal Charge, a Withdrawal Charge may be charged against the Account Value when a Withdrawal occurs.

6.11.1 SURRENDER CHARGE AFTER CHANGES IN COVERAGE – The Surrender Charge will be computed separately for any increase, decrease, or Withdrawal as follows:

- (a) For each increase, the Surrender Charge will be equal to the Surrender Charge Factor shown on the applicable Table of Surrender Charges for the Policy Year applicable to that increase, multiplied by the amount of the increase divided by 1000. We will provide notice of the amount and duration of those charges to Your last known address.
- (b) After any decrease or Withdrawal, the remaining Surrender Charge will be computed separately for the remaining original Specified Amount and each remaining increase layer, if any. Each Surrender Charge will be equal to the Surrender Charge Factor shown on the applicable Table of Surrender Charges for the Policy Year applicable to that layer, multiplied by the remaining Specified Amount for that layer divided by 1000.

6.12 WITHDRAWALS – You may request a Withdrawal of part of the Net Cash Surrender Value on any Monthly Anniversary while this Policy is in effect. You must send Us Written Notice for the request.

The Maximum Withdrawal Percentage allowed in any one Policy Year is shown on the Schedule of Policy Benefits. This percentage is based on the Net Cash Surrender Value at the time of Withdrawal. Withdrawals in excess of this amount will not be allowed. Any request for a Withdrawal must be at least the Minimum Withdrawal Amount shown on the Schedule of Policy Benefits. We reserve the right to limit the number of Withdrawals to one in the first Policy Year.

The total amount deducted from the Account Value upon a Withdrawal will be:

- (a) The amount of the Withdrawal requested; plus
- (b) The Withdrawal Charge, if any; plus
- (c) Any applicable Withdrawal Processing Fee.

There is no Withdrawal Processing Fee for the first Withdrawal made in a Policy Year. There is a Withdrawal Processing Fee for each subsequent Withdrawal made in that Policy Year. The Withdrawal Processing Fee is shown on the Schedule of Policy Benefits.

A Withdrawal will not be allowed if it would result in the Specified Amount being less than the Minimum Specified Amount shown on the Schedule of Policy Benefits, or if it would cause the Maximum Premium Limits to be violated.

When You make a Withdrawal, You may tell Us how much of the total amount of the Withdrawal is to be taken from the Unreserved Fixed Account Value and the value in each Index Selection. If You do not otherwise notify Us in writing, the amount will be taken from the Unreserved Fixed Account Value and each of the Index Selections in the proportions their values bear to the Total Unreserved Account Value. If there are multiple Index Segments within an Index Selection, the amount will be taken from the Index Segments based on the start date of the current Index Period for that Index Segment with the values associated with the most recent dates being used first. You will not be eligible to earn any Index Credits on the amount that is taken from the Index Selections.

- 6.13 WITHDRAWAL CHARGE** – If a requested Withdrawal results in a reduction of the Specified Amount while the Level Death Benefit Option is in effect, the Withdrawal will be subject to a Withdrawal Charge if any Surrender Charges remain at the time of the Withdrawal.

The Withdrawal Charge will be the Withdrawal divided by the Specified Amount times the Surrender Charge on the date of the Withdrawal.

When a Withdrawal is preceded by one or more increases in Specified Amount, the Withdrawal Charge will be computed, to the extent needed, in the following order from the:

- (a) Most recent increase; then
- (b) Next most recent increases, if any, in reverse order of their occurrence; and lastly
- (c) Original Specified Amount of the Policy.

For details on the remaining Surrender Charges after a Withdrawal, see Section 6.11.1: Surrender Charges After Changes in Coverage.

- 6.14 SPECIFIED AMOUNT AFTER WITHDRAWAL** – If the Level Death Benefit Option is in effect at the time of the Withdrawal, the amount of the Withdrawal will be deducted from the Specified Amount. However, the Specified Amount will not be reduced if it is already less than the Minimum Death Benefit described in Section 2.3: Minimum Death Benefit, as determined from the Account Value minus the requested Withdrawal amount.

The amount of the Withdrawal will be deducted first from any past increases in reverse order of the increases, and then from the original Specified Amount.

If a requested Withdrawal results in a reduction of the Specified Amount, there will be a charge for the decrease as described in Section 6.13: Withdrawal Charge. The Unit Expense Charge and Surrender Charge will be applied to the reduced Specified Amount. The No Lapse Guarantee Premium may decrease.

- 6.15 OUR RIGHT TO DEFER SURRENDER AND WITHDRAWALS** – We reserve the right to defer payment for up to six months after We receive Your request. If payment is deferred, We will pay interest from the date of Surrender or Withdrawal at an annual rate of interest that We decide, but not less than the rate required by the laws of the state in which this Policy is delivered.

- 6.16 PAID-UP LIFE INSURANCE BENEFIT** – At any time before Policy Age 120, You have the option to apply the Net Cash Surrender Value to purchase guaranteed paid-up life insurance. The amount of the guaranteed paid-up life insurance is determined by applying the Net Cash Surrender Value to provide such paid-up life insurance. We will compute the amount of insurance based on an interest rate that is the greater of the Paid Up Life Insurance Interest Rate or the Fixed Account Guaranteed Interest Rate and the Basis of Values table shown on the Schedule of Policy Benefits.

Any paid-up life insurance purchased in excess of the Death Benefit then payable may be subject to evidence of insurability satisfactory to Us.

If You surrender a paid-up life insurance benefit during the first 31 days of a Policy Year, the Cash Surrender Value of the paid-up life insurance benefit will not be less than it was on the first day of that Policy Year, less any subsequent Policy Loans and Withdrawals.

SECTION 7: TRANSFER OF VALUES

- 7.1 TRANSFERS FROM FIXED ACCOUNT** – You may transfer money from the Fixed Account at any time by telephone authorization, so long as We have written authorization from You to accept via telephone, or by sending Us a written request. Transfers from the Fixed Account will occur on the first Business Day on or after the date We receive Notice from You requesting the transfer.
- 7.2 TRANSFERS FROM INDEX SELECTIONS** – You may transfer money from Your Index Selections by telephone authorization, so long as We have written authorization from You to accept via telephone, or by sending Us a written request. Any such transfer will occur at the end of the Index Period for each Index Segment within the Index Selection. Your written request or telephone instructions must be received by Us at least 10 Business Days prior to the end of the Index Period in order for Us to transfer the money at the end of the current Index Period.

On any date when money is transferred to an Index Selection, a new Index Segment will be created and will remain in effect until We receive a written request or telephone authorization from You of a change. We will only transfer money from the particular Index Selections that You request. All other Index Selections will remain in effect.

SECTION 8: ANNUAL REPORT OF POLICY STATUS

We will send an annual report, to Your last known address, at no charge, which gives a summary of this Policy's status as of the beginning and end of each Policy Year and shall provide current information that will be no more than four months prior to the date of mailing. This report will give information on the Death Benefit covered by this Policy and the Account Value at the beginning and at the end of the current report period. The Net Cash Surrender Value, premium payments, Monthly Deductions, interest credits, Withdrawal amounts, Withdrawal Charges, and outstanding Policy Loans will be shown as of the end of the current report period.

In addition to an annual report, at Your request and after this Policy has been in effect for one year or more, We will prepare an illustration of current and future benefits and values based on guaranteed and current assumptions. After the first illustration in each year, We will not charge more than \$25 for each additional illustration.

SECTION 9: POLICY LOANS

- 9.1 POLICY LOAN VALUE** – The Policy Loan Value is the amount available for loan on any date. A Policy Loan is available anytime the Policy has a Cash Surrender Value.

For Variable Interest Policy Loans, the maximum Policy Loan Value is equal to:

- (a) The Net Cash Surrender Value; less
- (b) The sum of the estimated Monthly Deductions for three months; less
- (c) Interest on any existing Policy Debt and interest on the new Policy Loan for three months, estimated using the current Variable Interest Policy Loan Interest Rate.

For Standard Policy Loans, the maximum Policy Loan Value is equal to:

- (a) The Net Cash Surrender Value; less
- (b) The sum of the estimated Monthly Deductions for three months; less
- (c) Interest on any existing Policy Debt and interest on the new Policy Loan for three months. For this calculation, the interest rate will be equal to the current Standard Policy Loan Interest Rate minus the interest rate We credit on the loaned portion of Your Account Value.

- 9.2 POLICY LOAN OPTIONS** – You may choose a Variable Interest Policy Loan or a Standard Policy Loan (subject to availability as described below) at the time You request a Policy Loan, unless Your Policy currently has Policy Debt at the time You request a new Policy Loan. In that case, the new Policy Loan will have the same Policy Loan Option as the Policy Debt. If You do not specify a Policy Loan type and do not currently have Policy Debt, We will assume that You are requesting a Standard Policy Loan.

One time per Policy Year, You may change Your Policy Loan Option and switch between a Variable Interest Policy Loan and a Standard Policy Loan. The change will occur on the Monthly Anniversary following Our approval of Your written request. Only one Policy Loan Option can be in effect at any time.

- 9.2.1 VARIABLE INTEREST POLICY LOAN REQUIREMENTS** – You may borrow all or part of the Policy Loan Value as a Variable Interest Policy Loan if the following conditions are met:
- (a) This Policy must have a positive Policy Loan Value;
 - (b) The Insured is living;
 - (c) This Policy is in effect;
 - (d) You send Us Written Notice; and
 - (e) You Assign this Policy to Us as sole security for a Policy Loan.

When You take a Variable Interest Policy Loan, the loaned portion of Your Account Value will continue to earn any applicable Fixed Account interest and any applicable Index Credits on the Index Segments, including any applicable interest bonus.

We reserve the right to require this Policy accompany Your Written Notice.

- 9.2.1.1 VARIABLE INTEREST POLICY LOAN INTEREST RATE** – We will charge interest on any Variable Interest Policy Loan at a rate that does not exceed the greater of the following:
- (a) The Published Monthly Average, as defined below, for the calendar month ending two months prior to the date the rate is determined; or
 - (b) The Guaranteed Interest Rate as shown on the Schedule of Policy Benefits, plus 1% per annum.

In no case will the interest rate for a Variable Interest Policy Loan exceed the Maximum Variable Policy Loan Interest Rate shown on the Schedule of Policy Benefits.

For purposes of this Policy, the Published Monthly Average is defined as follows:

- (a) Moody's Corporate Bond Yield Average – Monthly Average Corporates as published by Moody's Investors Services, Inc., or any successor thereto; or
- (b) In the event that the Moody's Corporate Bond Yield Average – Monthly Average Corporates is no longer published, a substantially similar average will be used that has been approved by the state in which this Policy was delivered.

Interest is due at the end of each Policy Year. If interest is not paid when due, it will be added to the Policy Loan and bear interest at the same rate as the rest of the Policy Loan.

- 9.2.1.2 CHANGES TO VARIABLE INTEREST POLICY LOAN INTEREST RATE** — We will determine the Variable Interest Policy Loan Interest Rate as of March 31st, June 30th, September 30th and December 31st of each calendar year as described in Section 9.2.1.1: Variable Interest Policy Loan Interest Rate. We may change the Variable Interest Policy Loan Interest Rate for Your Policy once a year on the Policy Anniversary. We will send to You at Your last known address a notice of the Variable Interest Policy Loan Interest Rate at the time the Policy Loan is taken.

The Variable Interest Policy Loan Interest Rate may be increased whenever such increase would increase the rate by 0.5% or more per annum. The Variable Interest Policy Loan Interest Rate will be reduced whenever such reduction would decrease the rate by 0.5% or more per annum. Any change in the Variable Interest Policy Loan Interest Rate will apply to any existing Policy Debt and new Policy Loans.

We will send a notice to You at Your last known address each time the Variable Interest Policy Loan Interest Rate increases while any Policy Debt exists on this Policy with a Variable Interest Policy Loan Interest Rate. This notice will be sent at least 30 days prior to the effective date of the increase.

- 9.2.2 STANDARD POLICY LOAN REQUIREMENTS** – You may borrow all or part of the Policy Loan Value as a Standard Policy Loan if the following conditions are met:
- (a) This Policy has a positive Policy Loan Value;
 - (b) The Insured is living;
 - (c) This Policy is in effect;
 - (d) You send Us a Written Notice; and
 - (e) You Assign this Policy to Us as sole security for the Policy Loan.

We reserve the right to require this Policy accompany Your Written Notice.

When You take a Standard Policy Loan, You may tell Us how much of the requested Policy Loan is to be allocated to the Unreserved Fixed Account and the value in each Index Selection. If You do not otherwise notify Us in writing, We will allocate the requested Policy Loan to the Unreserved Fixed Account Value. If the requested Policy Loan exceeds the Unreserved Fixed Account Value, such excess will be allocated to the Index Account Value. Any Policy Loan amount allocated to the Index Account Value will be taken from each of the Index Selections in the proportions it bears to the Index Account Value.

If there are multiple Index Segments within an Index Selection, the Policy Loan will be taken from the Index Segments based on the start date of the current Index Period for each Index Segment, with the values associated with the most recent dates being used first. Any Policy Loan amount allocated to an Index Selection will be transferred to the Fixed Account on the date of the Policy Loan.

If, on any Policy Anniversary, the Fixed Account Value is less than the outstanding Policy Debt resulting from a Standard Policy Loan, a transfer from the Index Account Value to the Fixed Account will occur. The transfer amount will be equal to the outstanding Policy Debt less the Fixed Account Value. This transfer will be taken from each of the Index Selections in the proportions it bears to the Index Account Value.

If there are multiple Index Segments within an Index Selection, the amount will be taken from the Index Segments based on the start date of the current Index Period for each Index Segment, with the values associated with the most recent dates being used first.

You will not be eligible to earn any Index Credits on the amount that is transferred from the Index Selection(s) as a result of a Standard Policy Loan.

The portion of the Account Value that supports Policy Debt resulting from a Standard Policy Loan will be kept as a part of the Fixed Account where it will earn interest at the annual effective rate We declare for loaned amounts.

This portion of the Fixed Account will not be eligible for any Interest Bonus. The Fixed Account Guaranteed Interest Rate for the Fixed Account is shown on the Schedule of Policy Benefits.

9.2.2.1 STANDARD POLICY LOAN INTEREST RATE – We will not charge more than the Maximum Standard Policy Loan Interest Rate shown on the Schedule of Policy Benefits on any Standard Policy Loan. However, a lower rate may be charged. If the interest rate is lowered, it can be increased later. Any increase or decrease will occur no more than once a year. Any increase in the interest rate will be limited to a maximum of 1% a year. You will be given notice sent to Your last known address of any such increase at least 30 days before the effective date of the increase.

Interest is due at the end of each Policy Year. If interest is not paid when due, it will be added to the Policy Loan and bear interest at the same rate as the rest of the Policy Loan.

9.2.2.2. NET ZERO COST POLICY LOANS – Starting in the Initial Policy Year For Net Zero Cost Policy Loans shown on the Schedule of Policy Benefits, We guarantee that any new or existing Standard Policy Loan will be a Net Zero Cost Policy Loan from that time forward.

We guarantee that the Policy Loan Interest Rate We charge on Net Zero Cost Policy Loans for Standard Policy Loans will be the Fixed Account Guaranteed Interest Rate shown on the Schedule of Policy Benefits, unless a higher rate is required by the Internal Revenue Service. If the Internal Revenue Service requires a higher interest rate, We will charge the minimum interest rate allowed.

9.3 POLICY LOAN AND REPAYMENT – We have the right to postpone making a Policy Loan for up to six months from the time We receive Your request. However, We will not postpone a Policy Loan if it will be used to pay premiums on other policies issued by Us. All or part of any Policy Debt may be paid back at any time while this Policy is in effect.

If any payment is received that is not specified as either a premium payment or a Policy Loan repayment, it will be treated as a Policy Loan repayment to the extent there is Policy Debt outstanding.

If the Insured dies before a Policy Loan is repaid, the amount of the Policy Debt will be deducted from the Policy Proceeds.

- 9.4 EXCESS POLICY DEBT** – If the Policy Debt grows to be equal to or greater than the Cash Surrender Value, Your Policy will enter the Grace Period, unless this Policy meets the conditions in Section 4.6: Continuation of Insurance.

SECTION 10: OVERLOAN PROTECTION BENEFIT

We guarantee that during the Overloan Protection Period described in Section 10.5: Overloan Protection Period, Your Policy will remain in effect until the Insured's death provided: (1) this Policy is not terminated due to surrender; and (2) You do not take Policy Loans or Withdrawals during the Overloan Protection Period. The election of this Overloan Protection Benefit may reduce the Specified Amount as described in Section 10.4: Overloan Protection Effective Date.

- 10.1 OVERLOAN PROTECTION AVAILABILITY** – The Overloan Protection Benefit is available provided the following conditions are met:
- (a) The Protected Death Benefit described in Section 11: Protected Death Benefit is not in effect; and
 - (b) This Policy has been in effect for at least 15 Policy Years; and
 - (c) The Insured's Policy Age is at least age 65; and
 - (d) You have made Withdrawals of all Your premium; and
 - (e) Policy Debt does not exceed the Overloan Election Amount described in Section 10.2: Overloan Election Amount.
- 10.2 OVERLOAN ELECTION AMOUNT** – The Overloan Election Amount is defined as follows:
- (a) 89% of the Account Value for Policy Ages that are greater than or equal to age 65 but less than or equal to age 74;
 - (b) 93% of the Account Value for Policy Ages that are greater than or equal to age 75.
- 10.3 OVERLOAN PROTECTION ELECTION** – You may exercise the Overloan Protection Benefit while You meet the Overloan Protection Availability conditions by sending Us Written Notice. When the Overloan Protection Availability conditions listed above are satisfied and the Policy Debt is greater than or equal to 87% of the Account Value, a notice will be sent to Your last known address at least once each Policy Year to notify You of the availability of this benefit. If You decide to exercise the Overloan Protection Benefit at that time, You must send Us Written Notice within 30 days of the date We mail this notice. However, if You choose to take Policy Loans or Withdrawals that cause the Policy Debt to exceed the Overloan Election Amount during that 30 day period, the Overloan Protection Benefit will not be available.
- 10.4 OVERLOAN PROTECTION EFFECTIVE DATE** – The Overloan Protection Effective Date will be the Monthly Anniversary Date that follows the date We receive Your Written Notice.

The entire amount of Your Account Value must be allocated to the Fixed Account on and after the Overloan Protection Effective Date. If You have any portion of the Account Value in other accounts on the Overloan Protection Effective Date, We will transfer it to the Fixed Account on that date. You will not be eligible to earn any Index Credits on any amount that is taken from the Index Account Value.

On and after the Overloan Protection Effective Date, the following changes may occur:

- (a) Your Death Benefit Option will be changed to the Level Death Benefit Option, and the Death Benefit will be subject to the Overloan Protection Minimum Death Benefit provision described in Section 10.6: Overloan Protection Minimum Death Benefit.
- (b) If the Policy Debt does not exceed the Specified Amount as of the Overloan Protection Effective Date, the Specified Amount will be decreased to equal the Account Value as of the Overloan Protection Effective Date. There will not be a decrease charge applied for a Specified Amount decrease when this occurs. A notice will be sent to Your last known address to reflect the new Specified Amount.
- (c) All Endorsements and Riders will terminate.
- (d) Any outstanding Variable Interest Policy Loans will be transferred to a Standard Policy Loan with no further access to Variable Interest Policy Loans.

Within 30 days after the Overloan Protection Effective Date, a notice will be sent to Your last known address outlining any of the above changes made to this Policy.

- 10.5 OVERLOAN PROTECTION PERIOD** – The Overloan Protection Period is effective as of the Overloan Protection Effective Date and ends on the earlier of:
- (a) The Insured's death; or
 - (b) Surrender of the Policy; or
 - (c) The date any Policy Loans or Withdrawals are taken.

During the Overloan Protection Period:

- (a) Your Policy will automatically become paid up life insurance which will continue to have the same Account Value and Net Cash surrender value under the terms of this contract.
- (b) We guarantee Your Policy will remain in effect until the Insured's death, provided this Policy is not terminated due to surrender, and no Policy Loans or Withdrawals are taken after the Overloan Protection Effective Date.
- (c) The Excess Policy Debt provision described in Section 9.4: Excess Policy Debt will be suspended.
- (d) Monthly Deductions will continue to be taken.
- (e) We will not allow any:
 - 1. Premium payments; or
 - 2. Transfers to the indexed account; or
 - 3. Specified Amount changes; or
 - 4. Death Benefit Option changes.

Policy Loan Repayment – You may make a Policy Loan repayment(s) at any time during the Overloan Protection Period. Interest charged on Policy Debt will continue to accrue during the Overloan Protection Period.

- 10.6 OVERLOAN PROTECTION MINIMUM DEATH BENEFIT** – During the Overloan Protection Period, the amount of the Death Benefit will be determined exclusively by the Level Death Benefit Option and will be equal to the greater of the following amounts for the then current Policy Year:
- (a) 100% of the Account Value as of the date of the Insured's death; or
 - (b) The Minimum Death Benefit necessary for the Policy to continue its qualification as a life insurance contract for federal tax purposes as described in Section 2.3: Minimum Death Benefit.

In some circumstances, electing the Overloan Protection Benefit may cause Your Policy to become a modified endowment contract as defined by Section 7702A of the Internal Revenue Code. **You may wish to contact a tax advisor prior to making Policy changes, taking Policy Loans or Withdrawals to help You avoid situations that may result in Your Policy becoming a modified endowment contract.**

SECTION 11: PROTECTED DEATH BENEFIT

We guarantee Your Policy will remain in effect and that the Death Benefit, less any Policy Debt at the Insured's death, shall at least be equal to the Protected Death Benefit Amount, provided the following conditions are met:

- (a) You have elected the Protected Death Benefit; and
- (b) You do not take Policy Loans or Withdrawals that exceed the Protected Death Benefit Distributable Account.

As long as the above conditions are met, this guarantee applies at the Insured's death even if the Net Cash Surrender Value is insufficient to pay the Monthly Deductions under Your Policy. This benefit does not guarantee that other Endorsements and Riders that are attached to the Policy will remain in effect. If the Protected Death Benefit Distributable Account becomes less than zero, We will make the following changes to Your Policy and send You a notice to Your last known address to inform You of these changes:

- (a) We will terminate any Endorsements or Riders that deduct Rider Charges or other fees from the Account Value.
- (b) We will reduce the Specified Amount to equal the Protected Death Benefit Amount.

The Protected Death Benefit cannot be elected if the Overloan Protection Benefit described in Section 10: Overloan Protection Benefit is in effect, or if the ratio of the Policy Debt to the Account Value is greater than the Protected Death Benefit Percentage.

11.1 PROTECTED DEATH BENEFIT ACCOUNT – The Protected Death Benefit Account is used to determine if the Protected Death Benefit is in effect, and it dictates the amount of Your Account Value that is required to be allocated to the Fixed Account. This Account will remain positive as long as You do not take Policy Loans or Withdrawals in excess of the Protected Death Benefit Distributable Account. The Protected Death Benefit Account does not represent an independent dollar account that can be accessed by You. The Protected Death Benefit Account is not an addition to Your Account Value, Cash Surrender Value or any other Account described in the Policy.

The Protected Death Benefit Account at any time is equal to the accumulation at the Protected Death Benefit Interest Rate of:

- (a) The Protected Death Benefit Account on the preceding Monthly Anniversary; minus
- (b) Any Protected Death Benefit Cost of Insurance at the beginning of the current Policy Month; minus
- (c) The Protected Death Benefit Expense Charge at the beginning of the month; minus
- (d) Any Withdrawals of values in excess of the Protected Death Benefit Distributable Account.

The Protected Death Benefit Interest Rate and Protected Death Benefit Expense Charge are shown on the Schedule of Protected Death Benefit Amounts.

11.2 INITIAL PROTECTED DEATH BENEFIT ACCOUNT – The Initial Protected Death Benefit Account is based upon the Protected Death Benefit Amount that You choose, the Policy Age, Sex and Premium Class of the Insured. At the time You elect the Protected Death Benefit, We will send a notice to Your last known address of the value of this Account.

11.3 PROTECTED DEATH BENEFIT ELECTION – You may elect the Protected Death Benefit by sending Us Written Notice on or after the date the following conditions are met:

- (a) The Policy has been in effect for at least 15 Policy Years, and
- (b) The Insured's Policy Age is equal to or greater than the Protected Death Benefit Minimum Age shown on the Schedule of Protected Death Benefit Amounts.

Your Written Notice must include the Protected Death Benefit Amount that You choose to elect. The Protected Death Benefit Amount that You elect cannot be greater than the Maximum Protected Death Benefit Amount nor less than the Minimum Protected Death Benefit Amount defined below. If Your Policy Debt exceeds the Protected Death Benefit Distributable Account, it must be reduced to where it is less than or equal to the Protected Death Benefit Distributable Account.

If the Death Benefit Option is the Increasing Death Benefit Option, it must be changed to the Level Death Benefit Option.

Within 60 days of the first Monthly Anniversary on which You are eligible to elect the Protected Death Benefit, a notice will be sent to Your last known address informing You of Your right to elect the Protected Death Benefit.

Within 90 days of the date We receive Your Written Notice, a notice will be sent to Your last known address. This notice will provide You with:

- (a) The Protected Death Benefit Amount You have elected;
- (b) The Initial Protected Death Benefit Account; and
- (c) The Protected Death Benefit Effective Date.

Once the Protected Death Benefit is elected, an amount equal to the Protected Death Benefit Account must be allocated to the Fixed Account on and after the Protected Death Benefit Effective Date. If, on any Policy Anniversary, the Unreserved Fixed Account Value is less than the Protected Death Benefit Account, We will transfer the necessary amount from the Index Account Value to the Fixed Account so that the Unreserved Fixed Account Value is at least equal to the Protected Death Benefit Account. You may tell Us how much of the Protected Death Benefit Account Value amount is to be taken from the value in each Index Selection. If You do not otherwise notify Us in writing, any amount taken from the Index Account Value will be taken from each of the Index Selections in the proportions it bears to the Index Account Value. If there are multiple Index Segments within an Index Selection, the amount will be taken from the Index Segments based on the start date of the current Index Period for each Index Segment, with the values associated with the most recent dates being used first.

You will not be eligible to earn any Index Credits on the amount that is transferred from the Index Selection(s) as a result of a need to increase the Unreserved Fixed Account Value to be equal to the Protected Death Benefit Account.

- 11.4 MAXIMUM PROTECTED DEATH BENEFIT AMOUNT** – The Maximum Protected Death Benefit Amount is determined by the Net Cash Surrender Value at the time of election. The amount depends on the Protected Death Benefit Percentage, Policy Age, Sex, and Premium Class of the Insured. The Maximum Protected Death Benefit Amount will be less than or equal to Your Specified Amount of insurance at the time You exercise Your right to the Protected Death Benefit.
- 11.5 MINIMUM PROTECTED DEATH BENEFIT AMOUNT** – The Minimum Protected Death Benefit Amount is \$25,000.
- 11.6 PROTECTED DEATH BENEFIT EFFECTIVE DATE** – The Protected Death Benefit Effective Date will be the First Monthly Anniversary that follows the date We receive Your completed Written Notice.
- 11.7 PROTECTED DEATH BENEFIT INTEREST RATE** – The effective annual Protected Death Benefit Interest Rate is guaranteed in all years and is shown on the Schedule of Protected Death Benefit Amounts. The monthly Protected Death Benefit Interest Rate is the monthly rate that will produce an effective annual yield equal to the Protected Death Benefit Interest Rate.
- 11.8 PROTECTED DEATH BENEFIT COST OF INSURANCE RATES** – The Protected Death Benefit Cost of Insurance Rates are based on Policy Age, Sex, and Premium Class of the Insured. The monthly Protected Death Benefit Cost of Insurance Rates are guaranteed in all years. For Premium Classes other than rated, the rates are shown on the Table of Guaranteed Protected Death Benefit Monthly Cost of Insurance Rates in the Schedule of Protected Death Benefit Amounts.
- 11.9 PROTECTED DEATH BENEFIT COST OF INSURANCE** – The Protected Death Benefit Cost of Insurance is determined on each Monthly Anniversary. It is equal to (a) multiplied by the difference between (b) and (c), divided by 1000 where:
- (a) Is the Monthly Protected Death Benefit Cost of Insurance Rate;
 - (b) Is the Protected Death Benefit Amount;
 - (c) Is the Protected Death Benefit Account.
- 11.10 PROTECTED DEATH BENEFIT AMOUNT** – The Protected Death Benefit Amount provided as of the Protected Death Benefit Effective Date is selected by You, but must be within the limits outlined in Section 11.3: Protected Death Benefit Election.

The Protected Death Benefit Amount after the Protected Death Benefit Effective Date may be adjusted by Withdrawals. Whenever a change occurs in the Protected Death Benefit Amount, a notice will be sent to Your last known address to inform You of the change and provide You with the new Protected Death Benefit Amount.

- 11.11 PROTECTED DEATH BENEFIT PERCENTAGE** – The Protected Death Benefit Percentage is shown on the Table of Protected Death Benefit Percentages on the Schedule of Protected Death Benefit Amounts. This percentage varies by the Policy Age.
- 11.12 PROTECTED DEATH BENEFIT DISTRIBUTABLE ACCOUNT** – The Protected Death Benefit Distributable Account is equal to 97% of the result of (a) less (b), where:
- (a) Is the Account Value; and
 - (b) Is the greater of 1 and 2, where
 1. Is (100% minus the Protected Death Benefit Percentage) times the Account Value; and
 2. Is the Protected Death Benefit Account.
- 11.13 PROTECTED DEATH BENEFIT WITHDRAWAL AMOUNT** – The Protected Death Benefit Withdrawal Amount is equal to the Protected Death Benefit Distributable Account, less the Policy Debt.

If a Withdrawal does not exceed the Protected Death Benefit Withdrawal Amount, it is not deducted from the Protected Death Benefit Account. If a Withdrawal is in excess of the Protected Death Benefit Withdrawal Amount, the amount of the Withdrawal in excess of the Protected Death Benefit Withdrawal Amount will be deducted from the Protected Death Benefit Account.

On any date a Withdrawal is taken from the Protected Death Benefit Account, the Protected Death Benefit Amount will be reduced by:

- (a) The Protected Death Benefit Amount in effect at the end of the previous day; times
- (b) The amount withdrawn from the Protected Death Benefit Account; divided by
- (c) The Protected Death Benefit Account on the date of the Withdrawal before deducting the amount of the Withdrawal.

A Withdrawal will not be allowed if it could result in the Protected Death Benefit Amount being less than the Minimum Protected Death Benefit Amount, or if it would cause the Maximum Premium Limits to be violated.

- 11.14 IMPACT OF POLICY LOANS ON PROTECTED DEATH BENEFIT** – If You take a Policy Loan that causes Your Policy Debt to exceed the Protected Death Benefit Distributable Account, this will result in termination of the Protected Death Benefit. If Your Policy Debt exceeds the Protected Death Benefit Distributable Account, and You take a Policy Loan, this will result in termination of the Protected Death Benefit. Prior to obtaining a Policy Loan that causes the termination of the Protected Death Benefit, We will require that You sign a disclosure form that states You are aware that this will occur.

You may make a Policy Loan repayment(s) at any time during the Protected Death Benefit Period. Interest charged on Policy Debt will continue to accrue during the Protected Death Benefit Period.

In some circumstances, electing the Protected Death Benefit may cause Your Policy to become a modified endowment contract as defined by Section 7702A of the Internal Revenue Code. **You may wish to contact a tax advisor prior to making Policy changes, taking Policy Loans or Withdrawals to help You avoid situations that may result in Your Policy becoming a modified endowment contract.**

- 11.15 PROTECTED DEATH BENEFIT PERIOD** – The Protected Death Benefit Period begins on the Effective Date of the Protected Death Benefit and ends on the earliest of:

- (a) The Insured's death; or
- (b) Surrender of the Policy; or
- (c) The date You elect the Overloan Protection Benefit; or
- (d) The date You take a Policy Loan that causes Your Policy Debt to exceed the Protected Death Benefit Distributable Account; or
- (e) The date You take a Policy Loan while Your Policy Debt is exceeding the Protected Death Benefit Distributable Account; or
- (f) The date You elect to accelerate the Death Benefit of this Policy.

During the Protected Death Benefit Period:

- (a) We guarantee Your Policy will remain in effect and that the Death Benefit, less any Policy Debt shall at least be equal to the Protected Death Benefit Amount. This guarantee applies at the Insured's death even if the Net Cash Surrender Value is insufficient to pay the Monthly Deductions under Your Policy.
- (b) Monthly Deductions will continue to be taken from the Unreserved Fixed Account and Index Selections as described in Section 6.5: Monthly Deduction.
- (c) We will not allow any:
 1. Transfers from the Fixed Account that cause the Fixed Account Value to decrease below the Protected Death Benefit Account; or
 2. Specified Amount changes; or
 3. Death Benefit Option changes.
- (d) Before You take any Policy Loans, You must first withdraw all the Premiums from Your Policy.
- (e) If, at any time, the Policy Debt exceeds the Protected Death Benefit Distributable Account:
 1. The Specified Amount will be decreased to equal the Protected Death Benefit Amount;
 2. Any Endorsements and Riders that deduct Rider Charges or other fees from the Account Value will be terminated;
 3. Any outstanding Variable Interest Policy Loans will be transferred to a Standard Policy Loan with no further access to Variable Interest Policy Loans; and
 4. Notice will be sent to Your last known address to inform You of the changes in items 1., 2. and 3.
- (f) All Premium payments will first be applied to any outstanding Policy Loans before being applied to the Account Value.

SECTION 12: MATURITY DATE

The original Maturity Date of this Policy is shown on the Schedule of Policy Benefits. If the Insured is living on the Maturity Date, the Net Cash Surrender Value will be paid to You. At least 90 days prior to the original Maturity Date, We will mail notice to Your last known address informing You of Your option to extend the Maturity Date. Such notice is also sent to any assignee of record. We will only extend the Maturity Date if You request Us to extend the Maturity Date. We will only extend the Maturity Date if, in Our opinion, this Policy still qualifies as life insurance according to the Internal Revenue Service. We will take reasonable steps necessary to determine if this Policy will still qualify as life insurance beyond the Maturity Date, but We do NOT guarantee that Our interpretation is consistent with the opinion of the Internal Revenue Service. **You should consult a tax advisor prior to electing to extend the Maturity Date.**

- (a) To continue this Policy beyond the original Maturity Date:
 - 1. Your request to continue this Policy beyond the original Maturity Date must be received by Us.
 - 2. This Policy cannot be in the Grace Period;
 - 3. All of the Account Value must be transferred to the Fixed Account; and
 - 4. The Death Benefit Option must be the Level Death Benefit Option.
- (b) Once this Policy is extended beyond the original Maturity Date:
 - 1. We will not allow any increases to the Specified Amount;
 - 2. We will not allow any changes in the Death Benefit Option;
 - 3. We will not accept any premium payments;
 - 4. We will not allow transfers;
 - 5. We will continue to credit interest on the Account Value;
 - 6. We will not make further Monthly Deductions;
 - 7. We will allow Policy Loans, but all Variable Interest Policy Loans are converted to Standard Policy Loans;
 - 8. We will allow Withdrawals, subject to the conditions in Section 6.12: Withdrawals; and
 - 9. Any Endorsements or Riders will terminate.

Once this Policy is extended beyond the original Maturity Date, the Account Value will continue to accumulate interest until the Insured dies or until You elect to surrender and receive the Net Cash Surrender Value. Any Policy Debt will continue to accrue interest. If Policy Debt causes the Net Cash Surrender Value to decrease to a negative amount, We will send notice requesting a payment large enough to bring the Net Cash Surrender Value to an amount that equals one year's interest on the Policy Debt. Notice of such payment will be mailed to Your last known address no later than 30 days prior to termination. If such payment is not received within 30 days after mailing the notice, all coverage under this Policy will terminate without value at the end of the 30 days.

At time of election and upon payment of Accelerated Death Benefits, You, and any Irrevocable Beneficiary, will be provided a statement demonstrating the effect of the Accelerated Death Benefit Payment on the Death Benefit or Face Amount, Monthly Deductions or premiums, and, if applicable, on the Policy's Net Cash Surrender Value, and Policy Debt. The statements will be mailed to the last known address for You and any Irrevocable Beneficiary. If applicable, it will include any premium necessary to continue coverage following acceleration, any applicable Administrative Fee and the discount applied to the Accelerated Death Benefit.

- (e) The Accelerated Death Benefit Interest Rate in effect;
- (f) The Administrative Fee; and

The Accelerated Death Benefit Payment will be less than the Accelerated Death Benefit. This discount reflects the early payment of the Policy's Death Benefit or Face Amount, as applicable, that is being accelerated. The sections below contain additional details about the calculation of the specific payment for Terminal, Chronic, and Critical Illnesses.

The Accelerated Death Benefit Payment is subject to the Lifetime Maximum Accelerated Death Benefit amount shown on the Schedule of Policy Benefits.

PREMIUM GUARANTEE RIDER

This Rider is a part of the Policy to which it is attached. It is subject to all the provisions of this Policy unless We state otherwise. This Rider does not have any Cash Surrender Value or Policy Loan Value.

EFFECTIVE DATE – This Rider is effective on the Policy Date shown on the Schedule of Policy Benefits. This Rider cannot be elected after the Policy Date. The Benefit provided under this Rider becomes available after the No Lapse Guarantee Period ends.

CONSIDERATION – This Rider is issued in consideration of the application for it and the deduction of the Rider Charge from the Policy's Account Value while this Rider is in effect.

BENEFIT – If on any Monthly Anniversary after the No Lapse Guarantee Period ends, the Premium Guarantee Account (hereinafter referred to as PGA) is greater than or equal to the Policy Debt, then this Policy will not enter the Grace Period, even if the Net Cash Surrender Value is insufficient to pay the Monthly Deduction. This Rider does not prevent this Policy from entering the Grace Period during the No Lapse Guarantee Period.

This Policy may be kept in effect as a result of this Rider even if the Policy's Account Value has a negative balance. We will not credit or charge interest on this negative balance. Monthly Deductions will continue to be made and will be deducted from the negative balance. If the conditions in the previous paragraph have not been satisfied and the Policy's Net Cash Surrender Value is negative, the Policy's Grace Period may begin, as described in this Policy.

RIDER GRACE PERIOD – If at least 12 months have passed since the end of the No Lapse Guarantee Period and the PGA has been less than the Policy Debt for 24 consecutive months, the Rider Grace Period will become effective and a notice will be mailed to Your last known address at least 30 days before this Rider terminates. Such notice will also be mailed to any assignee of record. The notice will include the amount of the additional premium needed to keep this Rider in effect. If the additional premium is not paid within 60 days of the beginning of the Rider Grace Period, this Rider will terminate.

PREMIUM GUARANTEE ACCOUNT (PGA) – The PGA is equal to:

- (a) The PGA Value from the end of the previous Policy Month; plus
- (b) Any Premiums applied in the account during the current Policy Month less the Account Premium Load; minus
- (c) The Required Premium deducted from the account at the beginning of the current Policy Month; minus
- (d) The Account Expenses deducted from the account at the beginning of the current Policy Month; minus
- (e) The Required Rider Amount deducted from the account at the beginning of the current Policy Month; minus
- (f) Any Withdrawal of part of the Net Cash Surrender Value made during the current Policy Month that was deducted from the account; plus or minus
- (g) Interest on each of the above.

The PGA on the Policy Date is equal to any Premiums applied on or before the Policy Date, minus:

- (a) The Account Premium Load, minus
- (b) The Required Premium amount, minus
- (c) The Account Expense due on the Policy Date, plus any interest.

The PGA is used only for the purpose of determining whether the conditions described in the "Benefit" section above have been satisfied. They do not represent an independent dollar value that can be accessed by You. Further, they do not affect the calculation of the actual Policy's Account Value, Net Cash Surrender Value or any other value described in this Policy.

PREMIUMS – For purposes of this Rider, the PGA Cut-off Date is defined as the Monthly Anniversary that is 6 months after the Policy Date. Premiums are applied to the PGA according to the following rules:

- (a) Any Premium that is received prior to the PGA Cut-off Date will be applied to the PGA on the Policy Date.
- (b) Any Premium received on or after the PGA Cut-off Date and on a Monthly Anniversary will be applied to the PGA on that Monthly Anniversary.
- (c) Any Premium received after the PGA Cut-off Date and on a day that is not a Monthly Anniversary will be applied to the PGA on the previous Monthly Anniversary.
- (d) Any Premium received prior to the first Policy Anniversary as a result of an exchange under Section 1035 of the Internal Revenue Code will be applied to the PGA on the Policy Date.

Nothing in this section shall be construed to amend or alter the Grace Period provision of this Policy or the Rider Grace Period provision described in this Rider.

ACCOUNT PREMIUM LOAD – The Account Premium Load will be deducted from each Premium paid in the calculation of the PGA. The Account Premium Load, and the number of Policy Years it is deducted, are shown on the Schedule of Premium Guarantee Rider Amounts. The Account Premium Load depends on the cumulative Premium that is paid each Policy Year, as shown on the Schedule of Premium Guarantee Rider Amounts.

ACCOUNT INTEREST RATE – The effective annual Account Interest Rate for the PGA is guaranteed in all years and is shown on the Schedule of Premium Guarantee Rider Amounts

REQUIRED PREMIUM – The Required Premium is determined on each Monthly Anniversary. It is equal to: (a) multiplied by the difference between (b) and (c), divided by 1,000, where:

- (a) Is the Account Premium Rate;
- (b) Is the Account Death Benefit; and
- (c) Is the PGA.

ACCOUNT DEATH BENEFIT – Under the Level Death Benefit Option, the Account Death Benefit is the greater of the:

- (a) Specified Amount in effect for the Policy Month; or
- (b) The PGA multiplied by the Corridor Percentage shown on the Schedule of Policy Benefits.

Under the Increasing Death Benefit Option, the Account Death Benefit is the greater of the:

- (a) Specified Amount in effect for the Policy Month, plus the PGA; or
- (b) The PGA multiplied by the Corridor Percentage shown on the Schedule of Policy Benefits.

The Account Death Benefit is used only for the purpose of determining the PGA. It does not represent an independent dollar value that will be payable upon death.

ACCOUNT PREMIUM RATES – The Account Premium Rates are based on the Policy Year, Specified Amount and Issue Age, Sex, and Premium Class of the Insured. The monthly Account Premium Rates are guaranteed in all years and are shown on the Schedule of Premium Guarantee Rider Amounts.

ACCOUNT EXPENSE – The monthly Account Expense is equal to:

- (a) The Account Policy Expense Charge and the number of Policy Years the Account Policy Expense Charge is deducted are shown on the Schedule of Premium Guarantee Rider Amounts; plus
- (b) The Account Unit Expense Charge is equal to the Account Unit Expense Charge shown on the Schedule of Premium Guarantee Rider Amounts multiplied by the current Specified Amount divided by 1,000. The Account Unit Expense is deducted for the number of Policy Years shown on the Schedule of Premium Guarantee Rider Amounts.

REQUIRED RIDER AMOUNT – The Required Rider Amount is based on the additional benefits provided by any Endorsements or Riders attached to this Policy. The Required Rider Amount for this Rider is zero. The Required Rider Amount for all other Endorsements or Riders will be the same as the Endorsement or Rider Charge that is deducted from the Policy's Account Value.

RIDER CHARGE – The Rider Charge is equal to one twelfth of the Annual Premium shown on the Schedule of Policy Benefits page entitled Additional Benefits Provided by Endorsement or Rider. The Rider Charge will be deducted from the Policy's Account Value on each Monthly Anniversary. The Rider Charge is based on the current Specified Amount.

WAIVER OF CHARGES – If this Policy contains a Waiver of Charges Disability Benefit Rider and a Total Disability claim is approved and this Premium Guarantee Rider has not terminated, then for any month for which Monthly Deductions are thereby waived, the Required Premium Amounts, Account Expense and Required Rider Amounts will not be deducted from the PGA.

INCONTESTABILITY – No material misrepresentation made in any application for this Rider will be used to contest payment of any benefit under this Rider after this Rider has been in effect during the lifetime of the Insured for two years from the Policy Date.

REINSTATEMENT – If this Rider terminates and this Policy remains in effect, this Rider cannot be reinstated. If this Policy terminates and is reinstated, this Rider may be reinstated, subject to the terms of this Policy.

If this Policy is reinstated with an effective date during the No Lapse Guarantee Period, we will require payment of Premium that is estimated to keep this Rider in effect for two months following Reinstatement. We will assess all Required Premium amounts, Account Expenses, Required Rider Amounts and Account Premium Loads that were due up to the date this Policy terminated, but We will not require You to include this with the Premium necessary to reinstate this Policy.

If this Policy is reinstated with an effective date after the end of the No Lapse Guarantee Period, we will require payment sufficient to cover all Required Premium Amounts, Account Expenses, Required Rider Amounts and Account Premium Loads that were due up to the date this Policy terminated plus payment of Premium estimated to keep this Rider in effect for two months following Reinstatement.

LIMITATION – After five Policy Years, We will not allow an increase to the Specified Amount of this Policy to which this Rider is attached unless the increase to the Specified Amount is caused by a change in the Death Benefit Option or is requested through a Guaranteed Insurability Rider if attached to this Policy.

TERMINATION – This Rider will terminate on the earliest of:

- (a) The Expiry Date shown on the Schedule of Policy Benefits;
- (b) The date this Rider reaches the end of the Rider Grace Period without payment of the additional premium;
- (c) The Monthly Anniversary following Your written request to terminate this Rider; or
- (d) Policy termination or Maturity
- (e) The death of the Insured.
