Replacements (both external & internal) should not be done if it is not in your client's best interest, both short and long term. For a list of factors to consider before recommending a replacement & other guidelines, please refer to the Company's 'Compliance Guidelines' manual found on our website. Applications involving replacement sales are monitored daily. If a trend of multiple replacements or a pattern of improper replacements is noticed, we may take appropriate disciplinary action to include termination of an agent's contract.

  on the application.

The initial premium can be submitted in the form of applicant's personal check, eCheck, or bank draft for 1st premium. See the eCheck procedures described in this guide. MONEY ORDERS NOT ACCEPTED.
- IMPORTANT Incomplete or unsigned applications will be amended or returned for completion. Please make sure that all blanks are filled in and the application has been reviewed and signed by the Owner and proposed Insured. Also, remember to include your agent number.
- Third-Party Payor: The Company has experienced problems in terms of anti-selection, adverse claims experience and persistency on applications involving 'Third-Party Payors'. This is defined as a premium payor other than the primary Insured, spouse, business, or business partner (regardless of the mode of payment). Examples of 'Third-Party Payors' include brothers, sisters, in-laws, parents, grandparents, aunts, uncles, and cousins when the proposed Insured is age 30 or older. As a result of the issues related to this situation, we DO NOT accept Term Made Simple applications where a Third-Party Payor is involved and the applicant is age 30 or older. We do accept such applications if the payor is a spouse, business, or business partner. If the proposed Insured ranges from ages 18 to 29, we will allow a parent to pay the premiums, but please be advised that additional underwriting requirements, including a criminal records check, will be involved for many of these applications; particularly for those applications where the proposed Insured ranges from ages 25 to 29.

- Auto Declines: If you determine, prior to initiating the telephone interview, that the proposed Insured has a
  condition which is listed in the 'Medical Impairment Guide' as a 'Decline' or if he or she exceeds either the
  maximum or minimum weight in the build chart provided in this guide, the application should not be submitted
  to the Home Office.
- Applicants Re-applying for Coverage: New applications will not be processed if the proposed Insured has had two policies with any of our Companies within the previous 12 months; or had three or more policies in the past five years, which have lapsed, been made not taken, surrendered, or canceled. This applies regardless of the plan(s) which have previously been written or who the writing agent may have been on the previous policies.
- It is often easier and in the best interest of your client to request that a policy be re-dated or reinstated rather than completing a new application. Below are the Company guidelines to follow:

#### Re-date and Reinstate Request\*:

- If the request is being made within 60 days of the policy date:
  - A policy can be re-dated simply by sending an email request to our Client Experience Department at cx@aatx.com.
  - There is no additional paperwork is necessary.
  - \* A policy can be re-dated ONE time only.

#### Reinstate Request Only\*\*:

- If the policy lapse has occurred 60 days after the policy date & within the first policy year:
  - We require both a Statement of Health (Form No. 1110) & HIPAA (Form No. 9526) to be completed.
  - In addition, a new Bank Authorization (Form No. 1963) is required if payments will be made via bank draft.
     Or we would require the back premiums due if the payments will be made on direct bill.
  - The documents above should be faxed to Client Experience at (254) 297-2105.
  - As an alternative a new application can completed and submitted with "Reinstate" and the policy number indicated at the top. These should also be faxed to Client Experience at (254) 297-2105.
- If the policy lapse occurred more than one year after the policy date:
  - We require a new application to be completed and submitted to the New Business Department at (254) 297-2100.
  - Make sure to send a note with the application indicating this is a "Reinstatement" & indicate the original policy number.
  - \*\* Upon request we will review these on a basis to see if they can be considered for a re-date & reinstate.

#### **Premiums Requirements:**

- UL or Non-ROP Term 2 months premium or 1 modal premium.
- ROP Term all missed premiums.
- All other plans all missed premiums
  - \*If the policy is over-loaned, we may need loan interest or payment for loan.

#### **Bank Draft Procedures**

Draft 1st Premium Once Policy is Approved:

- 1) Complete the 'PREAUTHORIZATION CHECK PLAN' fields found at the bottom of the back of the application. Please specify a 'Requested Draft Day', if a specific one is desired. If a 'Requested Draft Day' is provided and needs to be drafted on a specific day, provide that date in the Policy Date field (mm/dd/yy).
  - (a) Once the application is approved, the Company will draft the first premium upon the date specified. If the applicant does not provide a specified date, the draft will occur when the Policy is approved.
  - (b) The initial draft cannot occur more than 30 days after the application signature date.
  - (c) Drafts cannot be on the 29th, 30th, or 31st.
- 2) A copy of a voided check or deposit slip should accompany the application any time that one is available. If one is not available, then we highly recommend that you also complete the Bank Account Verification section of Form 9903 and submit it along with the application. This helps to ensure the accuracy of the account information and reduces the occurrences of returned drafts. If a client only uses a debit or check card instead of actual checks, locate a bank statement to obtain the actual account number (DO NOT use the number found on the card). Green Dot Bank (and other pre-paid cards) not accepted.

#### Immediate Draft for Cash with Application (CWA) using eCheck:

- 1) To bind coverage IMMEDIATELY, you may use the eCheck option. If this option is selected, you must complete the eCheck section of Form 9903 in addition to items 1 & 2 listed above.
  - (a) The eCheck section of form 9903 (found at the bottom of the form) authorizes the Company to immediately draft for the 1st premium upon receipt of the application. Submit this form along with the application.
  - (b) When the application is approved, the initial premium will be applied to pay the 1st premium. Future drafts will be based on the next premium due date and the 'Requested Draft Day' (if one is provided).

#### OPTION FOR DRAFTS TO COINCIDE WITH RECEIPT OF SOCIAL SECURITY PAYMENTS

Most people today are receiving their Social Security payments on either the 1st or 3rd of the month, or the 2nd, 3rd, or 4th Wednesday. If you have clients receiving their payments under this scenario and they would like to have their premiums drafted on those same dates, please follow the instructions below:

- On the 'Requested Draft Day' line of the 'PREAUTHORIZATION CHECK PLAN' on the back page of the application, you will need to list one of the indicators below:
  - '1S' if payments are received on the 1st of the month
  - '3S' if payments are received on the 3rd of the month
  - '2W' if payments are received on the 2nd Wednesday of the month
  - '3W' if payments are received on the 3rd Wednesday of the month
  - '4W' if payments are received on the 4th Wednesday of the month
- The 'Policy Date Request' field on the front of the application should not be completed as the actual policy date will be assigned by the Home Office once the application is received.

When you follow the steps provided above at point-of-sale, our office will have the necessary information needed to process the premium draft to coincide with your client's Social Security payment schedule. The procedure is just that simple. The remainder of the application documentation is completed as usual. In addition, you always have the ability to request immediate drafts for CWA; just follow normal procedures to do so.

#### PAPER APPLICATIONS

If you do complete an interview at point-of-sale, please write the vendor name in the top right corner of the application and provide the interview case number. Note: Whether an interview is required or not, if you want a point-of-sale decision on a paper application, you have the option to contact Applical to complete a telephone interview. They will provide their point-of-sale recommendation at the end of the interview.

#### **TELEPHONE INTERVIEW**

A telephone interview conducted with the proposed Insured is required on all applicants ages 65 and above. The interview can be completed at point-of-sale.

After fully completing the application you may call from the client's home for the personal history telephone interview. The interview is designed to confirm the answers given on the application. The interview can be completed in either of 2 ways:

- 1) at point-of-sale, or
- 2) the telephone interview vendor will contact the proposed Insured after receipt of the application at the Home Office.

Point-of-sale telephone interviews can be completed by calling the toll-free number below. When calling them be sure to identify yourself, Company, and product being applied for 'Term Made Simple', and whether or not the applicant is applying for the Critical Illness Rider or the Total Disability Benefit Rider.

If Preferred Non-Tobacco rates are being applied for, please advise the interview company of this as well. The applicant must always complete the telephone interview without assistance from the agent or another person. If the interview is completed at point-of-sale, mark the 'Telephone Interview Completed' question 'Yes' in the upper, right-hand corner of the application (also provide the case # issued to you by the interview company). If the sale is made outside of the vendor's hours of operation or if the interview is not completed at point-of-sale, mark this question 'NO' and the Company will initiate the call upon receipt of the application.

For MRS interviews, you MUST ALWAYS submit the application to the Home Office along with the HIPAA, Form No. 9526; even if your client is not eligible for coverage or decides not to proceed with the application process. The Company is required by law to maintain these documents in our files. In this event, please write 'Withdraw' at the top of the application.

**Note:** We strongly recommend that these be completed point-of-sale to improve field underwriting and speed up issue time.

With this benefit, you can receive up to 100% of the death benefit of the policy if diagnosed as terminally ill where life expectancy is 24 months or less (12 months in some states). This rider is added to every policy (where available) at no additional premium. An actuarial adjustment factor and an administrative charge of \$150 will be assessed at the time of acceleration. Remember to leave disclosure statement Form No. 9474 (AA, OL, PA, PS), TI501 (IAA), or 3575-D in CA, with the applicant at point-of-sale. For California, please refer to Form No. 3672-CA for rider details.

#### ACCELERATED BENEFITS RIDER-CONFINED CARE - Policy Form No. 9674 (AA, OL, PA, PS); AB301 (IAA)

The cash value (if any), the amount available for loans (if any), and the premium for the policy will decrease in proportion to the amount of the benefit paid. This rider (where available) is added to policies issued at no additional premium. The payment of the accelerated benefit will reduce the life insurance proceeds by the amount of the benefit paid. Remember the disclosure statement Form No. 9675 (AA, OL, PA, PS); AB502 (IAA) must be presented to the applicant at point-of-sale. (Rider not available in CT, DC, IN, MA, NJ, VA, & WA.)

#### CHRONIC ILLNESS ACCELERATED DEATH BENEFIT RIDER - Policy Form No. 3579 (AA, IAA, OL, PA, PS)

- 2) Requiring substantial supervision for a period of at least 90 consecutive days by another person to protect oneself from threats to health and safety due to severe cognitive impairment.

The chronic illness must have occurred after the effective date of the rider.

Under the terms of this rider, the Policy Owner can request to receive portions of the death benefit (minimum of \$1,000) up to 25% and as often as one time per calendar year. An administrative fee of \$100 will be assessed at the time of each acceleration. These requests can be made up to a maximum equaling 95% of the policy death benefit or a maximum amount of \$150,000. The cash value (if any), the amount available for loans (if any), and the premium for the policy will decrease in proportion to the amount of the benefit paid. This rider is automatically added to policies (where available) and requires no additional premium. The payment of the accelerated benefit will reduce the life insurance proceeds by the amount of the benefit paid. Remember the disclosure statement Form No. 3579-D (AA, IAA, OL, PA, PS) must be presented to the applicant at point-of-sale.

# SPEED UP YOUR TURNAROUND TIME! Practice these simple guidelines

The TERM MADE SIMPLE plan is issued standard for applicants who would normally be considered up to table 4 by most underwriting standards today. Applicants who are considered high-risk or declinable should not be sent to our Company for consideration.

BEFORE asking any health questions, stress the importance for 'truthful and complete' answers, including tobacco usage that will 'match' information already in the applicant's medical records, national prescription database, MIB, etc.

If applicant answers 'Yes' to any health question, such as high blood pressure, cholesterol, or diabetes, get full details. Ask the following information: age at onset, name all medications, applicant's last reading and how often is the problem checked, name of doctor treating condition, date last seen, etc. THE MORE COMPLETE INFORMATION you can provide on the application significantly REDUCES the need to order medical records or an interview...and speeds up issue time!

#### PRACTICE GOOD FIELD UNDERWRITING OR...

An agent with a history of submitting applications with non-admitted medical information will likely receive special attention when their applications are reviewed by the Underwriting Department. That agent's applicants will receive a phone interview and/or medical records will be requested until the underwriters believe that agent has corrected their field underwriting problems.

Agents need to stress to the proposed Insured the necessity for complete and truthful answers to all questions on the application before asking the health questions, including tobacco use.

#### Term Made Simple Medical Impairment Guide

Underwriters will try to evaluate the risk as quickly as possible, so the following factors are essential:

- Good Field Underwriting Carefully ask all the application questions and accurately record the answers.
- Client Honesty and Cooperation Underwriting relies heavily on the application; therefore, complete and thorough answers to the questions are necessary. Please stress this and prepare the proposed Insured for an interview. The interview will be brief, pleasant, and professionally handled.

The Medical Impairment Guide has been developed to assist you in determining a proposed Insured's insurability. This Guide is not all-inclusive, and state-specific applications may differ from the information provided. If you have any questions about medical conditions not listed here, or how a medical condition may affect a state-specific application, please contact the Home Office for a Risk Assessment via our Online Chat or at riskassess@aatx.com. Underwriting reserves the right to make a final decision based on all factors of the risk.
