Advantages of Accelerated Underwriting

Term Life with Accelerated Underwriting provides your clients:

- A less invasive, streamlined approach for faster application approvals
- Flexible face amounts from \$25,000 up to \$1 million (for ages 18-50) and up to \$500,000 (for ages 51-65)
- Flexible end-of-term conversion options and/or additional return of premium benefits*
- An overall better customer experience with competitive premiums

With Accelerated Underwriting, all applicants are considered for approval at the time of application without further underwriting; not all will qualify. For those who don't receive instant approval, Accelerated Underwriting seamlessly transitions their applications into a more traditional underwriting process for the same product with the same available premium classes.
