Express UL

Life can change quickly. Having a strategy with options for your family's protection is crucial. **Express UL** can help provide you and your family with the protection and choices that you need: death benefits for you and your family, flexible premiums, rider availability for lost income should you become disabled, and cash accumulation that can be used at your discretion should unforeseen needs arise.

The remarkable thing is: **YOU CAN DO IT ALL WITH EXPRESS UL.**

DEATH BENEFITS

Express UL features a **maximum \$500,000 death benefit** for the Primary Insured with no medical exam! The death benefits are generally income tax-free and can replace lost income, pay off debts, or fund your children's education.

CASH ACCUMULATION

The cash accumulation available with your policy can provide you with flexibility regarding your future premium payment, and access to funds in the form of policy loans and surrenders (in part or in full). Best of all, you are leveraging your premium dollars with tax-deferred growth! **Express UL** guarantees a minimum interest rate of 1.0%.

PREMIUMS

Express UL premiums are flexible. You determine how much premium to pay (up to the maximum allowed) and when to pay it – so long as there is sufficient accumulation value to cover required deductions.

15 YEAR NO LAPSE GUARANTEE

If you pay a specified no-lapse premium on a timely basis, the death benefit will be guaranteed for at least 15 years.

The payment of the accelerated benefit will reduce the life insurance proceeds by the amount of the benefit paid. The cash value (if any), the amount available for loans (if any), and the premium (excluding policy fee) for the policy will decrease in proportion to the amount of benefit paid. For information specific to California, refer to form 3672-CA. Availability varies by state, see rider for complete details.

The payment of the accelerated benefit will reduce the death benefit proceeds by the amount of the benefit paid. The acceleration-of-life-insurance benefits offered under these riders may or may not qualify for favorable tax treatment under the Internal Revenue Code. Whether such benefits qualify depends on factors such as your life expectancy at the time benefits are accelerated or whether you use the benefits to pay for necessary long-term care expenses, such as nursing home care. If the acceleration-of-life-insurance benefits qualify for favorable tax treatment, the benefits will be excludable from your income and not subject to federal taxation. However, acceleration-of-life-insurance benefits payments may be taxable by your state. Tax laws relating to acceleration-of-life-insurance benefits are complex. You are advised to consult with a qualified tax advisor about circumstances under which you could receive acceleration-of-life-insurance benefits excludable from income under federal law.

Receipt of acceleration-of-life-insurance benefits may affect your, your spouse's or your family's eligibility for public assistance programs such as medical assistance (Medicaid), Aid to Families with Dependent Children (AFDC), supplementary social security income (SSI), drug assistance, or other public assistance programs. You are advised to consult with a qualified tax advisor and with social service agencies concerning how receipt of such a payment will affect your spouse's or your family's eligibility for public assistance.
