Lincoln's Limited Power of Attorney Frequently Asked Questions

Q: What is a Limited Power of Attorney?

A: The proposed owner and/or proposed insured may appoint an individual, referred to as the "Attorney-In-Fact" to act on their behalf for limited purposes to place a policy in force. The Limited Power of Attorney is also referred to as an LPOA or POA.

Q: What can the LPOA be used for?

A: If the proposed owner and/or proposed insured is no longer in the U.S. at the time of policy delivery, the Attorney-In-Fact is authorized to accept and sign on behalf of the proposed owner or proposed insured any documents related to placing the Policy in force, including, but not limited to, the application on Policy delivery, any amendments to the Policy, any Policy sales illustration and/or documentation including but not limited to the Good Health Statement and Insurability Supplement and Policy delivery receipt, which may be required and as approved by Lincoln.

Since the policy must be delivered in the U.S., establishing a LPOA may be useful if the client will be outside the country when the policy is ready to be delivered.

Q: Where can Lincoln's suggested LPOA language be found?

A: Lincoln's Limited Power of Attorney agreement can be found on the Forms Tool on the Lincoln website as of Aug. 14, 2023 (Form LF11891) under Non-Required Forms > Administration.

Q: Can the LPOA be notarized in another country?

A: No. The LPOA must be executed and notarized in the U.S. The notary must be licensed in a U.S. state.

Q: Can the Attorney-in-Fact sign on behalf of the insured?

A: Yes. For variable life insurance cases, there may be certain broker-dealer requirements or restrictions that apply.

Q: Can the Attorney-in-Fact sign medical amendments or a Good Health Statement?

A: Yes. For variable life insurance cases, there may be certain broker-dealer requirements or restrictions that apply.

Q: Does the Attorney-in-Fact need to be physically present when the LPOA is executed?

A: No.

Q: Who can serve as the Attorney-in-Fact, according to Lincoln?

A: The person must be a disinterested third-party and be at least 18 years of age. The person is not required to be a U.S. citizen, have a green card or nexus, however there must be no financial benefit to this person from the sale of the policy. The Financial Professional or anyone on the Financial Professional's staff should not serve as the Attorney-in-Fact.

Assuming there is no conflict of interest in the sale, some examples of those who could serve as Attorney-in-Fact under Lincoln's LPOA for medical amendments and/or the Good Health Statement include: attorney, tax advisor, compliance officer for firm, officer of firm, owner of policy (for insured only), beneficiary of policy, close family member or friend of proposed insured.

Important Information Regarding New York Situs

Guidance for handling Situs for residents of NY – Revised as of August 14, 2023

Key Updates

Effective August 14, 2023

- As we continue to reinforce our New York (NY) Situs measures, the following disclosure will be added to the Delivery Notice on all Term Products and the Illustration for our Permanent Products. Policy owner acknowledgment and signature is required. This statement is consistent with the agent acknowledgement statement that was added to the Agent's Report and Producer Attestations in May.
"The undersigned confirms this contract was principally negotiated, issued and delivered in the state where the application was signed, and no part occurred in the state of New York (NY). For NY residents, any communication pertaining to this contract also occurred in the state where the application was signed, and no part occurred in NY."
- The Out of State Sale Verification Form [LF12247] is **no longer required** on Informal Trial submissions for a New York (NY) resident with a non-NY product. You must include a cover letter indicating that the formal application will be a non-NY solicitation and product.

Effective August 28, 2023

- Lincoln will **no longer accept labs drawn in NY** as the exam (vitals) must be conducted OUTSIDE of NY and are generally completed at the time of the lab draw.

In 2021, [Lincoln Financial Group suspended the sale of several life insurance products](#), as well as suspended all electronic process solutions, in NY. Our Underwriting and New Business Department is closely monitoring applications for attempts to circumvent these rules by creating the appearance that an application was solicited in a state other than NY.

What you need to know about New York Situs

If any portion of the solicitation or application process occurs in New York (NY), including physical examinations, the application submitted must be a Lincoln Life & Annuity Company of New York (LLANY) application for a product approved in NY. In other states, life insurance products are issued by The Lincoln National Life Insurance Company (LNL). LNL is not licensed in NY. If LNL were to issue a policy that had been solicited or delivered in NY, the New York Department of Financial Services would view LNL as acting as an unauthorized insurer.

If a NY resident applies for coverage outside of NY, no part of the sale can take place in the state of NY. All sales activities must be conducted in the state of Situs and the NY resident must sign and submit the Out of State Sale Verification Form [LF12247] with the application. NY residents may only apply for life insurance coverage in another state if there is an obvious tie to the Situs state, other than for the reason of purchasing insurance. For Financial Professional use only. Not for use with the general public.

To clarify and reinforce these Situs measures, the following disclosure will be added to the Agent Report, Producer Attestations, Delivery Notice on all Term Products and the Illustration for our Permanent Products. Agent and policy owner acknowledgment and signature are required, where applicable.

"The undersigned confirms this contract was principally negotiated, issued and delivered in the state where the application was signed, and no part occurred in the state of New York (NY). For NY residents, any communication pertaining to this contract also occurred in the state where the application was signed, and no part occurred in NY."

The New York Department of Financial Services issued **Circular Letter No. 6, Sale of Unapproved Insurance Policies or Contracts to Residents of New York State in April 2011**. This letter noted that the Department’s findings that “producers submitted applications on behalf of New York residents that falsely stated that the transactions had taken place outside of New York, even though the producers in fact solicited applicants, completed applications, or delivered the policies or contracts in New York.” The Department stated that violations will lead to disciplinary action, which may include monetary penalties, suspension or revocation of the producer’s or insurer’s license. **VIEW >> [Circular Letter 6](#)**

Soliciting business in New York

If you encounter an applicant who has completed any portion of the solicitation/application process while located in New York (NY), ensure the application is submitted as a NY (LLANY) application for a product that is currently available for sale in NY. Product availability can be verified by viewing the [State Availability Grids](#). A failure to comply with these requirements may lead to further disciplinary action, up to and including termination for cause. **The following instances could be considered as soliciting a case in NY:**

Is this a New York Application?

- Meeting with the applicant(s) in NY
- Completing any portion of an application package in NY (see following instructions for “dummy applications”, trials or pre-trust applications)
- Delivery and/or signing of policies or contracts while in NY (traditional or electronic)
- Completion of an exam in NY
- Lack of an obvious and reasonable link to the Situs state by the Insured or Owner

Any paperwork or form that does not match the state of Situs For further information regarding Situs, please review Lincoln’s Individual Life Situs Guidelines.

For further information regarding Situs, please review [Lincoln’s Individual Life Situs Guidelines](#).

A Special Note on Trial, “Dummy” and Pre-Trust Applications in New York

Lincoln will only accept trials, dummy applications or pre-trust applications on New York (NY) residents for a non-NY product so long as ALL sales activities (application, illustration, paramed exam, policy delivery, etc.) are done outside of NY.

Effective August 14, 2023, the Out of State Sale Verification Form [LF12247] is no longer required with Informal Trial submissions. You must include a cover letter indicating that the formal application will be a non-NY solicitation and product.

If a NY resident applies for coverage outside of NY, and any part of the sale occurs in NY, the application will be rejected.

Submitting an In-Good-Order Electronic Funds Transfer Form

What is required and why getting it right matters

We have received many inquiries regarding the **Electronic Funds Transfer (EFT) Authorization Form [CS06711]**, particularly regarding what fields are required and why. To provide clarity, we will explore the requirements and legalities behind two important EFT fields — **Premium Amount and Premium Mode**.

Why it Matters

The legal rules surrounding this form come from a set of banking standards **set by NACHA**. Not including the correct amount, mode or other information when required would be a violation of these guidelines, resulting in **high risk for you and Lincoln**.

What’s Required

Per NACHA, the following is required for any CS06711 EFT Authorization Form submitted **on or after August 14, 2023** (*Note: we will accept any form submitted prior to this date*):

Correct Amounts and Modes

The Premium Amount and Premium Mode **MUST** be complete and correct for all products to draft the premium and/or one-time payments, such as a lump sum.

- **Premium Amount:**
 - ✓ The Premium Amount must be correct for all products before drafting the premium.
 - ✓ If the Premium Amount changes, the form must be updated before drafting the premium.
- **Premium Mode:**
 - ✓ The Mode must be correct for all products before drafting the premium.
If the Mode changes, the form must be updated before drafting the premium.
 - ✓ For Perm products, verify that the illustration/projection matches.
 - ✓ If the One-Time draft box is selected, Lincoln will process a one-time draft based on the amount provided. Future premiums will not be drafted from this account.

Minimum Information Required

The Originator (Lincoln) must ensure that each consumer debit authorization (i.e., the EFT Authorization Form) includes the following minimum information:

- ✓ Language clearly stating whether the authorization obtained from the Payor is for a single entry, recurring entries, or one or more subsequent entries initiated under the terms of a standing authorization.
- ✓ The amount of the entry or entries, or a reference to the method of determining the amount of the entry(ies).
- ✓ The timing of the entries, including the start date (or a reference to start date which we have baked into our EFT Auth), number of entries and frequency of the entries.
- ✓ The Payor's name or identity.
- ✓ The Payor's contact information (address, phone number).
- ✓ The account to be debited (this should include whether the account is a checking or savings account, bank name, account number and routing number).
- ✓ The date of the Payor's authorization.
- ✓ Language that instructs the Payor how to revoke the authorization directly with the Originator. This must include the time and manner in which the Payor must communicate the revocation to the Originator.
 - For a single entry authorized in advance, the right of the Payor to revoke authorization must provide the Originator a reasonable opportunity to act on the revocation instruction prior to initiating the entry.

- Lincoln will email a link directly to the client, following the submission of the eApp by the Financial Professional.
- An eApp [Client Interview Guide](#) will be attached to the email, to help the client prepare for the questions.
- Your client should expect the interview to take approximately 20-minutes.
- For clients that do not wish to complete an online interview, an opt-out feature will be available for the Financial Professional to select. If opt-out is selected, the client will not be eligible for lab-free consideration.
