If the applicant provides the **Requested Draft Day** and wants a draft on a specific day, supply that date in the Policy Date field (mm/dd/yy).
 - (a) Drafts cannot occur more than 60 days after the date the application was signed.
 - (b) Drafts cannot be on the 29th, 30th or 31st of the month.
- 2) A copy of a voided check or deposit slip must accompany the application. If one is not available or if they have a bank account, but only use a debit card, then you must also submit a Bank Account Verification (the Bank Verification section of Form 9903). (If a debit card is used, locate a bank statement to obtain the actual account number and not the number of the debit card.)

Immediate Draft for Cash with Application (CWA) using eCheck:

- 1) To bind coverage IMMEDIATELY, you may use the eCheck option. If this option is selected, you must complete the E-Check section of Form 9903 in addition to items 1 & 2 listed above.
 - (a) In addition to items 1 & 2 above, complete the eCheck Authorization (the eCheck Bank Draft Authorization Section of Form 9903). Using this form, the Company will draft the first premium upon receipt of the application.

OPTION FOR DRAFTS TO COINCIDE WITH RECEIPT OF SOCIAL SECURITY PAYMENTS

Most people today are receiving their Social Security payments on either the 1st or 3rd of the month or the 2nd, 3rd, or 4th Wednesday. If you have clients receiving their payments under this scenario and they would like to have their premiums drafted on those exact dates, please follow the instructions below:

- On the **'Requested Draft Day'** line of the **'PREAUTHORIZATION CHECK PLAN'** on the back page of the application, you will need to list one of the indicators below:
 - **'1S'** – if payments are received on the 1st of the month.
 - **'3S'** – if payments are received on the 3rd of the month.
 - **'2W'** – if payments are received on the 2nd Wednesday of the month.
 - **'3W'** – if payments are received on the 3rd Wednesday of the month.
 - **'4W'** – if payments are received on the 4th Wednesday of the month.
- The **'Policy Date Request'** field on the front of the application should not be completed as the actual Policy Date will be assigned by the Home Office once the application is received.

When you follow the steps provided above at point-of-sale, our office will have the necessary information needed to process the premium draft to coincide with your client's Social Security payment schedule. The procedure is just that simple. Complete the rest of the application paperwork in the normal fashion. Also, you still have the choice of requesting immediate drafts for CWA; follow the routine procedures.

OTHER REQUIRED FORMS / KEY ADMINISTRATIVE GUIDELINES

- **Incomplete or unsigned applications:** Applications that are not complete in their entirety or missing required signatures will require an amendment or returned for completion. Please make sure that all blanks are filled in and the application reviewed and signed by the Owner and proposed insured. Also, remember to include your agent number.
- **HIPAA, Form No. 9526:** Must be sent with each application.
- **Replacement Form (if required):** Complete all replacement requirements as per individual state insurance replacement regulations.
- **Replacement of Existing Insurance:** Great care and attention should be given to any decision to replace an existing policy. You have a responsibility to make sure that your client has all the necessary facts (advantages & disadvantages) to determine if the replacement is in his/her best interest. Replacements (both external & internal) should not be done if it is not in your client's best interest, both short and long-term. For a list of factors to consider before recommending a replacement & other guidelines, please refer to the Company's 'Compliance Guidelines' manual found on our website. Applications involving replacement sales are monitored daily. If a trend of multiple replacements or a pattern of improper replacements is noticed, we may take appropriate disciplinary action including termination of an agent's contract.
- **All changes must be crossed out and initialed by proposed insured:** No white outs or erasures on the application.
- **Application Date / Requested Policy Date:** The application date should always be the date the proposed Insured answered all the medical questions and signed the application. The 'Requested Policy Date' cannot be more than 30 days out from the date the application was signed.
- **Re-Writes on Same Insured:** If a second application is written on the same individual (1) within six months of the first policy being issued or (2) which increases the face amount to the maximum allowable for that age, medical records will be ordered by the Underwriting Department.
- **Third-Party Payor:** The Company has experienced problems in terms of anti-choice, adverse claims experience and persistency on applications involving 'Third-Party Payors'. This is defined as a premium payor other than the primary insured, spouse, business, or business partner (regardless of the mode of payment). Examples of 'Third-Party Payors' include brothers, sisters, in-laws, parents, grandparents, aunts, uncles, and cousins when the proposed insured is age 30 or older. As a result of the issues related to this situation, we **DO NOT** accept Critical Life Benefits applications where a Third-Party Payor is involved, and the applicant is age 30 or older. We do accept such applications if the payor is a spouse, business, or business partner. If the proposed insured ranges from ages 0 to 29, we will allow a parent to pay the premiums, but please be advised that additional underwriting requirements, including a telephone interview, motor vehicle report, and criminal records check, will be involved for many of these applications; particularly for those applications where the proposed insured ranges from ages 25 to 29.

- **Applicants Re-applying for Coverage:** Underwriting will not process new applications if the proposed insured has had three policies with any of our companies which have lapsed, made not taken, surrendered, or canceled. This applies regardless of the plan(s) which have previously been written or who the writing agent may have been on the previous policies.

- **Request for Re-dates and/or Reinstatements:**

It is often easier and in your client's best interests to ask that a policy be re-dated or reinstated rather than completing a new application. Below are the Company guidelines to follow:

— **Re-date and Reinstatement Request*:**

- If the policy lapse has occurred 60 days after the policy date & within the first policy year:
 - A policy can be re-dated simply by sending an email request to our Client Experience Department at cx@aatx.com.
 - There is no other paperwork necessary.
 - * A policy re-date ONE time only.

— **Reinstatement Requests Only**:**

- If the policy lapse has occurred 60 days after the policy date & within the first policy year:
 - We require both a Statement of Health (Form No. 1110) & HIPAA (Form No. 9526) to be completed.
 - In addition, a new Bank Draft Authorization (Form No. 1963) for payments via bank draft. Or we would need the back premiums due for payments on direct bill.
 - Fax documents above to **Client Experience Department** at **(254) 297-2105**.
 - As an alternative, we will process a new application with 'Reinstatement' and the policy number wrote down at the top. Fax this request to **Client Experience Department** at **(254) 297-2105**.
 - If the policy lapse occurred more than one year after the policy date:
 - We require completion of a new application and faxed to the **New Business Department** at fax # **(254) 297-2100**.
 - Make sure to send a note with the application saying this is a 'Reinstatement' & indicate the original policy number.
- ** Upon request, we will review these case-by-case for consideration for a re-date & reinstate.

SPEED UP YOUR TURNAROUND TIME! Practice these simple guidelines

The Survivor Protector plan has specific underwriting standards we follow when considering applicants. For this plan, we generally consider applicants up to Table 4. However, if an applicant is considered high-risk or declinable by most underwriting standards, in that case, we request that they refrain from applying for this plan.

Before asking any health questions, stress the importance of providing truthful and complete answers. This includes disclosing any tobacco usage that may reflect in the client's medical records, the national prescription database, or MIB, LLC. It's important that all information provided is accurate so that we can provide the best options for your coverage.

Underwriters require additional details if the applicant answered **'YES'** to any health questions. Provide the age at onset, the name of all medications currently taken, the last reading, and how often the medical condition is checked. It is also crucial to know the name of the doctor treating the condition and the date of the client's last visit. By providing us with this information, our Underwriting department may expedite the processing time of the application and avoid further documentation requests such as medical records or an interview.

PRACTICE GOOD FIELD UNDERWRITING OR...

An agent with a history of sending applications with non-admitted medical information will likely receive special attention when the Underwriting Department reviews their applications. The Underwriting Department will request medical records on those applicants until they feel that the agent has corrected their field underwriting problems.

Refrain from poor field underwriting contributing to unnecessary delays in both the issuing of your business and the payment of your compensation.

Survivor Protector Medical Impairment Guide

Underwriters will try to evaluate the risk as quickly as possible, so the following factors are essential:

- **Good Field Underwriting** - Carefully ask all the application questions and accurately record the answers.
- **Client Honesty and Cooperation** - Underwriting relies heavily on the application; therefore, complete and thorough answers to the questions are necessary. Please stress this and prepare the proposed insured for an interview, if required based on age and face amount. The interview will be brief, pleasant, professionally managed, and recorded.

The Medical Impairment Guide is to assist you in determining a proposed insured's insurability. This guide is not all-inclusive, and state-specific applications may differ from the information provided. If you have any questions about medical conditions not listed here or how a medical condition may affect a state-specific application, don't hesitate to contact the Home Office for a risk assessment via our online chat or at riskassess@aatx.com. Underwriting reserves the right to decide based on all risk factors for a final decision.
