Customizable coverage

John Hancock's Protection Term life insurance can help you:

- **Enhance your loved ones' financial security** by providing an income tax-free benefit when they need it most
- **Meet changing needs** with robust options to convert to one of our permanent life insurance policies
- **Get recognized and rewarded** for small, everyday steps toward a longer, healthier life

Your life insurance policy contract will describe your coverage under the policy, exclusions and limitations, what you must do to keep your policy in force, and what would cause your policy to be discontinued. Please contact your licensed agent or John Hancock for more information, costs, and complete details on coverage in order to help you determine if the policy is suitable for your needs.

What can a term life insurance policy do for *you*?

Term is the most basic type of life insurance you can buy. It's called term insurance because it offers benefits that cover a specified period of time.

Are you single, engaged or married?

In the event of your untimely death, a term life insurance policy can help any loved ones you may be supporting, settle outstanding obligations, and continue to pay other expenses.

Do you have children?

With life insurance, you can gain the peace of mind your children will be provided for, helping them have the life you've dreamed of for them.

Do you own a house?

A term insurance benefit can pay down or pay off your mortgage, so your loved ones can continue to call their house home.

Guaranteed option to convert to permanent coverage³

John Hancock Vitality GO¹

At John Hancock, we believe in helping people live longer, healthier, better lives. With John Hancock Vitality GO, you'll have the chance to earn discounts and savings on fitness devices and healthy gear, as well as get free tips and content on how to live a healthy life.

Guaranteed coverage period

The death benefit you choose is level and guaranteed not to change for the duration of your policy.¹

1. Insurance policies and/or associated riders and features may not be available in all states. Some riders may have additional fees and expenses associated with them. Guaranteed product features are dependent upon minimum premium requirements and the claims-paying ability of the issuer.

2. 30-Year Term is not available in New York.

3. The available conversion period is the lesser of the end of the level term period or attainment of age 70. Conversion is limited to John Hancock policies offered to individual policy owners at the time of conversion. If the new policy includes a rider that is not in force on the term policy, evidence of insurability is required. For conversion to survivorship products, retention and certain underwriting considerations may apply. Unlike term insurance, variable universal life insurance has fluctuating returns and death benefits, and because variable universal life insurance policies offer investment options, there are investment fees in addition to the cost of maintaining an insurance policy. Please refer to your contract for details of your conversion provision.

Total Disability Waiver rider^{1,4}

If you are disabled for six months or more, this benefit — which you can add when your policy is issued — waives your annual premium up to \$5000 per month for the duration of your covered disability or for the duration of your policy.

Accelerated Benefit rider^{1,5}

You can broaden the protection of your term life insurance policy with this feature, which allows you to access up to 50% of the death benefit if you become terminally ill.

4. In the event of total disability, the Total Disability rider waives the premium up to a maximum of \$5,000 per month. Rider available to issue age 55. If disability occurs before age 60, premiums are waived until recovery or the termination of the contract, whichever is earlier. If disability occurs between ages 60 and 65, premiums are waived until the earliest of contract termination, recovery, or age 65. The cost for this rider is based on the insured's age at issue and the policy's face amount.

5. The Accelerated Benefit rider provides a living benefit if the insured is certified to be terminally ill. Benefits may be taxable under current tax law and receipt of benefits may affect eligibility for public assistance programs. Benefit is payable to the policy owner. Please consult your tax professional regarding the tax implications of benefits received under the Accelerated Benefit. This provision allows the insured to receive up to 50% of the death benefit of the contract, to a maximum of \$1 million. Policy death benefit will be reduced by the amount of the accelerate benefit payable, plus one year's interest. The interest rate charged is the policy loan interest rate. If the policy does not include a loan provision, the interest rate charged is determined monthly and is the variable loan interest rate on currently issued policies. Accelerated Death Benefit rider is required in New York.
