Policy Benefits

The following policy benefits are according to the policy as approved in most states. Benefits and provisions may vary by state. For complete details of coverage, please contact Assurity or review the policy. Some key differences are summarized in the State Specific Information section.

Total Disability Monthly Benefit (*also referred to as Base Policy Monthly Benefit*)

If the insured is totally disabled and the elimination period has been satisfied, this benefit will be paid. Benefits will continue while the insured is totally disabled or to the end of the maximum benefit period, whichever is first.

Total disability monthly benefits will be paid for only one of two or more concurrent disabilities. Also, a recurrent total disability is considered a new total disability only if it is separated from the ending date of the prior total disability by a period of one year or more where the insured is continuously employed on a full-time basis and not receiving any disability monthly benefits. A new total disability is subject to a new elimination period and starts a new benefit period. Any other recurrent total disability is considered a continuation of a prior total disability, not subject to a new elimination period or starting a new benefit period. (See *Definitions section*.)

Partial Disability Monthly Benefit

If the insured is partially disabled and has resumed part-time employment immediately following a period where they received total disability monthly benefits, this benefit will be paid. Benefits will continue until the insured is no longer partially disabled or to the end of the maximum benefit period, whichever is first, but no longer than six months. The partial disability monthly benefit is 50 percent of the base policy monthly benefit.

Presumptive Disability Benefit

If the insured is presumptively disabled, the total disability monthly benefit will be paid regardless of the insured's ability to work and whether or not they are under the care of a physician. The elimination period does not need to be satisfied for the insured to receive the benefit.

Home Modification Benefit

If the insured is totally disabled and has been receiving total disability monthly benefits for six consecutive months, the actual costs up to six times the base policy monthly benefit during their lifetime will be paid towards modification of their existing residence to accommodate their disability. Modifications must begin while the insured is totally disabled.

Survivor Benefit

If the insured dies while receiving total disability monthly benefits and has been receiving total disability monthly benefits for at least the prior 12 consecutive months, a lump sum of six times the base policy monthly benefit will be paid to the beneficiary(-ies).

Vocational Rehabilitation Benefit

If the insured is totally disabled and has been receiving total disability monthly benefits for six consecutive months, the actual costs of a vocational rehabilitation program may be paid, up to a maximum of six times the base policy monthly benefit during their lifetime. The program must be pre-approved by Assurity and provide instruction or training at an accredited college, university or vocational school that contributes to the insured's return to work. Participation is voluntary and may be at the insured's request or as suggested by Assurity.

Organ Donor Benefit

If the insured becomes disabled as the result of surgery for transplanting an organ or donating bone marrow, Assurity will pay policy and rider benefits on the same basis as any other sickness.

For benefits to be paid, the elimination period must be satisfied, and the donation must occur after this policy has been in force for six months or more from the issue date or last reinstatement date.

Waiver of Premium

Renewal premiums will be waived on the first premium due date after the insured has been totally disabled for the elimination period or 90 days, whichever is shorter. Any premiums paid during this period which became due after total disability started will be refunded.

Waiver of premium ends when the insured is no longer receiving disability monthly benefits. Premiums are not waived during a period of partial disability.

Optional Riders

(at additional cost)

The following rider descriptions are according to riders as approved in most states. Benefits and provisions may vary by state. For complete details of coverage, please contact Assurity or review the riders. Some key differences are summarized in the State Specific Information section.

Automatic Benefit Increase Rider

(Form Nos. R 10922 and R 11607 NY)

The Automatic Benefit Increase Rider increases the base policy monthly benefit by 5 percent of the original benefit each year for any benefits payable starting after the first year continuous benefits have been paid. Payments will continue to increase each year while payable under the policy until the base policy monthly benefit payment has increased to twice the original amount.

If the insured receives an increased benefit and then recovers, the benefit may be increased permanently with written request to Assurity within 90 days of recovery before attained age 60 and if employed full time. Premiums for the increased benefit will be based on the insured's attained age and Assurity's then-current rates.

Benefits will continue and premiums will be waived while the insured is catastrophically disabled or to the end of the catastrophic benefit period, whichever is first.

Catastrophic disability means the insured is totally disabled past the policy benefit period and:

- needs the presence of another person within arm's reach and/or physical assistance to perform two or more activities of daily living (ADLs), or is cognitively impaired;

(Form No. I R0721)

Issue Limitations: Not available with the Return of Premium Benefit Rider. Rider itself can be rated Table 1 (125 percent) or Table 2 (150 percent).

Benefits Payable in the Same Category: If an insured receives a percentage of the benefit amount for one specified critical illness within a category and then becomes eligible for benefits for another specified critical illness within the same category, the benefit amount payable for the subsequent illness within the same category is the lesser of the percentage amount payable or 100 percent minus the percentage of the benefit amount received for all previous specified critical illnesses within the same category.

After 100 percent of the benefit amount shown on the rider schedule has been paid to an insured person within a category in the chart above, Assurity will not pay any additional benefits for any specified critical illness in that category for that insured person.

Guaranteed Insurability Rider

(Form Nos. R 11601 and R 11609 NY)

The Guaranteed Insurability Rider gives the insured the option to increase their base policy monthly benefit by purchasing additional amounts of insurance. Additional amounts will have the same benefit period and elimination period as the policy. Increases do not require evidence of insurability and are based on the insured's current income and Assurity's issue and participation limits in effect on the option date. Premiums

for the additional insurance will be based on the insured's attained age and Assurity's then-current rates. The insured cannot exercise an option if disabled or receiving disability benefits.

There is no limit on the number of options exercised; however, the sum of all increases cannot exceed the total of the original base policy and SDIR monthly benefits. Increases must be requested in writing to Assurity during the option period – the 60 day period preceding the option date. Option dates are policy anniversaries starting two years after issue.

However, requests can be made prior to two years after issue and outside of the option period to accelerate the next available option date to an earlier date with proof of a life event received at Assurity within 45 days of the event. If acceleration is exercised, the next option date will not be available. Life events are any of the following: marriage, divorce, death of a spouse or child, birth or adoption of a child, loss of employer-paid group disability income coverage or an increase of monthly income of at least 25 percent from the last time coverage was purchased through the policy or this rider.

The Residual Disability Benefit Rider will pay a monthly benefit if the insured is residually disabled and the elimination period has been satisfied by any continuous period of total and/or residual disability. Any premiums paid during this period, which became due after total disability started, will be refunded.

Supplemental Disability Income Rider (also known as Social Insurance Substitute Rider in NY – differences summarized in the State Specific Information section)

(Form Nos. R 10929 and R 11724 NY)

The Supplemental Disability Income Rider (SDIR) will pay a monthly benefit less any social insurance benefits received, offset dollar for dollar, if the insured is totally disabled and the elimination period has been satisfied. Benefits will be paid until the insured is no longer totally disabled or to the end of the maximum benefit period, whichever is first. No benefits will be paid if social insurance benefits exceed the SDIR monthly benefit amount.

If the insured receives a lump-sum payment of social insurance benefits, Assurity will treat the lump sum as if it were paid over several months. The lump sum will be divided by the SDIR monthly benefit less monthly social insurance benefits received. The result will be the number of months future rider benefits will not be paid. If the monthly social insurance benefit received exceeds the SDIR monthly benefit, Assurity will not seek refund of past SDIR benefits received before the lump-sum payment.

Definitions

The following definitions apply to the policy and riders as approved in most states. Definitions may vary by state. For a list of all definitions, refer to the actual policy and riders. Some key differences are summarized in the State Specific Information section.

Activities of Daily Living (ADLs) *(as applies to Catastrophic Disability Benefit Rider only)*

Certain basic daily tasks necessary to maintain the insured's health and safety. For this rider, ADL refers to the activities described below:

- Bathing means washing oneself by sponge bath, or in either a tub or shower including the task of getting into or out of the tub or shower.
- Continence means the ability to maintain control of bowel and bladder function; or, when unable to maintain control of bowel or bladder function, the ability to perform associated personal hygiene (including caring for catheter or colostomy bag).
- Dressing means putting on and taking off all items of clothing and any necessary braces, fasteners or artificial limbs.
- Eating means feeding oneself by getting food into the body from a receptacle (such as a plate, cup or table) or by a feeding tube or intravenously.
- Toileting means getting to and from the toilet, transferring on and off the toilet, and performing associated personal hygiene.
- Transfer and mobility means the ability to move into or out of a bed, chair or wheelchair or to move from place to place, either via walking or using a wheelchair, cane, crutches, walker or other equipment.

Any Gainful Occupation

An occupation, which fits the insured by education, training or experience and replaces or is expected to replace 60 percent or more of their prior monthly income.

Cognitively Impaired *(as applies to Catastrophic Disability Benefit Rider only)*

Deterioration or loss of ability to think, perceive, reason or remember, which calls for another person's help or prompting to protect oneself or others. It is measured by clinical evidence and standardized tests approved by Assurity that reliably measure such impairment. The loss in mental capacity must be a result of a sickness or injury, including Alzheimer's disease, dementia and organic brain damage caused by an accident or head trauma.

Concurrent Disabilities

Disabilities caused by more than one injury or sickness, whether they are related or not.

Elimination Period

The number of consecutive days the insured must be totally disabled before they are eligible to receive the benefits.

Employed on a Full-Time Basis

Working for pay at least 30 hours per week.

Maximum Benefit Period

The maximum period of time any combination of total disability monthly benefits (base policy monthly benefits) and partial disability monthly benefits, if any, are paid.

Monthly Income

The insured's monthly gross income earned from their occupation including salary, wages, bonuses, commissions, fees and other pay for personal services.

If the insured is self-employed or owns a business, monthly income is their share of gross income earned by the business, plus any salary or draw from the business, minus their share of normal and customary business expenses specified as deductible for tax purposes.

Own Occupation

The occupation in which the insured is engaged at the time their disability begins.

If the insured is unemployed one year or less from the time their disability begins, own occupation will be the occupation in which they were engaged prior to becoming unemployed. If they have been unemployed for more than one year, own occupation will be an occupation which fits them by education, training or experience.

Partial Disability

A degree of disability due to a sickness or injury which:

- starts while this policy is in force;
- requires a physician's care unless the insured's physician certifies they have reached the maximum point of recovery;
- for the first two years after the elimination period, keeps the insured from doing one or more, but not all, of the substantial and material duties of their own occupation or results in the loss of 25 percent or more of the time spent by them in the usual daily performance of the duties of their own occupation; and
- after total disability and any partial disability benefits have been paid for two years, keeps the insured from doing one or more, but not all, of the substantial and material duties of any gainful occupation or results in the loss of 25 percent or more of the time spent by them in the usual daily performance of the duties of any gainful occupation.

Pre-existing Condition

A sickness or physical condition for which, during the two years before the issue date, the insured:

- had symptoms which would cause an ordinary prudent person to seek diagnosis, care or treatment; or
- received medical consultation, advice or treatment from a physician or had taken prescribed medication.

Presumptively Disabled

The insured's permanent and irrevocable loss, because of their injury or sickness, of one of the following: speech, hearing in both ears, sight in both eyes, use of both feet, use of both hands, or use of one hand and one foot.

Permanent and irrevocable loss of sight means both of the insured's eyes measure at or below 20/200 after reasonable effort has been made to correct their vision using the most advanced medically acceptable procedures and devices available. Permanent and irrevocable loss of hearing means hearing in both ears cannot be restored by hearing aids. The insured will be considered totally disabled if they are presumptively disabled.

Prior Monthly Income

The greater of:

- the insured's average monthly income for the one-year period immediately prior to their disability; or
- the insured's average monthly income for the calendar year with the highest earnings of the last two calendar years prior to their disability

Recurrent Total Disability

A situation in which the insured becomes totally disabled, ceases to be totally disabled and then becomes totally disabled again from the same or related sickness or injury. The latter total disability will be considered a recurrent total disability.

Residual Disability (as applies to Residual Disability Benefit Rider only)

A degree of disability due to sickness or injury which:

- starts while this rider is in force;
- requires a physician's care unless the insured's physician certifies they have reached the maximum point of recovery;
- results in the insured's loss of at least 20 percent of their prior monthly income;
- for the first two years after the elimination period, keeps the insured from doing one or more, but not all, of the substantial and material duties of their own occupation; and
- after benefits have been paid for two years, keeps the insured from doing one or more, but not all, of the substantial and material duties of any gainful occupation.

If the insured is totally disabled, they are not residually disabled.

Total Disability

A disability due to sickness or injury which:

- starts while this policy is in force;
- requires a physician's care unless the insured's physician certifies they have reached the maximum point of recovery;
- for the first two years after the elimination period, keeps the insured from doing all the substantial and material duties of their own occupation; and
- after benefits have been paid for two years, keeps the insured from doing all the substantial and material duties of any gainful occupation.

If the insured is able to perform one or more of the substantial and material duties of their own occupation for the first two years after the elimination period, or of any gainful occupation after benefits have been paid for two years, they are not totally disabled.

Limitations and Exclusions

The following limitations and exclusions apply to the policy as approved in most states. Limitations and exclusions may vary by state. For a list of all limitations and exclusions, refer to the actual policy. Some key differences are summarized in the State Specific Information section.

Limitations

Foreign Travel and Residency

Assurity will pay up to a maximum of three disability monthly benefits for any disability sustained or continued outside the United States or Canada.

Mental/Nervous Disorders; Substance Abuse

Assurity will pay up to a maximum of 24 disability monthly benefits during the insured's lifetime for disabilities due to mental/nervous disorders and substance abuse.

Pre-existing Condition

If the insured's disability is within two years from the issue date and is due to a pre-existing condition, no benefits will be paid unless the condition was disclosed and not misrepresented on the application and is not excluded by a policy amendment rider.

A pre-existing condition is a sickness or physical condition for which, during the two years before the issue date, the insured:

- had symptoms which would cause an ordinary prudent person to seek diagnosis, care or treatment; or
- received medical consultation, advice or treatment from a physician or had taken prescribed medication.

Exclusions

Assurity will not pay benefits for conditions that are caused by or the result of the insured:

- being pregnant, experiencing childbirth or having an elective abortion (complication of pregnancy is deemed to be a sickness);
- losing an occupational or professional license or certification;
- being exposed to war or any act of war, declared or undeclared;
- engaging in an illegal occupation;
- participating in or attempting to commit a felony;
- intentionally self-inflicting a sickness or injury;
- committing or attempting to commit suicide, while sane or insane;
- being incarcerated or is caused while incarcerated in a penal institution or government detention facility;
- being intoxicated (as determined by the laws governing the operation of motor vehicles in the jurisdiction where the disability occurs) or under the influence of an illegal substance or a narcotic (except for narcotics used as prescribed to the insured by a physician); or
- actively serving in any of the armed forces, or units auxiliary thereto, including the National Guard or Reserves, except during the active duty training of less than 60 days.

Administrative Guidelines

Premium Payment

What are acceptable methods of payment? Assurity accepts payments for initial and renewal premiums using the following methods: automatic bank withdrawal, personal checks, money orders and cashier checks in amounts below \$200 per month per policy, cashier's checks in amounts above \$10,000 and credit/debit cards when electronic applications are used. Credit/debit cards are only accepted for renewal premiums with paper applications. Please use one of these methods so that payment is credited to your policy in a timely manner.

How can premiums be paid by automatic bank withdrawal? Premiums may be deducted from the policyowner's bank account by selecting this option on the application (including information provided on the Field Underwriter's Statement) and by completing and returning an Automatic Bank Payment form. This form is available on AssureLINK or by contacting Customer Connections, as detailed in the About Assurity section. The same form may be used to change the bank account.

Automatic bank withdrawal premium payments may be drafted on any day between the 1st to the 28th of each month. If an automatic bank withdrawal payment is returned or declined, Assurity will notify the policyowner and send a copy of the notification to the agent. If a remittance is not received prior to the expiration of the grace period, lapse/non-forfeiture processing will be initiated.

How can premiums be paid by credit card? Assurity accepts credit and debit card payments for initial and recurring premium payments when electronic applications are used. We accept VISA, MasterCard and Discover credit/debit cards. The credit/debit card payment option for initial payment is not available with paper applications. However, after a policy has been issued, the customer can change the payment method to recurring credit/debit card by contacting Customer Connections, as detailed in the About Assurity section. Available dates for recurring payments are on any day between the 1st to the 28th of each month. Customers also have the option of paying the premium by automatic bank withdrawal.

How are subsequent premiums billed? For policies on direct billing, the original premium notice is mailed 20 days prior to the due date. If unpaid, a reminder notice is mailed five days after the due date.

When will coverage lapse if premiums are not paid? Premiums must be paid on or before the due date or during the 31-day grace period that follows the due date. The policy stays in force during this time. If a remittance is still not received at the end of the 31-day grace period, lapse/non-forfeiture processing will be initiated. The grace period does not apply if the insured requests termination of the policy.

How can a "list bill" be set up? Premiums may be billed to the policyowner's place of employment in a "list bill" by selecting this option on the application (including information provided on the Field Underwriter's Statement) and by having the employer complete an Authorization for List Bill. Available premium modes for list bill are monthly, quarterly, semi-annual and annual. The initial premium must be remitted with the application. If you have any questions about setting up a list bill, contact Customer Connections, as detailed in the About Assurity section.

Coverage Information

Duplicate Policies

A duplicate policy is available upon receipt of the owner's signed request. A \$20 fee may apply for subsequent requests.

Coverage Changes

Increasing or Changing Coverage

The following coverage changes require a new application:

- increasing the base policy monthly benefit,
- increasing the SDIR monthly benefit,
- increasing the benefit period,
- decreasing the elimination period, or
- upgrading occupation class.

There are two methods for increasing the monthly benefit for an in-force disability income policy:

1. Complete an application for the amount of the increase in monthly benefits desired, and make arrangements for any necessary medical requirements. When the application is approved, the new policy will be issued for the amount of increase approved. The insured will then have two disability income policies in force with Assurity.

OR

2. Complete an application for the total amount of monthly benefit desired, including the increase. Indicate on the application that the new policy will replace an in-force policy. Return the in-force policy to Assurity with the application, and make arrangements for any necessary medical requirements.

When the application is approved, the new policy will be issued for the total amount of monthly benefit approved as of the current date. The in-force policy will be terminated. The incontestable period for the new policy will be two years from this issue date. Commissions will be adjusted according to our normal replacement rules.

NOTE: Replacement forms are required in some states. (See *General Underwriting Guidelines* section of the *Underwriting Guide*.)

Decreasing Coverage

The following coverage changes are allowed by contacting Assurity:

- decreasing the base policy monthly benefit,
- decreasing the SDIR monthly benefit,
- decreasing the benefit period, or
- increasing the elimination period.

These changes require either a written request to Assurity or completion of page 1 of the Application for Changes to Health Policy form, available on AssureLINK as detailed in the Forms section. The written request must be signed, dated, and indicate the change desired. When the request is approved, an endorsement detailing the changes will be sent to the policyowner to be filed with the policy.

Change of Beneficiary

The beneficiary of an in-force policy may be changed while the insured is alive by completing and returning a Change of Beneficiary Designation form. This form is available on AssureLINK or by contacting Customer Connections, as detailed in the About Assurity section. Return of the policy is not required.

Assignments

The policyowner may transfer, or assign, some or all of the policy rights to another person or organization by completing and returning a Collateral Assignment of Disability Income Policy form. This form is available on AssureLINK or by contacting Customer Connections, as detailed in the About Assurity section. The form is returned to the assignee and a copy retained by Assurity.

Reinstatement of a Lapsed Policy

If the policy lapses due to nonpayment of renewal premium, the insured may apply for reinstatement up to one year from the date of lapse. The following must be provided to Assurity's administrative office:

- a completed Application for Reinstatement form, available on AssureLINK or by contacting Customer Connections, as detailed in the About Assurity section, and
- a signed medical authorization.

If the application for reinstatement is approved pending payment of required premium, Assurity will notify the insured of the premium needed to reinstate the policy. Once payment is received, the policy will be reinstated on the reinstatement date – the date Assurity has both approved the application and received the premium due. Additional reinstatement procedures will be determined by the policy language approved in each specific state.

Why Assurity?

At Assurity, we're working hard to make the business of insurance simple – more human – by listening, showing that we care and offering customers invaluable insurance products and financial protection. More than a business with a bottom line, we're a mutual organization whose mission is helping people through difficult times. By dedicating ourselves to the community, the environment and using our business as a force for good, we're able to take the long view when it comes to upholding our promises. Assurity is also the first major life and specialty health insurer to become a Certified B Corporation®, demonstrating we meet the rigorous standards of social and environmental responsibility.
