Dear Jack,

Did you know you can receive a \$100 credit toward your next Mutual of Omaha-affiliated Medicare supplement premium payment, while helping manage future premium rate increases?

The Hospital Choice Savings® Program — Offered by Mutual of Omaha and the USA Senior Care Network

Consumers make choices every day on how to save money. We want to remind you that you have the power to choose and save money by selecting a hospital that participates in the Hospital Choice Savings program.

When you require an inpatient stay and select a hospital that participates in the Hospital Choice Savings program, you'll receive a premium credit when you pay your Medicare supplement insurance premium as usual on the next renewal date. These hospitals work with Mutual of Omaha and its affiliates to keep costs down, which helps keep premium rate increases down in the future.

You're eligible for this credit when:

- You're hospitalized in a network hospital
- Your stay is classified as inpatient
- You haven't been hospitalized in the last 60 days

Your nearest participating hospital:

*Additional participating hospitals can be viewed online at: usascn.com/mooic.

This service doesn't change any provisions of your Omaha Insurance Company policy. You always have the freedom to choose to receive services from any hospital that accepts Medicare assignment. If you choose a Hospital Choice Savings participating facility, you may help yourself and other policyholders lower the costs of future Medicare supplement premium increases.
