### **Annuity Pre-Suitability form**

#### For use when Lincoln conducts the suitability review

Lincoln has recently updated the Annuity Pre-Suitability form (Form AN11831); this form is now available from the Lincoln Forms Tool. This one-page form contains some of the most relevant questions from the full Suitability Form, including questions that trigger the highest rate of NIGOs.

The Annuity Pre-Suitability form is not intended to be used in place of the full Annuity Suitability Form. If the prereview is cleared for submission, a full version of the appropriate form is expected to be completed, signed and dated by the client and submitted for review. Suitability approval is based upon the completed full Suitability Form (Form AN07091).

The Pre-Suitability form is another way Lincoln strives to reduce NIGOs and streamline the New Business process.

# **Online Contact Information Changes**

#### The newest feature available in financial professionals' Lincoln online accounts

Lincoln Financial is excited to announce that life insurance and annuity financial professionals can now update their contact information in their online account instead of using a paper form.

The Producer Information Change Form (which allows you to update your name, business address, home address, phone number, email address, and more) can now be completed from the comfort of anywhere with just a few clicks — no need to print, fax, or mail anything!

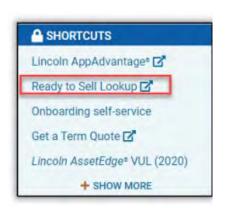

#### What You Need to Know

- This feature is only available for financial professionals and principals; it is not available for back-office users.
- This feature only updates the information in Lincoln's systems, not the information displayed on your online account.
- To utilize this feature, users must have or create a LincolnFinancial.com account.

#### How to Access

- 1. To make contact information changes, the user will need to register or log into their online account at LincolnFinancial.com.
- 2. Once logged in, those with access can open the Ready to Sell Lookup tool from the shortcuts menu on the right-hand side of the homepage.
- 3. From there, the user will be directed to a landing page where they will select Producer Information Changes from the options listed.

Nink arts: Haddara	How can we help you?		н ( <u>Ф</u> )
	Producer Orbanistry	Biady to Self Cherr	Producer information Charges

- 4. The user will then be directed to an electronic version of the Producer Information Change Form.
- 5. The basic information at the top is required. If the information is not filled in, it will not allow the user to submit any changes.
- 6. Next, fill out only the section of the form (or the entire form if needed) with the new information that needs to be changed (filling out previous information is optional).
- 7. When finished, click Submit in the bottom right-hand corner.

# Reminder: For annuities sold to New York residents

If the owner/applicant indicates he/she is a resident of New York and any portion of the solicitation, application process or delivery occurs in New York, the application submitted must be a Lincoln Life & Annuity Company of New York (LLANY) form for a product approved in New York. If the New York resident has a legitimate reason to situs the contract outside New York (other than to obtain insurance), a contract may be issued by The Lincoln National Life Insurance Company (LNL) in the other state so long as no part of the solicitation, application process, signature or contract delivery occurs in New York.

#### Important Note

- Under no circumstances will an application be processed if an agent states any of the following:
  - That the application was taken in a different state because he/she was not licensed where the owner or annuitant lived or resided.

Correspondence & statements

- The product was not available where the owner or annuitant lived or resided.
- The agent wants to avoid certain regulatory requirements, e.g., New York Regulation 60.
- If such statements are made, then the agent will be notified that the application will be withdrawn.

# 1099-R information – 2023 tax forms mailed and are available online

Lincoln receives many client calls for forms during tax season

The most common reasons a client might receive a 1099-R include:

- Taking a distribution from their annuity contract (1099-R Box 7, Distribution Code 1, 2 or 7);
- 1035 exchanges (1099-R Box 7, Distribution Code 6); or
- A direct rollover (1099-R Box 7, Distribution Code G).

Available online – Clients can also access their tax forms under the Correspondence & statements section of the online account management tools.

**For questions** – Contact the Lincoln Call Center or check out our <u>tax form information page</u>. For more information on the form itself, go to <u>www.irs.gov</u> and view the instructions for 1099-R.

# NAIC Annuity Transactions Model Reg – training required

#### Many states now require additional training; other states anticipated to follow

The NAIC has amended the Annuity Transactions Model Regulation to align with the best interest standard of care for annuity sales. As part of this Model Regulation, producers will need to complete additional training. Refer to the Frequently Asked Questions document found by logging in to <u>LINCOLNFINANCIAL.COM</u> > GUIDELINES AND EDUCATION > COMPLIANCE GUIDELINES for more information.

#### Producer training requirements for states who have adopted this NAIC Model

- New annuity producers are required to complete a four-credit training course that covers the new requirements.
- Existing producers who have previously completed a four-credit training are required to complete a new one-credit training course (a new four-credit course will also meet the requirement). Completion of this training is required within six months after the effective date of the Model Regulation in each state.
- All producers: Product-specific training will continue to be a requirement for new and existing producers prior to solicitation of an annuity product.

Note: Where Lincoln is conducting the suitability review, the ACORD 660 form or "Appendix A", ("Insurance Agent (Producer) Disclosure For Annuities") is required with the application in states that have adopted the new NAIC Model Regulation. If this form is missing from applications received after the effective date of that state's adoption, the business will be deemed not in good order (NIGO).

#### Recent state adoptions - Indiana, New Hampshire

The following states have recently adopted the revised NAIC Suitability in Annuity Transactions Model Regulation. Producers soliciting annuities in these states will need to complete the general annuity and product-specific training by the deadlines shown. State-specific requirements follow:
