SIMPLIFIED UNDERWRITING

Eligibility for coverage is based on a simplified 'YES/NO' application, a telephone interview (when required), liberal height and weight chart, and a check with the Medical Information Bureau (MIB, LLC.) and pharmaceutical related facility. Check the build chart in this guide to determine which plan of coverage the proposed insured will qualify for based on their build.

NOTE: Underwriting reserves the right to request medical records as they deem necessary. A Motor Vehicle Report (MVR) will be ordered when applying for Accidental Death Benefit Agreement (ADB).

TELEPHONE INTERVIEW

A telephone interview for a Third-Party Payor (Issue Ages 25 to 29) will be started by the Home Office only (cannot be completed at point-of-sale). In addition, we will not accept an application on a proposed insured with an issue age between 30-49 if a Third-Party Payor is involved.

Replacement of Existing Insurance:

Agents must provide great care and attention when making any decision to replace an existing policy. You have a responsibility to make sure that your client has all the necessary facts (advantages & disadvantages) to determine if the replacement is in his/her best interest. Do not request a replacement (both external & internal) if it is not in your client's best interest, both short and long term. For a list of factors to consider before recommending a replacement & other guidelines, please refer to the Company's 'Compliance Guidelines' manual found on our website. The Company reviews applications involving replacement sales daily. If the Company notices a trend of multiple replacements or a pattern of improper replacements, we may take disciplinary action to including termination of an agent's contract.

All changes must be crossed out and initialed by proposed insured:

No white outs or erasures on the application.

Application Date / Requested Policy Date:

Application date should always be the date the proposed insured answered the medical questions and signed the application. The **Requested Policy Date** cannot be more than **30 days out from the date the application was signed.**

Initial Premium:

Submit the first full modal premium with the application, unless the initial premium is bank draft. The first premium can be submitted in the form of applicant's personal check, eCheck, or bank draft for first premium. See the eCheck procedures described in this guide.

Re-Writes on Same Insured:

If a second application is written on the same individual (1) within six months of the first policy being issued or (2) which increases the face amount to the maximum allowable for that age, medical records will be ordered by the Underwriting Department.

Applications on Juveniles (Issue Ages 0-17):

- All children within the family are required insured equally.
- We do not insure juveniles for more than their parents or legal guardians. Parents/Legal Guardians must have life coverage in force when applying for coverage on children.
- Juvenile questionnaires (Form No. 9825) are to be sent with the applications.

Third-Party Payor:

The Company has experienced problems in terms of anti-choice, adverse claims experience and persistency on applications involving 'Third-Party Payors'. This is defined as a premium payor other than the primary insured, spouse, business, or business partner (regardless of the mode of payment). Examples of 'Third-Party Payors' include brothers, sisters, in-laws, parents, grandparents, aunts, uncles, and cousins when the proposed insured is age 30 or older. As a result of the issues related to this situation, we DO NOT accept Family Solution applications where a Third-Party Payor is involved, and the applicant is age 30 or older. We do accept such applications if the payor is a spouse, business, or business partner. If the proposed insured ranges from ages 0 to 29, we will allow a parent to pay the premiums, but please be advised that additional underwriting requirements, including a telephone interview, motor vehicle report, and criminal records check, will be involved for many of these applications; particularly for those applications where the proposed insured ranges from ages 25 to 29.

Applicants Re-applying for Coverage:

Underwriting will not process new applications if the proposed insured has had three policies with any of our companies which have lapsed, made not taken, surrendered, or canceled. This applies regardless of the plan(s) which have previously been written or who the writing agent may have been on the previous policies.

Request for Re-dates and/or Reinstatements:

- It is often easier and in the best interests of your clients to request that a policy be re-dated or reinstated rather than completing a new application. Below are the Company guidelines to follow:

Re-date and Reinstate Request:**

If the policy lapse has occurred 60 days after the policy date & within the first policy year:

- A policy can be re-dated simply by sending an email request to our **Client Experience Department** at cx@aatx.com.
- There is no additional paperwork necessary.

* A policy can be re-dated **ONE** time only.

Reinstatement Requests Only:**

- If the policy lapse has occurred 60 days after the policy date & within the first policy year:
 - We require both a Statement of Health (Form No. 1110) & HIPAA (Form No. 9526) to be completed.
 - In addition, a new Bank Draft Authorization (Form No. 1963) for payments via bank draft. Or we would need the back premiums due for payments on direct bill.
 - Fax documents above to **Client Experience Department** at **(254) 297-2105**.
 - As an alternative, we will process a new application with 'Reinstate' and the policy number wrote down at the top. Fax this request to **Client Experience Department** at **(254) 297-2105**.
 - If the policy lapse occurred more than one year after the policy date:
 - We require completion of a new application and faxed to the **New Business Department** at **(254) 297-2100**.
 - Make sure to send a note with the application saying this is a 'Reinstatement' & indicate the original policy number.
- ** Upon request, we will review these case-by-case for consideration for a re-date & reinstate.

However, Underwriting reserves the right to use discretion concerning appropriate build for age as well as the height and weight limits for such proposed insured.

FAMILY SOLUTION: Field Underwriting Hints

Underwriters will try to evaluate the risk as quickly as possible, so the following factors are essential:

- Good Field Underwriting – Carefully ask all the application questions and accurately record the answers.
- Client Honesty and Cooperation – Underwriting relies heavily on the application; therefore, complete, and thorough answers to the questions are necessary. Please stress this and prepare the proposed insured for the interview (when required). The interview will be brief, pleasant, professionally managed, and recorded.

SPEED UP YOUR TURNAROUND TIME!

Practice these simple guidelines...

BEFORE asking any health questions stress the importance for 'truthful and complete' answers, including tobacco usage that will 'match' information already in the applicant's medical records, national prescription database, and MIB, LLC.

Providing COMPLETE INFORMATION on the application REDUCES the need to order medical records and speeds up issue time!

PRACTICE GOOD FIELD UNDERWRITING OR...

An agent with a history of sending applications with non-admitted medical information will likely receive special attention when the Underwriting Department reviews their applications. The Underwriting Department will request medical records on those applicants until they feel that the agent has corrected their field underwriting problems.

Refrain from poor field underwriting contributing to unnecessary delays in both the issuing of your business and the payment of your compensation.

BANK DRAFT PROCEDURES

Draft First Premium Once Policy is Approved:

- 1) Complete the **Preauthorization Check Plan** fields found at the bottom of the back of the application. Please specify a **Requested Draft Day** if desired. **If the applicant provides the Requested Draft Day and wants a draft on a specific day, supply that date in the Policy Date field (mm/dd/yy).**
 - (a) Drafts cannot occur more than 30 days after the date the application was signed.
 - (b) Drafts cannot be on the 29th, 30th, or 31st of the month.
 - (c) Drafts cannot occur more than 10 days into the grace period.
- 2) A copy of a voided check or deposit slip must accompany the application. If one is not available or if they have a bank account, but only use a debit card, then you must also submit a Bank Account Verification (Form 9903). (If a debit card is used, locate a bank statement to obtain the actual account number and not the number of the debit card.)

Immediate Draft for Cash with Application (CWA) using eCheck:

- 1) In addition to items 1 & 2 above, complete the eCheck Authorization (the eCheck Bank Draft Authorization Section of Form 9903). Using this form, the Company will draft the first premium upon receipt of the application.
- 2) When the application is approved, the premium will be applied. Future drafts will occur on the next due date and the Requested Draft Day (if provided).

OPTION FOR DRAFTS TO COINCIDE WITH RECEIPT OF SOCIAL SECURITY PAYMENTS

Most people today are receiving their Social Security payments on either the 1st or 3rd of the month or the 2nd, 3rd, or 4th Wednesday. If you have clients receiving their payments under this scenario and they would like to have their premiums draft on these same dates, please follow the instructions below:

- On the '**Requested Draft Day**' line of the '**PREAUTHORIZATION CHECK PLAN**' on the back page of the application, you will need to list one of the indicators below:
 - '**1S**' – if payments are received on the 1st of the month.
 - '**3S**' – if payments are received on the 3rd of the month.
 - '**2W**' – if payments are received on the 2nd Wednesday of the month.
 - '**3W**' – if payments are received on the 3rd Wednesday of the month.
 - '**4W**' – if payments are received on the 4th Wednesday of the month.
- The '**Policy Date Request**' field on the front of the application should not be completed as the actual Policy Date will be assigned by the Home Office once the application is received.

When you follow the steps provided above at point-of-sale, our office will have the necessary information needed to process the premium draft to coincide with your client's Social Security payment schedule. The procedure is just that simple. Complete the rest of the application paperwork in the normal fashion. Also, you still have the choice of requesting immediate drafts for CWA; follow the routine procedures.
