## General Information

*Lincoln LifeElements*® Level Term (2019) is term insurance with level premium periods of 10, 15, 20, or 30 years. Coverage is to age 95.

### Billing Methods

There are three methods of billing available for *Lincoln LifeElements*® Level Term (2019) as follows:

<b>Direct Bill</b>	Available for Annual and Semi-annual modes.
<b>Electronic Funds Transfer (EFT)</b>	Available for Annual, Semi-annual, Quarterly and Monthly modes.
<b>List Bill</b>	Available for Annual, Semi-annual, Quarterly and Monthly modes.
<b>Government Allotment</b>	Available on Monthly mode only.

### Modal Factors

The total yearly premium paid is higher if non-annual modal premium payments are made by the policyholder. The Modal Factor is the additional charge for paying premiums more frequently than annual.

<b>Mode:</b>	<b>Modal Factors:</b>
Annual	1.000
Semi-Annual	0.515
Quarterly	0.262
Monthly	0.086

### Automatic Face Amount Decreases

There will be an automatic face amount decrease at the end of the level term period. The gross premium payable in most cases will continue to be the same level premium for three years following the level term period (though the face amount will have reduced), after which premiums will increase annually to age 95. This feature is to assist in avoiding sticker-shock from a substantial increase in premiums that typically happens at the end of the level term period.

### Reinstatement

A policy that has lapsed may be reinstated during the lifetime of the insured if reinstated within five years of the due date of the unpaid premium, subject to the following conditions:

- If within 15 days after the end of the grace period (46 days after the due date of the premium), the policy may be reinstated by payment of the overdue premium.
- If after 15 days after the end of the grace period, reinstatement is subject to:
  - a. Satisfactory evidence of insurability, and
  - b. Payment of all overdue premiums, and interest on all overdue premiums from the due date of each premium. Interest rate varies by the state of issue.

## Policy Changes

Face amount (Death Benefit) increases are not allowed after issue. Face amount (Death Benefit) decreases are allowed once per year after the third policy year. If the remaining amount is in a different band, rates will be based on the new band. The face amount may **not** be reduced below the minimum face amount limit.

## Conversion Provision

## Conversion Products

During policy years 1-7, the conversion may be to any single life permanent life plan offered for sale by Lincoln at the time of conversion, subject to the following conditions:

- You cannot convert to a policy without surrender charges, or with riders and/or benefits that waive surrender charges or that enhance Surrender Values, or a policy that includes riders and/or benefits that provide optional long-term care coverage;
- The policy to which you convert must be one that would otherwise require full underwriting, cannot be a policy that is primarily sold as part of a corporate-owned or corporate sponsored program or benefit plan and must be a policy that Lincoln makes generally available and which Lincoln otherwise distributes through licensed agents.
