Attractive term conversion options available

Your clients have differing needs for term conversion, and we offer options.

No conversion. The nonconvertible policy has no conversion rights and offers the lowest-cost premium available.

Limited conversion period. The convertible policy offers conversion for a portion of the level term period or until the policy anniversary nearest the insured's attained age 70, whichever is earlier:

10YT: First seven policy years

15YT: First 12 policy years

20YT: First 15 policy years

30YT: First 20 policy years

Full level term conversion. The convertible policy with Conversion Extension rider extends the option to convert to the earlier of completion of the level term period or the insured's attained age 70.
