# HOW WE STACK UP TO THE COMPETITION

# Three Ways Mutual of Omaha Comes Out on Top

When it comes to finding the right long-term care solution for a client, you have more options than ever. Here are three things we think will put Mutual of Omaha's LTCi at the top of your list.

1

## Commitment to Traditional LTCi

When it comes to planning for long-term care, today's consumers have more choices than ever before. While non-traditional funding options may work for some people, we believe a traditional LTCi policy remains the best solution for many clients.

- It can be less expensive and provide better leverage than other funding options, making it the best value.
- Coverage is more comprehensive compared to other funding vehicles.
- Benefits, like a built-in cash option, provide greater flexibility throughout the progression of care.

## Training and Support

We're laser-focused on helping you understand the features that set our products apart from the competition. And we provide a variety of training materials so you're prepared to discuss these important differences with your clients.

### Cash Benefit

### Monthly Benefit

### Calendar-Day Elimination Period

Our policies include a calendar-day elimination period that allows people to access the benefits of their policy sooner.

### Inflation Protection

Our policies offer a variety of inflation protection options that allow policy benefits to grow to keep pace with the rising cost of LTC services

## Strength and Experience

After over a century in the insurance industry, Mutual of Omaha remains strong, stable, financially secure and well-positioned to pay policyholders' claims now and in the future.
