Simple **SUBMIT** *e-app*

Will it Work With My Device?

Wondering if your device will work with North American's SimpleSubmit®? Here is a quick reference guide to help you find out:

Which Device Do You Use?

SimpleSubmit will generally work on most of today's popular devices if the operating system is kept up-to-date. Here are some devices that are NOT supported:

- Android™ Devices that do not use a supported browser or operating system
- Kindle Fire™
- eReader Devices
- Mobile Phones will have limited capabilities, the signature feature as well as illustration PDFs are not available.

Which Operating System Are You On?

Regardless of your device, the operating system can play an important role in whether or not SimpleSubmit will function and display properly on that device. Here are the operating systems that are supported:

- Windows 7
    - Home
    - Professional
    - Ultimate
- Windows 8 & 8.1
    - Professional
- Windows 10 (Default Browser must be a supported browser)
    - Professional

Which Browser Do You Use?

Lastly, you will want to be using a device with a supported browser installed if you want to get full use out of SimpleSubmit. Here is a list of browsers that are supported:

- Microsoft Internet Explorer® (9, 10,11 & Edge)
- Firefox® (Windows ONLY)
- Apple® Safari® (for Mac® and iPad®)
- Google Chrome (for Windows)
